

# DEFEAT OF HARDY CHARGED TO SMITH BY THOS. M. BELL

"Invisible, Secret Influence Operates at Capital to Exclusion of Anti-Smith-Wilson People," Says Bell.

## GIVEN NO OPPORTUNITY TO DENY FALSE CHARGE

Congressman Makes Charges of Despotism and Individualism in Reviewing Post-office Controversy.

**MRS. HAM CONFIRMED.**  
Washington, July 10.—Controversy over the postmastership at Gainesville Ga. was settled today when the senate confirmed the nomination of Mrs. H. W. J. Ham to succeed Mrs. Helen D. Longstreet, widow of the confederate general.

By John Corrigan, Jr.  
Washington, July 10.—(Special)—Representative Thomas M. Bell of the ninth district believes there is an "invisible secret influence operating in Washington to the exclusion of anti-Smith-Wilson people so far as Georgia appointments are concerned."

In a formal statement given out today, Bell says the Gainesville post-office controversy from its inception, he virtually charges Senator Hoke Smith with responsibility for the defeat of his nominee for his home postoffice. In conclusion he says:

American citizens especially in Georgia will not allow the principles they have so long advocated and voted for reduced to monarchism or despotic individualism by those temporarily in power.

Named to Smith Men.  
Mr. Bell thought he was making a fair distribution of the postoffices in his district since sixteen of the eighteen postmasters he nominated were supporters of both Senator Smith and President Wilson.

In reviewing the documentary history of the case, Representative Bell quotes the letter he wrote to Senator Hoke Smith about the nomination of A. S. Hardy to which he never received a reply. He made an engagement on May 6 to see President Wilson and was assured that no action would be taken until after this conference. The nomination was sent in the next day and Mr. Tumulty hastened to express regret saying it was included in the batch of nominations through an oversight. But Mr. Bell did not fill his engagement at the white house.

In a letter to Senator Smith on April 14 he urged him to use his influence to defeat the "unwarranted and unholy opposition to Mr. Hardy and assured him that sixteen out of eighteen of his nominees were original Wilson men and Hoke Smith men.

Statement From Bell.  
Here is Mr. Bell's statement:  
I endorsed Mr. A. S. Hardy for the postmastership at Gainesville, knowing that he was eminently qualified for the position and is as loyal a democrat as there is in Georgia. The excuses for not appointing him, as given me are too flimsy for consideration, besides they were successfully refuted by statements and affidavits of good citizens of Gainesville, who were original Wilson supporters.

To Mr. Hardy is due as much or more credit for the redemption of the Ninth district from a republican majority of 900 four years ago for Taft, than democratic majority of more than 2,000 for Wilson and Marshall in the November election, than any man in the state. I made no fight on any other applicant, but insisted upon the appointment of the man I endorsed.

When I found the postmaster-general was prejudiced against Mr. Hardy, I made repeated efforts to induce Senator Smith to assist me in getting Mr. Hardy appointed and not to allow an interloper who had no legitimate interest in the Gainesville office to dictate the appointment of a postmaster for Gainesville, as will be seen by the following letter to which I have had no reply.

Letter to Hoke Smith.  
April 14, 1913  
Hon. Hoke Smith, United States Senate, Washington, D. C.  
Dear Senator:  
You doubtless recall my visit to your house in Washington on the night of March 10, at which time I presented the names of five persons for postmasters in the Ninth district of Georgia among which was the name of Mr. A. S. Hardy for the office at Gainesville, which is my home city. You expressed yourself as being satisfied with all of them, and I did not protest against any of them, except that of Mr. Hardy, which objection comes mainly from persons who do not live in the Ninth district, and who could not have any personal interest in the Gainesville office.

I was urged by a large number of good citizens of Gainesville to nominate my brother A. B. Bell, for this position, he having been the assistant postmaster for twenty years, and well qualified. I refused to do this, because I did not believe I should recommend my brother for the most important position in my district, because I was in a position to do so. I named Mr. Hardy because he is eminent, qualified, well recommended by patrons of the office, and above all a clean, aggressive, consistent democrat, and deserves as much or more credit for the success of

# MOTORCYCLIST LOSES HIS WAGER WITH DEATH

"I'll Win This Race or Break My Neck," Called O'Brien, Killed on Macon Track.

Macon, Ga., July 10.—Martin A. O'Brien, a local motorcyclist, was killed in the races here this afternoon. The event in which O'Brien met his death was the pursuit race, in which the starters, four in number, were placed at different points on the track, and as soon as one racer passed another the man passed was out of the running.

On the second round of the track, which was slippery because of a light rainfall, O'Brien's machine skidded and he was thrown for some distance and slid for 100 feet on his back. The handlebars of his motorcycle were broken.

Give me another machine," he yelled. "I'll win this race or break my neck."

Another machine was quickly obtained and O'Brien started again. He had not been passed by the man following him, and was gaining on the man ahead. On the third round, at almost the same spot which also happens to be the very spot where Aviator Ely was killed nearly two years ago his machine again skidded and crashed into a fence in front of the agricultural building used by the state fair.

O'Brien was thrown violently over his handlebars and his head struck some timbers. His neck was broken and his skull fractured.

Three thousand persons were along the track at the time of the accident. Hundreds rushed to the scene, including several doctors. It was found that O'Brien had been killed almost instantly. The race ended there.

O'Brien was a well known hatter and an officer of the Macon Motorcycle club. The race was postponed from the 4th of July.

Martin O'Brien had no relatives here. He came here three years ago from Brooklyn, N. Y. His father, W. H. O'Brien, wired from Brooklyn tonight to hold the body until he arrives.

O'Brien also had a sister living in East Orange, N. J. and a brother in Bakerfield, Cal.

## FATHER'S REQUEST LEADS TO LOCKING UP OF YOUNG GIRLS

When the father of 15-year-old Doris Rothstein came to police headquarters yesterday and asked Chief Beavers to search the city for the missing girl who had run away from home and who he suspected, was in had company on the streets, Plain Clothes Men Green and McKibben were sent to find her.

Shortly before midnight the plain clothes policemen saw two girls emerge from a moving picture and parade theater on Whitehall street. The youngest, who wore a pretty summer rock and wide straw hat, fitted the description of the girl for whom they were looking.

Questions put to both girls disclosed the fact that the youngest was the Rothstein girl. The other said her name was Corinne Wilson, 334 Highland avenue. Both were carried to headquarters and Rothstein was notified. He lives at 17 Broyles street and is in business in the city.

Both girls were detained in Matron Boehm's ward throughout the night. The father, who was returned to her parents this morning. The other girl who gives her age as 17 tells the police that she is married. She is being held for an investigation which will be promoted by Chief Beavers today.

An investigation may also be made by the police into the conduct of both girls since the Rothstein girl left home last Monday.

## HUSBAND SO STINGY HIS \$10,000,000 WIFE SECURES A DIVORCE

Oakland, Cal., July 10.—Mrs. Anita Baldwin McLaughry, daughter of the late E. J. (Lucky) Baldwin and beneficiary under his will to the amount of \$10,000,000 of his estate was granted an interlocutory decree of divorce from Hull M. McLaughry today on the ground of cruelty. McLaughry made no defense.

The plaintiff testified that she and her husband quarreled so often over the cost of living as a result of his economy that her health became impaired. They were married in Carson City, Nev., in 1900.

The custody of the two children of the McLaughrys is to be shared by both parents according to the terms of an agreement reached out of court. It was stated in the decree that the attorney for Mrs. McLaughry made settlement of \$200,000 upon her former husband.

## WILSON GETS LOST IN HAMPSHIRE WOODS

Cornish, N. H., July 10.—President Wilson got lost in the New Hampshire woods late today finally reaching here at 8 o'clock, an hour late for dinner, after a long and arduous ride.

The president started shortly before 4 o'clock with Mrs. Wilson and several others, motoring along the Connecticut river for many miles toward Springfield, N. H. intending to make a wide circuit homeward. They got overtaken by darkness, then were overtaken by darkness. The president passed through several small towns where he was often recognized, but made no stops except to inquire the route home.

Forrest Fires Out.

Mount Tamalpais, Summit, Cal., July 10.—The forest fire at Mount Tamalpais are out. Here and there linger a few smoldering embers, but after four days and three nights of fighting, Mill Valley, Larkspur, Corte Madera and Muir woods are out of danger. Outside the destruction of timber, the property loss has been slight. There was no loss of life.

# ONLY MAINTENANCE FUNDS ARE ASKED OF LEGISLATURE

General Board of University System Decides Not to Ask for Any Special Appropriations.

## INSTITUTIONS NEEDS HEARD BY COMMITTEE

Great Sacrifices Are Involved in Self-Denying Resolution for Good of State—Governor Met With Board.

No special appropriations will be asked for this year by the representatives of the various state educational institutions constituting the University of Georgia system. Only maintenance funds, reduced in each case to what the trustees regard as the lowest practicable basis, will be demanded of the legislature.

The general board of the university held a meeting in the state library yesterday morning preparatory to appearing before the appropriations committee of the house in the afternoon and reached this conclusion: Recognition was taken of the present condition of the state treasury and the great difficulties with which the legislature and the governor are contending.

Their effort to straighten out the financial tangle, and the board decided that nothing further than maintenance funds could be spared this year.

