

20056

The employees used the back ~~staircase~~ stairs leading from the metal room to the third floor. You can hear the elevator running if the machinery is not running. It makes a roaring noise and you can hear it on any floor. The motor makes a noise, and you can see the wheels moving on the fourth floor. I know Jim Conley's general character for truth and veracity, it is bad. I would not believe him on oath. I wouldn't believe him on oath, because him and his whole family lied to me.

CROSS EXAMINATION. I never associated with Jim. No. I aint a high class nigger, but I am a differnet grade from him. He had three or four watches and I bought one and I made him show me a receipt marked paid in full, and he sold me the watch and after that they come and got him to put him in jail about it, and then his whole family came and said if I would give the watch back, that they would pay the debt, and I gave the watch back and after they had released him, the family just said they done that to get the watch and they were done with it, and there wasn't any way for me to get it, but he swore to me it was paid for in full. I haven't heard anything else said against him. I never paid any special attention to the elevator during business hour, but you could hear it all the time when the factory wasn't running. It didn't shake the building. You could hear the elevator when the wind blows. You could hear the elevator if the machinery wasn't running even if they are hammering/

REDIRECT EXAMINATION. I haven't missed a single day in five years, that I have been working with the factory. Yes, I say that Jim Conley forged a receipt on me for a watch. I let him have \$4.50 on it, and I never got my money back.

DAISY HOPKINS, Sworn for the defendant.

I am a married woman. I worked in the factory from Oct. 1911 to June 1st, 1912. I worked in the packing department on the second floor. Mr. Frank never spoke to me when he would pass. I never did speak to him. I've never been in his office drinking beer, Coco-cola, or anything else. I know Dalton when I see him. I never visted the factory with him, I never have been with him until I went to his
