these boxes would only remain a short time to go out as they were needed in shipping and to be so arranged and stacked regularly as not to prevent the cleaning of the basement of paper, trash or other combustible material. I can be positive that the basement of the National Pencil Factory was cleaned of trash, paper and other combustible material between January 1, 1913, and April 26, 1913, and I can also be positive that the basement of the factory was not allowed to have stored therein papers. I have examined the order book marked Exhibit A of the National Pencil Factory attached to the affidavit of Mr. Phillip Chambers dated April 20, 1914, and I can say to the best of my knowledge and belief that I never saw any such books or similar paper material in the basement of the National Pencil Factory, and if I had so seen same, or any other paper located therein, I would have ordered it removed at once.