Small Increases Asked.  
In a number of instances the same maintenance fund was asked as was obtained last year. In only two cases did the increases asked for exceed \$10,000. They were \$30,000 asked for extension work by the State College of Agriculture, and \$30,000 to put the new plant which the people of Augusta have built and equipped for the medical college, into operation.

Governor Slaton met with the board of trustees and explained to them the financial difficulties that confronted him. There was a general disposition to cooperate with the governor, although great sacrifices on the part of several of the institutions concerned were involved.

Sacrifices Involved.  
The University of Georgia proper is forced to forego its heating plant, which is made almost necessary by the growing needs of the students and which it is calculated would save the state \$1,200 per year enough in a few years to pay for the initial cost.

The technological school, in giving up its demand for a small apparatus for a power plant, will probably lose the gifts made by northern machinery concerns of expensive equipment for such a plant, which equipment was contingent on an appropriation of \$100,000 obtained last year, only \$50,000 of which came from the state. The balance also of little or no value for lack of operating funds.

The State Normal school at Athens was not scheduled to turn away hundreds of students eager for an education because they have no dormitories in which to house them.

The school at Dalton, which offers technical education to hundreds of poor mountain boys will be unable to replace its burned building so badly needed, the charred walls of which will continue to stand as a monument to the state's neglect.

Other instances might be cited, but these are enough to show what imperative demands were foregone by the board's self-denying resolution.

The Hearing.  
When the appropriations committee met at 3 o'clock in the afternoon there was some discussion as to the meaning of the resolution adopted Tuesday which created such a sensation at the hearing. The chairman stated that unless the speakers for the various institutions were allowed to present arguments for the maintenance increases asked for the time and expense of their appearing before the committee would be wasted.

Chairman Whately finally ruled that they might argue for increases, but that under the resolution adopted by the committee, such increases could not be included in the general appropriations bill but must be sought by special bills for each increase. Strongly affected territory had at present great difficulty in reaching their county seats.

Mr. Wilkinson, of Bulloch county, followed Mr. Waddell, presented several petitions and more statistics favoring Evans county. He presented a signed statement from ex-Representative J. E. Anderson, of Bulloch, who later appeared opposing Evans county, which purported to represent Mr. Anderson as favoring Evans.

John W. Bennett, of Waycross, made the opening address before the committee in behalf of the creation of Hampton county.

Oppose All Four Counties.  
Judge Clyde Collins, of the city court of Reidsville, Tattall county, appeared opposing all four of the counties affected and cutting into the Tattall territory, with the exception of Evans county, to which, he said, the people of Tattall county were agreeable, and for which they agreed upon lines.

He was followed by ex-Representative Anderson, who hastened to explain that in the document presented by Mr. Waddell he had meant that he would favor Evans county if two-thirds of the people in the affected territory favored it.

He represented that conditions in regard to roads and reaching county seats were not so bad as represented, and advocated before the committee.

# Map of the War Zone in the Balkans

These three kings—Peter of Serbia, Ferdinand of Bulgaria and Constantine of Greece—are fighting for territorial supremacy in Macedonia. The map shows the principal points at which the troops are concentrated. Reports of the fighting indicate that the former Balkan allies are slaughtering each other with more deadly effect than that which ensued when they fought against the Turks. The Gatling guns used by the Bulgarians are said to be responsible for much of the heavy loss of life.

## COMMITTEE TURNS DOWN THREE NEW COUNTIES

Candler County Only One to Be Recommended Favorably. Fight Precipitated

The creation of Candler county was recommended by the committee Thursday afternoon.

At the same time the committee declined to recommend the creation of Stonewall, Evans and Hampton counties.

The hearings upon the creation of Candler and Stonewall counties were had last Tuesday afternoon at which time the committee withheld decision in the matter by request, until the hearings upon the two other counties named had been held.

This request was made upon the ground that all four of these counties contemplated cutting into the territory of Tattall county.

The hearings Thursday were upon Evans, Hampton and Trenton counties. The opposition upon the creation of Trenton county was not heard because of the fact that the matter was not scheduled to come up at that Tuesday afternoon and was only admitted for hearing with the understanding that there was no opposition to its creation. Upon conclusion of the hearing in its favor however it developed that there was opposition, and upon request of J. B. Geiger of Mount Vernon the remainder of the hearing was set for next Tuesday afternoon.

The Evans County Fight.  
The advocacy of the creation of Evans county with Chatham as the affected territory was led by W. G. Waddell of Higgins.

Mr. Waddell submitted to the committee statistics upon the population, taxable property and area involved, and explained that the people of the affected territory had at present great difficulty in reaching their county seats.

Mr. Wilkinson, of Bulloch county, followed Mr. Waddell, presented several petitions and more statistics favoring Evans county. He presented a signed statement from ex-Representative J. E. Anderson, of Bulloch, who later appeared opposing Evans county, which purported to represent Mr. Anderson as favoring Evans.

John W. Bennett, of Waycross, made the opening address before the committee in behalf of the creation of Hampton county.

Judge Clyde Collins, of the city court of Reidsville, Tattall county, appeared opposing all four of the counties affected and cutting into the Tattall territory, with the exception of Evans county, to which, he said, the people of Tattall county were agreeable, and for which they agreed upon lines.

## CALIFORNIAN'S FAIR CORRESPONDENT IS WIFE OF ANOTHER

W. N. Stetzer, in his California home, will probably be grieved to learn that the good looking young hairdresser in Atlanta with whom he corresponded and exchanged pictures with a view to matrimony, is a bride of less than three weeks.

Stetzer will not learn of the marriage, however, until he hears from Chief James L. Beavers, to whom he wrote in an effort to recover his letters and pictures sent to Mrs. J. D. Rembert, who, before her recent marriage, was Miss Bessie Willman.

Mrs. Rembert operates a hair-dressing parlor at 16 1/2 Peachtree street. Her correspondence with the Californian began considerable while ago, she says, when she girl friend in Oklahoma inserted a matrimonial advertisement as a joke on the Atlanta girl.

Stetzer, whose picture Mrs. Rembert alleges was not attractive, saw the ad and wrote to the hairdresser. He sent his picture, and in a short while received an answer and his correspondent's picture. She asked for references.

He failed to send them with the result that her end of the correspondence suddenly became inactive. Thursday, Chief Beavers received a letter from Stetzer at his Long Beach, Cal., home. Stetzer invoked the aid of the police in recovering the letters and picture which, he says, numerous letters to Mrs. Rembert have failed to bring. The chief says the affair is too insignificant for police notice, and will take no action.

A Constitution reporter visited Mrs. Rembert's picture store, she destroyed the Californian's pictures and letters. She married J. D. Rembert three weeks ago.

## 2 CHILDREN DROWNED BY THEIR STEPMOTHER IN SPIRIT OF REVENGE

Union City, Tenn., July 10.—Mrs. James Yates whom, together with her 15-year-old daughter, Florence Paris, was placed in jail here this afternoon on the charge of murder, has confessed to drowning her two step-children, Lagnon Yates aged 12, and Ida May, aged 10.

In the alleged confession, made to Attorney General D. J. Caldwell, Mrs. Yates is said to have stated that her husband and step-children had mistreated her and that her act was in a spirit of retaliation.

According to the woman's story she lured the children away under a pretense of going blackberry picking and led them to a small pool, some 18 inches deep. The elder boy struggled to escape and clung to a bush. In the meantime the girl ran for liberty, but was caught and brought back by Florence Paris.

While the drowning was under way, the younger boy, James, escaped, and ran a mile to a neighbor's and gave the alarm. The elder boy put up a brave struggle as was indicated by the many bruises upon his body.

## MOB LYNCHES NEGRO FOR AIDING MURDERER

Crime of "Kid" Tempers Consisted in Assisting Slayer of Officer to Escape.

Pensacola, Fla., July 10.—A negro known as "Kid" Tempers, was taken from the jail at Blountstown, Fla., shortly after midnight last night by a mob of citizens and lynched. The mob overpowered the jailer and carried Tempers to the river bank, where he was strung up to a limb, his body later being riddled with bullets.

The negro assisted another negro, who had killed a deputy sheriff of the neighborhood to escape by giving him money and keeping him in hiding. His lodgings consisted of a veritable arsenal. The mill town where the lynching occurred is quiet. The coroner's verdict was "death caused at hands of unknown parties."

## ANNA GOULD'S APPEAL ADMITTED BY ROME

Rome, July 10.—The Segnatura tribunal, the supreme tribunal of the Curia Romana has admitted the appeal of the attorney representing Anna Gould, now the Duchess de Talleryrand and Mgr. Parilla, defender of the matrimonial bond, against the decision of the Rota tribunal, annulling the marriage of Count Boni de Castellana and Miss Gould.

The Segnatura tribunal, however, has made no announcement of its decision as yet, and a new trial of the case before the Rota tribunal has not been ordered. Two decisions have been rendered by the Rota court, the first against Count Boni de Castellana, who sought the annulment, and the second reversing the former decree and granting the annulment.

## Hits Men With Rock.

Lawrenceville, Ga., July 10.—(Special)—Sheriff E. S. Garner went to Duluth Tuesday night and arrested Marshall New on a charge of assault with intent to murder. He struck J. W. McGee on the head with a rock and inflicted a severe wound. It seems that McGee and a brother of New were having a difficulty, and Marshall New went to the younger boy's assistance. He pulled McGee off and New contends that McGee was advancing on him with an open knife when he struck him with the rock.

