

year in the same department and I never saw Mr. Frank speak to Mary Phagan or Mary Phagan speak to Mr. Frank. When Mr. Frank came through the metal department he never spoke to any of the girls; just went through and looked around. The three times Mr. Frank spoke to me were as follows. He was showing a man around and I was laying on my arm mighty near asleep and he says you can run this machine asleep can't you, and I said, "Yes, sir." Then another time I asked him for a quarter and he loaned me a quarter. The next time I met him on the street he tipped his hat to me. Mr. Frank knew my face or he wouldn't have spoken to me on the street. The floor in the metal department is awful dirty. The white stuff that they use back there gets all over the floors. Mr. Darley is General Manager and Foreman who employes the help. Mary Phagan's hair was darker than mine. She weighed about 115 pounds. Some times we sit over at the machine and comb our hair and some times when I want to curl my hair with a poker or anything, I go over there to the table right by the window and light the gas and curl my hair. Magnolic Kennedy's hair is nearly the color of Mary Phagan's. ~~Schiff paid off on Friday, April 25th.~~ The pay is given employes from a window in the packing department. There is paint in the polishing room, just across from the dressing room. The door of the polishing room is a few feet across from the dressing room. No paint is kept in the metal room. I have seen drops of paint on the floor. I have seen it leading from the door straight across from the dressing room out to the cooler where the women come out to get water. The floor all over the factory is dirty and greasy. And after two or three days you can't hardly tell what is on the floor after it gets mixed with the dirt and dust.
