

GROUND 9

Also with reference to Ground 9, the State respectfully refers the Court to the affidavit of Mrs. Carrie Smith, and the affidavit of Mrs. Nash, nee Griffin, ~~full set out in this answer~~ ^{read} under Ground 8.

With reference to this Ground 9, as is insisted by the State with reference to all of the grounds contained in this motion, it is submitted that the same does not present extraordinary situations such as are contemplated by the law, and could not possibly, in any view of the case, be reasonably expected to produce a different result to that which has been obtained, namely, the verdict of guilty.