# RUMANIA HURLING HER FRESH ARMIES TO FINISH BULGARS

Rumanian Troops Crossing Border to Complete Rout Begun by Forces of Greece, Serbia and Montenegro.

## BULGARIA ARE FLEEING ALL ALONG THE LINE

Bulgaria Places Herself in the Hands of Great Powers, Hoping That the War May Be Stopped.

Bucharest, July 10.—The Rumanian government has issued orders to the army to invade Bulgaria at once and has instructed the Rumanian minister at Sofia to notify the Bulgarian government of this decision.

Vienna, July 10.—Rumanian troops began to cross the Bulgarian frontier at 4 o'clock this afternoon according to late advices received here.

BULGARIA BEGGING POWERS TO PUT A STOP TO THE WAR.  
London, July 10.—The end of a fortnight's desperate fighting in the Balkans finds Bulgaria forced to appeal to the powers to arrange peace.

The Bulgarian plan to drive a wedge between the Greek and Serbian armies in the neighborhood of Guevghel has completely failed.

The last reports of the fighting received from Athens tonight show that the Serbians and Greeks at this point are combining their forces, while the Rumanian army is beginning an invasion of Bulgaria. The latter fact doubtless was the deciding factor in the Bulgarian appeal to the powers.

Causes of Bulgarian Defeat.  
How far Bulgaria's defeat is due to dimensions in high military quarters, which resulted in the resignation of General Savoff, and how far to the fact that the Bulgarian troops, which more the brunt of the hard fighting in the last campaign, were more exhausted than the Greek and Serbian forces, will probably never be known.

Nothing can be predicted at the moment as to, how events will shape themselves, the Rumanian invasion of Bulgaria having brought an entirely new factor into the problem. Russia and France are devoting their efforts to persuading the allies to adopt a moderate attitude in order to facilitate a peaceful settlement.

The Servian premier is quoted in the Vienna Neue Freie Presse as declaring that the war has completely set aside all treaties of alliance and that peace must now be negotiated on an entirely new basis.

Bulgaria Appeals to Russia.  
St. Petersburg, July 10.—Bulgaria has placed herself unreservedly in the hands of Russia with the view of bringing about a cessation of hostilities in the Balkans and in order to prevent further bloodshed, according to an announcement made here today apparently on good authority.

Vienna, July 10.—France has undertaken to negotiate with Serbia and Greece on behalf of Bulgaria to ascertain what terms of peace can be arranged.

The French government has advised the Greeks and the Serbians not to demand too much or otherwise Bulgaria is likely to prefer to take the chances of fighting out the quarrel.

GREEKS WIN GREAT VICTORY; BULGARIANS ARE ROUTED.  
Athens, July 10.—Official dispatches report the continued pursuit of the Bulgarians and a desperate battle in the passes of Mount Belissa and on the road from Doiran to Strumitza, which resulted in complete victory for the Greeks and the rout of the Bulgarians.

## Weather Prophecy THUNDERSHOWERS.

C. F. von HERMANN, Section Director.

The capture of these gasses was a disaster for the Bulgarians because it enabled the Greeks to attack the rear of the Bulgarian fourth army corps, which had its front fortified against the Servians. The Bulgarians hastily abandoned their fortified positions in front of Ispit and fled headlong from the furious assault of the Greek infantry who captured nine guns. The Greeks pursued the enemy as far as Strumitsa.

On the extreme left the Greeks to day attacked the Bulgarians near Lembitz. The Bulgarians are fleeing before the Serbian forces. Belgrade, Servia July 10.—Bulgarian troops continue to retire closely pursued by the Serbians according to official reports received here. The Bulgarians retreating from Lattip had intended to occupy Padovich in important town several miles to the east but the Serbian cavalry drove them out of this strategic position yesterday. The Bulgarians fled precipitately leaving their dead and wounded and throwing away rifles ammunition and food.

ARMY OF 50,000 BULGARIANS REPORTED TO BE CAPTURED. London July 11.—Rumors were published in Berlin yesterday and according to The Daily Telegraph correspondent in London were current there that General Ivan Fil with 50,000 Bulgarians was forced to surrender near Domirhisar where fighting was proceeding for the possession of a railroad bridge over the Strumitsa river.

A later Athens dispatch to The Telegraph says that no confirmation can be obtained at present. A dispatch from the European capital published in London severely criticized Premier Danforth's overbearing policy as being the cause of the Bulgarian defeat and his speedy downfall is predicted. It is expected that Rumania's first step will be the occupation of the 9,500 square miles of territory which she claims from Bulgaria as compensation for her neutrality in the late war. This strip extends from Turukai to Balchik on the Black sea and includes the city of Silistria.

BLAME FOR THE WRECK PUT ON RAIL OFFICIALS

Washington July 10.—Engineer Dougherty's inexperience in handling high speed passenger trains was the principal cause of the New York New Haven & Hartford wreck at Stamford Conn. on June 17, which six passengers were killed and twenty injured. The interstate commerce commission report of its investigation of the accident made public today, holds and adds that the responsibility for placing an inexperienced and untrained engineer in charge of a high speed passenger train rests with the operating officers of the railroad. The engine brakes tests seem to indicate were good, the train was not crowded, and the safety demands in such a fast train both the home and distant signals at Stamford were held to be too close together. Dougherty's inexperience and lack of instruction by the committee in the responsibility for his failure, to apply the brakes in time to stop the train before the danger signal set against him.

New York July 10.—Officials of the New Haven railroad have issued a statement regarding the interstate commerce commission report on the Stamford wreck declaring the employment of the inexperienced engineer was practically forced upon the road by the company's engineers. In 1912 the statement recites the road issued an order that spare engineers with less than two years experience should not be allowed to run through passenger trains. The engineers protested and offered the rule now in effect providing a requirement of one year instead of two.

X-RAYS ARE BEING USED TO CURE TUBERCULOSIS

Denver July 10.—The national institute of homeopathy will hold its conventions in 1914 at Atlantic City in 1915 at Portland Ore. and in 1916 at Dresden Germany. Announcement of the selection was made today. Successful treatment of tuberculosis by means of x-rays was announced by Dr. J. D. Gibson of Denver in a paper read before the National Society of Physical Therapeutics. Dr. Gibson declared he had used his treatment in 400 cases and had been successful with 85 per cent. The institute today tabled the resolution introduced yesterday by Henry R. Stout of Jacksonville Fla. requesting members to withdraw from any committee or organization with an under water bill they had drowned.

AGNES ROANE ATKINSON IS TAKEN BY DEATH

Agnes Roane Atkinson, 2-year old daughter of Mr. and Mrs. Spencer R. Atkinson, died Thursday morning at 1 o'clock at the home of her parents Spight Hill in Smyrna Ga. She was the niece of Judge Sam C. Atkinson and Judge Spencer R. Atkinson of this city. The body was taken last night to Mt. Pleasant near Brunswick Ga. where the funeral and interment will be held.

Chas Hamilton Acquitted

Lawrenceville July 10.—Special Judge Charles Hamilton was given a preliminary trial Thursday before Justice J. A. Brown charged with the murder of Buck Bennett colored at Buford last Saturday while there was no eye witness except Mr. Hamilton and a boy too small to testify. All of the evidence pointed to the fact that the shooting was justifiable and Judge Brown dismissed the warrant.

U S Railway for Alaska

Washington July 10.—A bill authorizing the president to construct a railroad in Alaska and to mine coal in that territory was introduced in the senate today by Senator Poindeexter of Washington. For these purposes the president would be authorized to borrow \$50,000,000. The bill would provide that hereafter no coal lands shall be disposed of except under lease.

CONLEY NOT RIGHT MAN, SAYS MINCEY

Insurance Man Who Made Affidavit Says Conversation Was With Some Other Negro—Saw Conley at Station.

It was disclosed Thursday afternoon that William H. Mincey the insurance agent who has made an affidavit to the effect that Jim Conley on the date of the Phagan murder drunkenly admitted that he had slain a girl had appeared at police headquarters during Conley's grilling and had positively failed to identify the negro.

This was told a Constitution reporter by Detective Harry Scott of the Pinkertons and Detective Chief Newport Lanford. The insurance agent declared he had come to the police station while Conley was being cross examined and had asked to see the prisoner. He wanted to see if he could identify Conley as the negro whom he had seen drunk at the corner of Electric and Carter streets on the afternoon of Saturday April 26. He was asked by the police if he had any questions pertaining to a conversation he had held with the black encountered at Electric and Carter streets. Mincey could not identify the suspect.

He said the man I saw Lanford and Scott say the insurance man declared Conley was asked by Mincey on that date if he had not talked with him about the issuance of a life insurance policy. Conley denied having ever seen the man. Mincey's detectives say was positive in his declaration that Conley was not the negro with whom he had held the conversation.

Did Not Approach Detectives. Scott said to the reporter last night that the man Mincey never made mention of Chief Lanford and me of having heard the negro say he had killed a girl that afternoon. He never offered us any such story. He was so absolutely sure of his failure to identify Conley that we paid no more attention to him or his story. If we had heard any such story against Conley and could have verified it like the report says it is now verified we would have immediately sworn out a warrant charging him with the murder of Mary Phagan. Neither Lanford nor I put credence in the report of Mincey's affidavit. It looks flimsy from every standpoint.

The man is said to have put into the hands of Frank's counsel a sworn statement declaring that on the afternoon of the Phagan murder he had encountered Jim Conley at the corner of Electric and Carter streets and had approached the negro in the subject of a life insurance. Conley's statement is said to state was drinking and refused the insurance offer. I killed a girl this morning and later in the evening he answered and I'm likely to be in jail tonight. He grew threatening the insurance man states and to avoid trouble Mincey walked away.

Investigating Possible "Plant". It was disclosed last night that an investigation is being based on the theory that the Mary Phagan pay envelope which Detectives Harry Scott and John Black located on the first night of the Phagan factory was planted evidence. The envelope was found crumpled behind a radiator near the spot at which Conley is alleged to have sat on the night of the murder. For this employer's summons to the second night of the Phagan factory. The nature of its evidence it is said is in direction of guilt toward the negro.

Right to Free Lee. Attorney Bernard L. Chappell of Graham & Chappell representing New Lee the negro night watchman of the National Pencil factory stated last night that he had secured such positive eye witnesses to appear at the hearing of the habeas corpus at 10 o'clock Saturday morning and that on that occasion he would ask of the court an instant order to bring Lee Frank and James Conley into the court to testify. A subpoena duces tecum has also been issued requiring Solicitor General Hugh M. Dorsey to bring into court the grand jury docket and all papers relating to the case of Lee Frank and James Conley. Lee Frank at the same time that Frank afterwards indicted for the murder of Ma Phagan was ordered held.

Sold to Dorsey. His assistant F. A. Brienwood a chief Pinkerton Detective and Lt. Detectives John Black and Starnes and Campbell are also named in a subpoena. In addition to these Lee's attorney is said to have subpoenaed F. H. Howell day watchman at the factory and for H. B. C. foreman of the grand jury and for the foreman of the present grand jury and for a number of others to be present.

Secrecy and Impenetrability. Secret and impenetrable as that thrown around any investigation investigation has been woven about the latest discovery. No one connected with the case will talk. Few deny however that the bag has been found. The report is that the bag was found about the same time of the envelope's discovery. It has been kept secret is said because of the reported success of Bertillon experts in discerning finger prints on its surface. Bertillon Expert L. M. Fletcher of the United States government service it is reported made the finger print examination of the envelope could not identify himself and Betty would identify Dorsey. Chief Beavers maintained the same attitude of silence that has been characteristic of him during the entire Phagan investigation. Other than the rumor which came from responsible

Tax Equalization Keynote At Banquet to Legislature

Need for an equalization of the tax system of Georgia which J. Randolph Anderson, president of the state, termed "miserably inadequate and unsuited to the needs of the state" was the keynote of every speech at the dinner given last night at the Piedmont Dining club in honor of Governor John W. Stator and the members of the legislature. President Wilmer L. Moore of the chamber of commerce acted as toast master and introduced the speakers in his address. President Moore spoke of the work of the Atlanta Chamber of Commerce and declared that it was working not only for Atlanta but for Georgia as well and through its efforts would soon be reduced from five to three mills on the dollar.

He paid a tribute to the legislators and their work and expressed the pleasure of the business men of Atlanta at having an opportunity to know them better and to get into closer touch with them. Before introducing Governor Stator the toastmaster took up the question of the equalization of taxation in order to add revenue to the state and meet the deficit. Stator Comments on System. Governor Stator and the speakers who followed used to have in common the government spoke of the need of Georgia's schools and commented on the unfairness of the present system.

MRS. McLENDON AGAIN HEADS SUFFRAGISTS

"Women in Clubs Just Practicing for the Ballot," She Says—Meet in Decatur in 1914

Women have started preparing themselves for the ballot by practicing voting! That's one of the highest functions of women's clubs. This was the interesting summary made of the woman suffrage situation yesterday afternoon by Mrs. Mary L. McLendon just after her election as president of the Georgia Woman Suffrage association. Mrs. McLendon was elected unanimously to the position which she has held so faithfully for many years and it was while the ballots were being taken for the election of the other officers that she made her very interesting remarks on practicing for the ballot. "Think of the thrill of voting!" exclaimed Mrs. McLendon. "We are just practicing now, so let us practice well. We are voting and balloting in women and associations all over the country—just learning how and preparing ourselves for the real work of the ballot. The polls which will eventually be held. A spirit of enthusiasm overtook the entire little gathering of women Thursday afternoon in the Temple of Labor. Trinity evening when the last executive session of the convention was held. All business was finished in the afternoon on the Thursday night session in the house of representatives being confined to a series of interesting addresses.

West Next Year in Decatur. On the afternoon of the DeKalb County Equal Suffrage convention the convention voted unanimously Thursday afternoon to meet next July in Decatur. Miss Katherine Koch extended the invitation to meet in Decatur and the offer was warmly received by the women. The complete list of officers as elected in Decatur is as follows: Mrs. M. L. McLendon president; Miss S. A. Gresham first vice president; Miss Augusta Howard second vice president; Miss Katherine Koch corresponding secretary; Mrs. A. B. Daniels recording secretary; Miss Amelia Woodell treasurer; Mrs. Maria Mathews auditor; Madame Chief Beavers.

One of the features of the day's session was the passing of resolutions in which the delegates for the state convention were taken for good government and clean morals and especially his action in recommending prohibition officers for Atlanta. A number of interesting reports were read at the afternoon session by the women who have charge of the various departments of the association's public relations. Mrs. L. B. Brown reported on the membership department told of the active plans for extending the enrollment of the features stressed in the intention of the association to invite men to join its ranks. Miss Fugenia Estill reported on the organization work. Reports were then read for the following: Mrs. J. C. Gardner secretary of the Atlanta Civic League representing the president of the league desires publication of certain facts pertaining to the recent controversy between the Atlanta Civic League and the State Suffrage association. The Atlanta Civic League has been the only auxiliary in the state since the formation of the Georgia Woman Suffrage association until the Atlanta Civic League was organized recently. It is required that all auxiliaries pay membership dues into the state association. The books of the Civic League show no entries of dues paid between 1908 and 1908 and none since 1908. The state association and the Atlanta Civic League have been offered the fact by virtually the same women and therefore this proves gross neglect and inefficiency on the part of the officers of the Atlanta Civic League and of the State Suffrage association. The state require election of officers annually two years have passed without a state meeting or election of officers. In view of this laxity and irregularity of the state management the Civic League did not feel justified in paying their dues this year into the state treasury. The night session of the convention of the Georgia Woman Suffrage association was called to order in the hall of representatives last night. The principal address was delivered by Leonard Grossman legal adviser of the association. He spoke on "The Next Logical Step." He declared that some may hesitate and social leaders who could add weight to the cause by their support. He pointed out that the constitution ordains that ourselves and our posterity not our male posterity shall enjoy the guarantees and blessings of liberty. Mrs. W. H. Felton of Rome spoke of things that are to be done by the association. She pointed out that nine states have given the women the right to vote. He stated that the double voting strength of the states menaced those states that have not placed the ballot in the hands of women. Mrs. A. C. Howard first vice president of the association delivered a lengthy address. She made an earnest plea for harmony among the various

Secretary Bryan has held up the payment which was due February 2 last and for which congress provided in the urgent deficiency bill. No explanation has been forthcoming from the state department but it is understood that the secretary is inclined to make no payment pending the outcome of negotiations with Colombia regarding that country's indemnity for the separation of Panama. In the tip paitie treaties negotiated by Secretary Root for the purpose of reconciling Colombia for the loss of Panama, it was proposed to turn over to the United States and Panama for a period of 10 years a convention was signed by the United States and Panama and the government of Panama now insists that the United States should withhold the rental. # BARROW COUNTY WINS BY A BIG MAJORITY

## Constitutional Amendment for Creation of New County Passes House Easily.

The house of representatives Thursday morning passed the constitutional amendment for the creation of Barrow county.

A hot fight was precipitated in the house when this matter, recommended for passage by the special committee which heard the arguments pro and con last Tuesday afternoon, was presented for a vote.

The fight was against Thursday's final action and was led by Representative Hardeman, of Jefferson, who moved to postpone action on the creation of Barrow county until the convening of the legislature of 1914.

Mr. Hardeman advanced that the matters of tax revision, general appropriations, the payment of school teachers and other important matters were incumbent upon the house, and that to take up the Barrow county matter would be a waste of time, inasmuch as the matter of ratification by the people would not come up before the general elections of October or November of 1914, in which case the next legislature could dispose of the matter in plenty of time.

Whilo opposed to the creation of Barrow county, Mr. Hardeman stated that his fight was not so much against Barrow county as against the question of the consideration of the numerous other bills for new counties, which would consume a great deal of the valuable time of the legislature.

Representative Rainey, of Jackson, led the fight for Thursday's vote on Barrow county.

Several men spoke before a motion to postpone the vote was called. The motion was lost and the bill to create Barrow county passed by a vote of 146 to 35.

In the voting Representatives Dorough, of Franklin, and Fullbright, of Burke, explained their opposing votes by stating that they were of the opinion that Georgia is creating too many new counties.

Representative Minner, of Wimberly, or High explained his favorable vote upon his adverse opinion.

**Dr. Bennett's Statement.**  
In reporting the remarks of Dr. J. C. Bennett, of Jackson, before the house committee a few days ago, it was stated that he presented a petition with 107 signatures against the creation of Barrow county. This was a typographical error, his petition being signed by 297 citizens representing

## He Promises to Be Good to Get Federal Money for Carolina Militia.

Columbia, S. C., July 10.—That the government will resume federal assistance to the South Carolina national guard is practically assured because of a telegram addressed to Secretary of War Garrison this morning by Governor Blease in which he complies with the specifications of conduct set forth in a letter from the secretary received today.

Secretary Garrison notified South Carolina's chief executive that he must resume proper relations with the War Department before federal assistance to South Carolina organized militia would be resumed, saying that he expected Governor Blease to give co-operation and assistance in requiring the militia to comply with the provisions of the law.

Complying with the mandate of the secretary, Governor Blease addressed the following telegram to Mr. Garrison this morning:

"All South Carolinians endeavor to do their duty. If these boys are allowed a chance they will do theirs and I shall do all I can to encourage and assist them, and you can count upon my co-operation and assistance in bringing about a compliance on the part of the national guard of this state with the provisions of the militia law which you have so recently notified me of your former letter and reply thereto."

# DANGLING TO BIPLANE AVIATOR FACES DEATH

## Captain Hennessy, of U. S. Army, Escapes Almost by a Miracle.

San Diego, Cal., July 10.—Captain P. B. Hennessy, attached to the First United States Army squadron here, had a narrow escape from death in a falling bi-plane yesterday, according to information which came to light today.

He had attained an altitude of about 500 feet when a gust of wind from the ocean struck his machine and threw him out of his seat. His right foot became entangled in the wires which control the ailerons and the machine immediately began to sink.

It had glided nearly 500 feet down, it is said, before Captain Hennessy succeeded in freeing his foot. The machine had kept an even keel and the officer managed to regain his seat and control of the plane. The machine was then within 200 feet of the water.

## GARRISON TO INSPECT ALL THE ARMY POSTS

Washington, July 10.—Secretary Garrison will start Wednesday on a tour of inspection of army posts in the present post. He intends to visit every garrison except the post at San Antonio, and gather first-hand information for his plan to concentrate the army at important centers less remote from transportation facilities than some of the present posts.

The secretary will be accompanied by Major General Leonard Wood, chief of staff, and Major General James B. Aleshire, chief of the quartermaster corps.

It is said that Secretary Garrison realizes what determined opposition has been presented to previous attempts to concentrate the army in advantageous, strategic locations, irrespective of the political objections, but he has declared his purpose to proceed with his plans.

Secretary Garrison said today that after he had completed his inspection of the posts he would need the cooperation of congress, not for the purpose of taking troops away from any place, because that was a matter solely under the direction of the president, but in carrying out plans for any post it might be found necessary to enlarge.

The secretary added that if the members of congress would not cooperate in this matter he would have to do the best he could without their aid.

"Undoubtedly the people benefited by the presence of the army at different posts," he said, "would put very strong pressure upon the representatives in congress, with a view of having all of the army that they could get at every place where their presence would benefit the people commercially. This would mean that in the congressmen making those representations to me and in my having to get them to co-operate with me in the most intelligent treatment of the subject."

# DEFEAT OF HARDY CHARGED TO SMITH

## Continued From First Page.

The Wilson and Marshall tickets in the Ninth district of Georgia in the November election than any man in Georgia, when the district was redeemed from a republican majority to a democratic majority of 2,559.

Mr. Hardy is a prominent democrat, is a member of the democratic executive committee at large for Georgia and chairman of the democratic executive committee of the Ninth district. He is a fighter for democracy's cause and has never failed to lay aside his personal preference in a democratic primary and work for the party nominee, county, state and national. In the pre-convention contest he supported Oscar W. Underwood for the presidency, but in doing so he made a clean fight, and made no statement or even denied personally or in any manner unbecoming a good citizen, and nothing to the contrary can be successfully proven.

## Appeals for 71,410 Voters.

Now that unwarranted and unholy opposition to his appointment, from outside the district, has developed, I appeal to you as senator from Georgia, to whom such appointments in North Georgia may properly be submitted, to urge the postmaster to appoint Mr. Hardy. I appeal to you in behalf of the 71,410 loyal democrats of Georgia who voted for Underwood in the pre-convention contest, and others who voted against the district for Wilson and Marshall in the November election and helped to give Wilson and Marshall an overwhelming majority over all the combined opposition, to give them some recognition in the distribution of Wilson man.

I appeal to you in the sense of justice and fairness that opposition to any applicant, who is a true democrat, should not be based upon the fact that he was not elected in the district. Again, it is fair to me that my recommendations should be approved by you and insisted upon, if necessary, when it is true that I have and will recommend, out of the eight candidates who are to be elected in my district, sixteen applicants who were original Wilson supporters and who, all of them, have always supported you in your contests.

I appeal to you in the spirit of harmony in our state to give at least a reasonable part of your influence with the administration to the end that all factions may feel in a measure that their services are devoted to the cause of democracy are appreciated and that they, as democrats, are not discriminated because forsooth some extremists factional partisan desires to be dictator.

I appeal to you in behalf of a majority of the voters of 104 counties in Georgia who are confident that many who apply for recognition under a democratic administration are entitled to just and equitable consideration, and should not be disqualified because of their pre-convention votes, if they are organized democrats.

Awaiting your reply, very respectfully,  
(Signed) THOS. M. BELL.

**Man Was Preferred.**  
"I would have endorsed Mrs. Ham as quickly as any man living for the position, but I became convinced that the man for the office preferred a man for the place, and the experience they have had for the past few years, no doubt, led them to believe that it was the part of wisdom to appoint some active, young, energetic man to the position of postmaster."

"My candid opinion the real objection to Hardy was that he was not an original Wilson and Smith man and is therefore disqualified from holding office."

"I was taken no part in factional politics in the state and I regret to see the lines drawn in this manner, and especially to the exclusion of a clean, active, upright citizen who is known throughout the state as a true democrat."

"I was told by the postmaster-general that charges were preferred against Mr. Hardy to the effect that he had distributed a circular gotten out by Thos. M. Bell, which reflected upon Mr. Wilson, which is refuted by substantial citizens of Gainesville, as will be seen by the following affidavit filed with the postmaster-general:

**Affidavit From Summer.**  
Personally appeared before me, Samuel C. Burleson, Jr., an officer duly sworn and authorized to administer oaths, William Summer, Jr., of Gainesville, Ga., who deposes and says:

"I am an automobile dealer in Gainesville, Ga. I have always been an active supporter of Hon. Hoke Smith and have voted for him in each of his campaigns for governor of Georgia. Furthermore, I was an earnest and active supporter of Governor Wilson in the presidential campaign and voted for him at the Gainesville precinct. I was around the polls at said precinct much of the time on said day of the presidential preferential primary, and endeavored to get as many votes as possible for Governor Wilson. I was so much interested in Governor Wilson's candidacy that, although a feature of my business is the hiring or renting of automobiles, I refused to hire an automobile to be used by them, as is customary in elections here. I furthermore swear that I saw Mr. A. S. Hardy several times during the day around the polls in soliciting votes for Mr. Underwood. He was fair and courteous and used no questionable methods. I furthermore swear that I saw no circulars or letters being distributed to the candidates being distributed at or about said precinct that day. I saw no circular, nor heard of one, containing Wilson's charge against Mr. Underwood, and would have most likely heard of one or

seen one, should any have been distributed. If Mr. Hardy ever made any statement or even published any circulars reflecting on Governor Wilson I never heard of it."

"Through lack of space a similar affidavit signed by A. E. Fuller, tax collector of Hall county, is not given. "The delay in the appointment prompted me to make further inquiry as to charges, and after making a futile effort to see the charges on file I addressed the following letter to the postmaster general, to which I received no response:

**Letter to Burleson.**  
April 15, 1913.  
Hon. A. S. Burleson, Postmaster General, Washington, D. C.

"My Dear Mr. Burleson:  
"On account of heavy correspondence which I am compelled to look after in the forenoon; the sessions of the democratic caucus on tariff bill the remainder of the day, I respectfully request that I be furnished with a copy of the protests, if any, lodged with you against the appointment of Mr. A. S. Hardy for the postmastership in my home city, Gainesville, Ga., at your earliest convenience. I do not care for the names of the protestants, but the nature of any protests which may appear objectionable to the department.

"Very respectfully,  
(Signed) THOMAS M. BELL.

"On May 3 I addressed the following letter to the postmaster general, without being favored with a reply:

May 3, 1913.  
Postmaster General, Washington, D. C.

"Dear Sir:  
"I am advised that prominent citizens of Gainesville, Ga., desire to confer with you relative to the postmastership at that city, and trust you will not take any definite action until they can be heard."

"Very respectfully,  
(Signed) THOMAS M. BELL.

"By this time I became thoroughly convinced that some peculiar and hidden influence was operating against me in this matter, and on May 6 I made an appointment with the president to discuss the situation with him as will be seen by the following letter from the white house:

"The White House,  
Washington, May 7, 1913.  
"My Dear Mr. Bell:

"Your letter of May 6th has been received, and I have brought to the president's attention your request that no action be taken on the Gainesville, Ga., postoffice case until you can see him on Thursday.

**Nomination Set In.**  
"The appointment was made on May 7, and the next day, May 8, I received the following from the white house:

"The White House,  
Washington, May 8, 1913.  
"Dear Mr. Bell:

"The president directs me to express his real regret that the sheet containing the names of the nominees was mixed with other nomination sheets yesterday and sent in to the senate. "Dear Sir: Congressman T. M. Bell will urge the name of A. S. Hardy for the position of postmaster at this place. A. S. Hardy fought Woodrow Wilson for president, and his appointment as postmaster here would not meet with the approval of a Wilson supporter in this county. Hardy fought Wilson more bitterly than any other man in Georgia and went to a convention at Baltimore as a delegate in the interest of Underwood and fought Wilson there to the bitter end."

Mr. Hardy published everything that would damage Mr. Wilson's campaign that he could find, including his fake letter, known as the Booker T. "Invisible, Secret Influence."  
"There seems to be an invisible, secret influence operating in Washington to the exclusion of anti-Smith-Wilson people so far as Georgia appointments are concerned. This is unprecedented in the history of the country, and so undemocratic as to excite serious consideration for the welfare of our party in the future. If loyal democrats are to be disqualified because of their pre-convention votes, it is high time the people should know the facts and be given an opportunity at the polls to prevent the wrecking of the democratic party, which for so many years has been the south together and made the southland the greatest country in all the earth.

"I have an abiding faith in the honesty, integrity, sincerity and good judgment of the great bulk of American voters, and especially in Georgia, who today have a proper regard for their independence to the extent they will not allow the principles they have so long advocated and voted for reduced to monarchism or despotic individualism by those temporarily clothed with power."

## OSCAR DEWBERRY MUST PAY PENALTY TODAY

The fate of Oscar Dewberry, the negro sentenced to hang today for the murder of a white boy a year ago on Decatur street, was finally settled yesterday afternoon when Governor J. M. Slaton declared that he saw no reason why he should grant his request for commutation of sentence.

The pardon board had declined to urge that a respite or a pardon be granted by the governor and Governor Slaton asserted that he agreed with the board. The petition was taken before the governor by Lowndes Conally, attorney for Dewberry, who is due to hang today in the Tower.

# CLUBWOMEN OF SOUTH LEAD IN HEALTH WORK

Salt Lake City, July 10.—That the women of the federated clubs of the southern states promise to outshine those of the north with their health campaigns was a statement contained in the report of the school health committee at the session of the national council of education today. The council, in session here in connection with the National Education association, elected these officers:

Robert J. Aleay, president University of Maine, president; W. B. Owen, Chicago, secretary; David E. Johnson, president Winthrop college, South Carolina, member executive committee. The Religious Education association, which was to have met today, announced that it had been decided not to hold sessions while in Salt Lake City. It denied that cancellation was due to fear of religious controversy.

No bills were reported favorably and the meeting was a short one. The only bill reported favorably by the ways and means committee so far is the bill of Representative Stovall and Wall, of Elbert, and Thompson, of Madison, to put county treasurers on a nominal salary of \$200.

CHANGE IN TAX OFFICE IS VETOED BY MAYOR

Thinks Present System Is Best. Will Lead to Fight in Council.

The project to merge the tax office under one supervisory head was vetoed by Mayor James G. Woodward yesterday morning.

The resolution, introduced by Alderman James R. Nutting, which provides for the consolidation of the tax office under a system similar to that which was in vogue prior to first of January, 1913, was the first measure considered by Mayor Woodward from among the bills sent to him from the last council meeting.

Together with the vetoed resolution, a message will be sent to council from the executive department. In a discussion of his veto action, Thursday afternoon, Mayor Woodward enumerated three reasons for returning the Nutting resolution without his approval.

First: That the present system is best for the people. Second: That the present system is economical; that it saves thousands of dollars to the city annually. Third: That under the present system the people can appeal to the assessors and through the assessors take complaints to the tax committee.

The vetoed resolution will go to council at the next regular meeting, two weeks hence. On the side of Mayor Woodward, fighting against the Nutting measure, will be Tax Chairman Charles Whiteford Smith and Councilman Orville H. Hall, of the tax committee, and Judge John S. Candler, author of the law under which the tax office is now operating.

The fight will be watched with interest. Except on one, possibly two occasions, Mayor Woodward has been overridden in nearly every instance. Alderman Nutting has led the fight against the mayor.

Interesting also is the fact that Tax Chairman Smith and Alderman Candler have individually fought the mayor's veto pre-emptive when it struck at matters of interest to their constituents.

To Bring Out Cause of Trouble. Factions in the office will be bared in the fight on the floor of council. Just what is the trouble in the department is a perplexing issue.

BATTLING AND DANCING FOR THE SOLDIER BOYS

Atlantans at St. Simons March Under Hot Sun and Trip the Light Fantastic.

By Robert Quin, Special Correspondent. St. Simons' Island, July 10.—(Special.)—The boom of cannon at sunrise today awoke 600 Atlanta boys of the Fifth regiment to the first real activities of the camp life and under the burning rays of the sun they marched and maneuvered about the island, undergoing instruction in details of an actual battle supervised and planned by regular army instructors.

The men entered into the work with interest and enthusiasm and before noon they were dismissed from duties and were in the ocean cooling off. A large party from Brunswick were hosts of the regiment at a big dance tonight at St. Simons hotel. Colonel Pomeroy and staff, company officers and the men were in attendance and soon gave up the dancing to the music of the regiment band.

Those who had an idea that camp would be a pleasure park altogether soon gave up the idea after they had donned flannel civilian suits and started out of camp to the beach. Instead of a stroll to the seashore, they were put under arrest and confined in the guardhouse for hours as a lesson in camp only military clothes are in order.

Aside from the morning drill, which is over at 10 o'clock, and dress parade in the afternoon, Colonel Pomeroy has placed no further restriction on the men, and they are all having a great time. The hospital corps has found very little to do owing to the ideal sanitary arrangements of the camp.

Under the present system the chief clerk has five assistants under him. He also has authority over J. T. Collier, the investigator. The assessors, while they have the authority over the entire office, have a supervisory influence which does not amount to very much.

Should Mayor Woodward's veto stand, Chairman Smith and Councilman Hall will urge the adoption of a resolution authorizing an amendment to the constitution which will separate the three departments of the tax office, and give absolute authority over his department.

Council Said to Have Changed. The Nutting resolution was returned to council from the tax committee with a favorable report. Chairman Smith and Councilman Hall were the only ones who signed an adverse report.

Mayor Pro Tem Warren ruled that Alderman Nutting's point was well taken and ordered Clerk Walter Taylor to transmit the resolution to the mayor. Mayor Woodward declined to accept it, taking the position that it was illegally sent to him. Council, at its meeting Monday afternoon, re-transmitted the resolution to the mayor, with the result that it was vetoed.

STAY-HOME ALDERMAN TAKES TRIP FROM MACON

People Amazed When Steve Wright Leaves City for the First Time in 20 Years.

Macon, Ga., July 10.—(Special.)—Macon has an alderman who has not been outside the corporate limits of the city, but once in twenty years, and that during the present week. He is Alderman Steve M. Wright, proprietor of a drug store on Broadway.

Yesterday Mr. Wright's friends saw him get in an automobile, but they thought nothing of it, taking it for granted that he was just going for a spin about the city, but late in the evening when they were sitting on the machine covered with dust, they elevated their eyebrows and then went to inquire what it was all about.

They discovered that Mr. Wright had been to Fort Valley to spend the day. When they learned that fact some were ready to believe that the millennium is near at hand, but they are sure of it now than ever, since it is rumored that Wright may yet get up enough courage to undertake a trip to Atlanta one of these days.

Twenty years without a change of scene in the record of the city is a boast of it. In all these years Mr. Wright has seldom deviated from the path leading from his home to his store, and from his store to his home again.

Elks' Manager Fined. Macon, Ga., July 10.—(Special.)—C. R. Wright, manager of the Elks' club, was fined \$10 following his conviction yesterday of violating the state prohibition law, while acting as manager of the club. A motion for a new trial has been made, but it is not granted, and an appeal will be taken. In lieu of the fine a sentence of six months on the county chain-gang is provided.

J. E. Brooks, a near-bear dealer, who failed to pay his license tax on the first day of January, 1913, was found guilty this morning. Brooks entered a plea of guilty and was fined \$30.

A. R. Tinsley is Dead; Was City Treasurer for Over 25 Years. Macon, Ga., July 10.—(Special.)—Admiral R. E. Tinsley, for twenty-five years treasurer of the city of Macon, died this morning at 11:40 o'clock at the age of 74 years. He had been in poor health for some time, but few of his friends were aware of his serious nature of his illness. His death occurred at the home of his daughter, Mrs. F. E. West, 504 Washington avenue.

Bank Bill Made Special Order. A joint committee meeting on banks and banking was held Thursday afternoon and the bill creating a department of banking and a commissioner of banking, with assistants, was placed as a special order for the next meeting of the Georgia Bankers' association and given the stamp of approval of that body. The legislative committee on banks and banking was present yesterday to argue their needs and outline their plans before the joint committee.

FAVOR A. & M. SCHOOL FOR TWELFTH DISTRICT

Bill of Senator Kea Indorsed by the Educational Committee. School System Rapped.

If the action of the education committee of the senate, taken Thursday afternoon, is followed by the house and the senate, the establishment of a school of agriculture and mechanical arts is assured for the twelfth congressional district. The bill for its establishment and maintenance was introduced by Senator Fred Kea and the sentiment of the entire committee seemed to favor the creation of such a school.

The committee reported favorably upon the measure, but asked that the bill be referred to a subcommittee consisting of Senators Sweat, Irwin and Hixon for perfection, and the measure will take this course.

The committee set Senator Richardson's bill, providing for the revision of the state school laws and the creation of three additional supervisors, as a special order for its next regular meeting and invited Prof. M. L. Brittain to enlighten the body upon the purpose of the legislation.

During the discussion of this measure Senator Irwin took opportunity to deplore the existing evils of the school system of Georgia. Senator Irwin said: "The school system of this state is one of the most backward in the South. It will show me anything that the state board of education has ever done to help the children of Georgia. It takes eleven years for a child to go through the public schools, which ought to be cut through in four. The system is radically wrong, being arranged for the dullest student, and there is no remedy for it except a complete re-organization. It is a disgrace to our people that they become indolent, idle and good for nothing."

A. H. Nunnally replied briefly to Senator Irwin by admitting the defects of the public schools, which could not be helped, and asked that Senator Irwin suggest a better method. The senator then arose and proclaimed his ability to formulate a system which would remedy the existing evils and with the same number of teachers as are now employed so arrange it that the bright boys could get through in a much shorter time than it would take for the duller ones.

"If you can do that," shouted Mr. Nunnally, "you are the man the world is been looking for many years. If you can do that, you will immortalize yourself and become a benefactor to mankind."

The committee reported favorably upon the measure providing that charges must be preferred in writing against members of the board of school commissioners before they can be summarily removed. The bill, which would address the committee convincingly upon the bill, deploring the present conditions, which allow members of such boards to be removed at the pleasure of anybody who offers to reward to anybody who suggests a better method.

SUFFRAGETTE BOASTS OF APPLYING TORCH

Mrs. Edith Rigby Glories in Having Burned Costly English Home.

Liverpool, July 10.—A dramatic commission in incendiarism was made by a woman militant suffragette, Mrs. Edith Rigby, wife of a physician at Preston, to the magistrat in police court here today.

Mrs. Rigby declared it was she who last Tuesday night burned down the country residence at Rivington, near Horwich, Lancashire, of Sir William H. Lever, causing damage estimated at \$100,000. She further confessed to be the perpetrator of the outrage at the Liverpool cotton exchange on July 5, when a bomb exploded but caused little damage.

Mrs. Rigby surrendered voluntarily to the police. When arraigned today she gloried in her achievements, saying she wanted Sir William H. Lever to consider whether his house was more valuable as a show place than as a beacon lighted for the king and the country to see women suffering an insupportable grievance. She told the magistrat:

"I chose the Liverpool cotton exchange because the cotton industry has been built up largely by women's labor. The merchants are willing to get power and wealth out of the labor of women, while the women themselves are denied the vote and citizenship. This is the first knock at the door. Under the cat and mouse act one of the greatest women in the land is going to be done to death. If the government is going to kill that woman this is a warning."

Mrs. Rigby has been a member of the Women's Social and Political Union, the militant suffragette organization, for many years, and has taken a great part in public movements. She has been imprisoned five times in connection with suffrage movement, and was on several occasions released, owing to a serious condition of her health after "hunger strikes."

BOLL WEEVIL BARRIER SAID TO BE FEASIBLE

Washington, July 10.—Letters and telegrams by the score from southern states inquiring about the proposal to erect a barrier to keep the boll weevil out of the south Atlantic cotton states today flooded into the office of Senator Smith, of South Carolina, author of the plan.

It was stated that the general tenor of these communications was that it would be feasible to establish a belt some fifty miles wide across Alabama from north to south in which the cotton should not be grown and thus cut short the journey of the audacious cotton pest to the east.

Another precedent for federal aid in the proposed plan is said to have been found in the activity of the government to stamp out the cattle tick.

Her Hunger Strike Wins. London, July 10.—Miss Clara Elizabeth Given, who with Kitty Marion was sentenced on July 3 to three years' penal servitude for setting fire to stand on Hurst park race course, was released from prison today on a serious condition of health, resulting from a hunger and thirst strike.

Boyd for Chief Clerk. Washington, July 10.—James R. Boyd, of South Carolina, is slated for chief clerk of the railway mail service at Nashville, Tenn., where the position was discontinued by the previous administration. If he does not get the Nashville place he will be sent to Chattanooga and Chief Clerk Short from that city, will get the Nashville berth. The Nashville office will have charge of the Nashville and St. Louis line, now in charge of the chief clerk at St. Louis.

Offers made by the Westinghouse company and other big machinery manufacturing concerns to furnish equipment for a power house. He had received two that day from them asking what Georgia would do.

As we will ask for no special appropriation from the state," he continued, "of course we will be compelled to give up these donations. The increase in maintenance asked for by the Tech this year is to enable it to retain the services of the present faculty."

He said that there was scarcely a man in the faculty who could not make more money at other work and they were constantly receiving offers of more remunerative employment.

Chairman N. E. Harris, of the Tech board of trustees, gave a review of the history of the school and of the great things that it had done for Georgia. He called attention to the fact that the city of Atlanta had been far more liberal in its donations to the institution than the state itself had been.

BIJOU SHOW GIVEN AT FEDERAL PRISON

A fine show in the prison auditorium was presented Thursday morning by the players at the Bijou theater. The musical tableau entitled "Along Broadway," was rendered by the entire company from the Bijou theater under the management of Mr. Labridy, with some notable artists among the performers, including Will Stanton, Miss Thornton and Miss Rosalind May, assisted by several ladies and gentlemen whose specialties pleased greatly the large audience. Several songs and choruses were rendered by the company.

The Bijou orchestra accompanied the performers. It was a red letter day for "the men behind the walls," and the kindness of those who came out to give them pleasure will not soon be forgotten.

Other Speakers Heard. Otherspeakers who appeared before the committee with earnest appeals for their respective institutions were: G. R. Glenn, for the Agricultural and Mechanical college at Dalton; Dr. A. M. Soule, for the State College of Agriculture; M. M. Parks, for the Normal and Industrial at Milledgeville; Jere E. Pound and J. R. Smith, for the Normal school at Athens; Judge Enoch H. Callaway and Dr. W. H. Doughty, Jr., for the Medical college at Augusta; Colonel W. S. West and R. H. Powell for the South Georgia school for girls at Valdosta, created last year.

No action was taken by the committee yesterday and the body adjourned immediately after hearing from the last speaker.

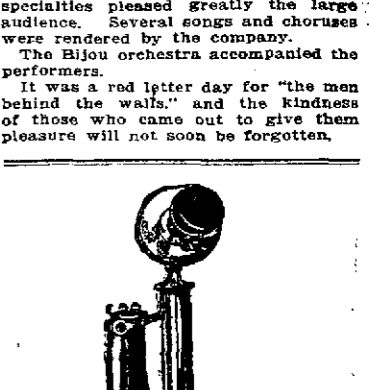

Chancellor Barrow for All. Chancellor Barrow's remarks were very brief as he left it to the representatives of the various branches to present the needs of their particular institutions. He merely stated that the increases asked for were not for development, but simply to maintain present conditions. Unless they were granted, retrogression would be inevitable.

Judge W. E. Simmons, of Lawrenceville, presented the case of the university properly. He compared the amount received from the state by the university proper to the appropriations made by other southern states.

"Georgia gives to its university," he said, "less than the smallest state in the union. The maintenance fund from the state for the university last year was \$52,500, while Alabama gave \$116,000; Arkansas, \$147,000; Florida, \$90,000; Oklahoma, \$253,000; Louisiana, \$124,000."

"Of course, if the university did not have an endowment in addition to the annual appropriation it could not exist. The income of the university proper from all sources last year was only \$118,013, as against \$210,000 for the University of Alabama, \$273,000 for Arkansas and larger amounts for nearly every southern state."

Case of Tech. Dr. K. G. Matheson declared that the Tech was contending with too much prosperity, meaning that the number of students had grown beyond the capacity of the institution to take care of them. He told of the

## Mrs. Brooks Organizes New D. A. R. Chapter at Forsyth

The Fourth of July was appropriately celebrated in Forsyth at the handsome colonial home of Mrs. Richard P. Brooks, who entertained in honor of our nation's birth.  
The colors of our country gracefully adorned the spacious entrance and "Old Glory" inspired the guests with patriotic ardor.  
Mrs. Brooks, the charming hostess, for several years has been an active and enthusiastic daughter of the American Revolution, and is at present secretary of the Piedmont Continental chapter of Atlanta. For some time it has been her ambition to establish a chapter of the D. A. R. in her home town, and it is due almost solely to her efforts that the movement reached a happy consummation early July Fourth. An appropriate program was rendered to the delight of the many guests interested in this movement.  
In a graceful manner Mrs. Brooks gave an enthusiastic address of welcome, impressing upon the minds and hearts of all present the value of American liberty and patriotism, and urging them to perpetuate the spirit of our forefathers, and ever to keep before our youth the story of our country and the history of our great

soldiers and statesmen, who, through their heroic sacrifices and long suffering, made our country the greatest republic of all times. In closing the address she paid a loving tribute to the flag. The remainder of the program was as follows:  
Reading, "Our Flag"—Mary Birdsey. Salute to the Flag—in concert.  
Vocal Solo—Mrs. J. E. Bogle and Miss Mammie Pincard.  
Reading—Misses Wilhelmina Blackshear.  
Vocal Solo—Mrs. John Taylor.  
Paper on D. A. R. Work in Georgia—Mrs. E. P. Brooks.  
Vocal Solo—Mrs. J. E. Bogle.  
Mrs. Brooks then introduced Mrs. John O. Ponder, who, in her pleasing manner, accepted the position as regent. Mrs. Ponder is a woman well beloved and her popularity means much toward the success of this movement.  
On this fitting occasion fourteen ladies pledged their support as members to the new organization.  
Application for a charter will be made in the early fall, and until that time the chapter will not engage in any active work.  
The interesting program was concluded by an instrumental solo by Miss Mary Ponder, after which a delicious ice course was served.

# ATLANTA ROTARY CLUB IS NEW ORGANIZATION

Hubert W. Anderson Is President and Henry W. Grady Is Vice President.

An Atlanta Rotary club, which will become a part of the International Association of Rotary clubs, was organized this week by Atlanta business men at a meeting called by Ivan E. Allen and held in the assembly room of the chamber of commerce.

The objects of this organization are to develop and exchange the newest, best and most successful business ideas, to promote progress and honorable methods of trade, and to advance and build up the commercial interests of the community.

Rotary clubs in various American cities are taking a leading part in business and civic progress, and the club organized here is expected to become a vital factor in Atlanta's growth.

The organization meeting was presided over by Mr. Allen, who had been designated as organizer for Atlanta by the international association. At this meeting the following officers and directors were elected:

**HAMMOND ELECTED DEPUTY GRAND PRES'NT**

Frank Hammond, secretary to Mayor Woodward and one of the most prominent figures in the theatrical world, has been elected chairman of the finance committee of the rotary club.

The first meeting of the rotary club, which is its first regular meeting, was held at the Chamber of Commerce on Thursday night. Through Mr. Hammond's efforts Atlanta has won the national convention of the T. M. A. for 1917. San Francisco was chosen as convention place for 1915.

**COOLER WEATHER IS TODAY'S FORECAST**

Cooler weather and more showers are forecast for today. According to the weather bureau, the maximum temperature will be about 85 degrees, which was reached Thursday, and which is decidedly cooler than in most other cities of the United States, and some 8 degrees lower than here on last week.

# DOG CATCHERS WILL SOON BE BUSY AGAIN ON ATLANTA STREETS

Wanted—Two dog catchers. Apply to Walter Taylor, city clerk.

City Clerk Walter Taylor will be a busy little fellow for some days, according to the above, which will shortly appear in the official organ of the city.

Dr. Arthur H. Van Dyke, the author of the dog muzzle ordinance, which was vetoed by Mayor Woodward, and who also drew up the ordinance authorizing an appropriation to operate two dog wagons, called on the city clerk Thursday and urged him to get the dog wagons busy.

Under the resolution City Clerk Taylor will be the custodian of all Fidoes gathered up and there are about 2,999,999 roaming the streets, wrestling with soup bones and upsetting garbage cans. Strictly interpreted, it is the duty of City Clerk Taylor to see to it that the dogs are properly handled so as not to conflict with the ideas of the S. P. C. A. However, Alderman Van Dyke has solved the problem, which has kept the city hall philosopher awake at night, by authorizing him to spend \$10 a day to have the job done.

Applications have already begun to pour in. One fell down in Americus, Ga., has applied for the job, but the city clerk is a bit skeptical.

Between the hours of 10 and 11 o'clock Friday morning the city clerk will examine applicants for the jobs of official dog catchers.

City Marshal James Bolton Fuller, the city dog expert, will conduct the examinations.

# TO USE HUNT TESTIMONY IN CRAWFORD WILL CASE

Testimony of Dr. J. W. Hunt, who attended the late Joshua Crawford during his final illness, will be used by attorneys for his widow, Mrs. Mary Belle Crawford, to refute the statement of Dr. H. F. Harris that he found traces of morphine and other drugs in the stomach of Crawford when he recently examined the body. It is stated that Dr. Hunt will testify that he saw the aged man a small quantity of morphine each day for some time before his death, and this accounts for the presence of the drug.

The testimony of Dr. Harris, of the state board of health, was brought out in a hearing before Auditor James Anderson, sitting at the testimony in the famous Crawford will case. Certain relatives of Crawford are seeking to secure his estate, valued at \$250,000, and prevent the widow, who was Crawford's second wife, from getting a share of it.

# Tariff Association Meets.

# Family of Dying Veteran in Desperate Circumstances and Aid Is Being Solicited

The family of Robert Hightower, the daring lieutenant of the confederacy, whose mind has reverted to the days of civil strife, is in destitute circumstances at their home, 247 Cooper street.

The aged veteran has been afflicted with a strange mental disease for considerable while. Physicians say he is beyond recovery and that his death is a question of only a short time.

Members of local charitable organizations to whose attention the pathetic case has been brought are solicitous of any aid that might be given the Hightower home.

# HEARING IS PROMISED WOMAN SUFFRAGISTS

Washington, July 10.—Chairman Henry of the house committee on rules, today told a delegation of woman suffragists headed by Mrs. Helen Gardner, the writer, that the committee would give them a hearing next December on the question of adding a committee on woman suffrage to the standing committees of the house.

The delegation included the wives of Senator Shafroth, of Colorado, and of Representative Raker, of California; Stone, of Illinois, and Taylor, of Colorado.

Mr. Henry said the committee could not, under the present program, take up the matter at this session, but would be glad to hear the suffragists between the first week of December and the Christmas holidays.

Mrs. Gardner and Mrs. Stone, who did the talking, told Mr. Henry that one-fifth of the senate and one-seventh of the house membership now comes from states where women vote, and that one-sixth of the electoral vote are cast by suffrage states. They also said that in the 1916 presidential election nearly 4,000,000 women will vote.

Suffrage bills for twenty-three years have been referred in the house to the judiciary committee, they said, and this committee has proved a "graveyard" for all such measures.

Consideration in the senate today of the proposed constitutional amendment to enfranchise women was prevented by objection from Senator Thornton, of Louisiana.

# SCOUTS LEAVE TODAY FOR CHATTANOOGA TRIP

Troops 3, Boy Scouts of America, will leave today for a trip to Chattanooga, under the command of Scoutmaster E. G. Everett.

The boys will proceed to Dalton on train, where they will be entertained by the chamber of commerce. From Dalton they will hike to Chattanooga, where the chamber of commerce will take charge of them.

The return journey will be made by hiking.

# WHITE-LIGHT POST SHATTERED BY AUTO

White E. P. Williams was cranking a big four-cylinder car at Hunter and Whitehall yesterday afternoon, the motor slipped into gear, made a lurch forward, and as Williams dodged, crashed into a lamp-post, broke four big globes, one piece of glass falling on the arm of Jenaro Foguitt, a hat-lion vendor of East Hunter street.

If it hadn't been for the lamp post, doubt a number of ladies would have been seriously injured, as the corner was congested at the time.

# July Days Are Special Economy Days

It will pay you handsomely to read the advertisements in THE CONSTITUTION, for this is the month when merchants adjust their stocks by clearing out small and odd lots, things that have not sold fast enough. The accumulations are inevitable in the best stores.

All right for you, but not for the merchant who must keep his stocks trim—within certain merchandising limits. Prices generally drop during these times.

Consequently you will find it wise to run through the advertisements from time to time, for they will enable you to buy many things at prices very much lower than those usually asked for the same styles or qualities.

Things for every member of the family, for all sections of the home and for the table are now uppermost among the advertising features.

# Not Whether to Go to COLORADO But How to Get There!

That is the question. Everybody who can beg, borrow or steal the time for a vacation is going to Colorado this year.

Old Pike's Peak is flashing her wireless to every city and home. People are dreaming of camping tents in deep ravines and quaint summer homes on the mountainside. Men and women, young and old, are going by the thousands this year. And they all want to know the best way to get there. The best, surest and most comfortable route to Colorado is

# Union Pacific

STANDARD ROAD OF THE WEST

—the road on which your vacation starts when the train starts—the road that makes Colorado an overnight trip and brings it within the reach of every home. Perhaps you have never thought of this before. Colorado has seemed to you so far away that only the fortunate people of leisure could go. Now the Union Pacific has brought it down to an overnight trip. And, such a trip! Such dinners! Such beds! Such open carriages, where you sit out-of-doors in the cool shade and Nature unrolls for you such a daylight and moonlight film as was never shown in any theatre!

This wonderful road is the only line to Colorado having the advantages of double tracks. Automatic Electric Block Safety Signals and dustless Sherman gravel all the way. On this route millions and millions of dollars have been spent for your luxury — this certainly is the only way to go.
