CARUSO IN A BAD FIT AS COURT FITS LOVE SUIT

Rejected Sweathert of Tenor
Can Collect Damages, High
Court Rules.

ROME, June 22.—That the least troubles of Enrico Caruso, the world-famous tenor, are anything but over is shown today in the decree of the Milan Court of Appeals which has just handed down a decision reversing the lower court which last year denied Elias Ganelli, the Milan shop girl, who sued him for failure to marry her, damages in a breach of promise suit.

Caruso is in London preparing to spend the summer at his beautiful villa near Florence, and dispatches say, when shown the decision of the court, he allowed a longer breath, and the unforgotten melody in the form of epithets and adjectives, between which he did not believe the report.

The court, in handing down its decision, held that the decision of the lower court is correct in not providing damages for the injury to the fair name of the plaintiff. The court then goes on to state that, although the relations existing between the singer and the shop girl were reprehensible, it is of the opinion that the girl is entitled to recover the money she spent in fitting herself to be married.

Entitled to Expenses.
The decision orders that a new trial be had for the purpose of ascertaining how much the young woman is entitled to for her "pre-nuptial" expenses, and orders that it be held as soon as Caruso returns to Italy.

The suit in question was started over a year ago and at the time the greatly attired opera-going circles in this country and elsewhere. Testimony developed at the trial that Caruso secured an introduction to her from her employer and on that same occasion she was introduced to you away with me. If I had been so fortunate as to make your acquaintance it is 20 years ago you would have been my wife by this time. Unfortunately, owing to my protesting engagements, I must leave now.

After his departure Caruso boarded the girl with letters written from Paris and London, in which he renewed his protestations, and in one letter ordered the girl to leave the house to break with the "common people."

His "Little Sugar Doll" He sent her many photographs of himself and his children and in writings always addressed her by such endearing names as "Dear Sweet Thing," "Little Sugar Doll" and "My Little Treasure."

Some of the phrases in his letters were most ardent, one in particular, the following, being emphasized: "Tell me you will never leave me very long, indeed. Do you know why I ask? Because I have a mad burning and longing to be myself, up and down, with you, and never regain my freedom."

One of his most characteristic letters contained the following passages: "You will see what I will do to you when you are with me. How beautiful it will be. You shall be my little queen, and I your faithful and devoted slave. Have you ever accepted some other admirer? Can anybody speak ill of you? Have you always done as your mother instructed you? You assure me that you have, and now I can think only of this—to make you mine as soon as possible."

Prayed for Happy Day.
I am glad that you have granted that I see the day in which we will be united. I have never entertained the slightest doubt as to your goodness. There is no need for me to ask explanations or details concerning you.

Wilson's Daughter To Sing for Social; To Inspect Prisons

SUPERIOR, WIS., June 22.—Miss Margaret Wilson, daughter of President Wilson, on Thursday will take part in a social center entertainment to be given in Madison, Wis. She will sing several songs and dance with the members of the Social Center Club.

Miss Wilson's Party Hat a Capital Hit

WASHINGTON, June 22.—Miss Eleanor Wilson, youngest daughter of the President, has succeeded to the place formerly held by Mrs. Nicholas Longworth and has become the leading social milliner of the capital. She not only wears her own hats, but she brings the fashion that she adorns the heads in Washington. The younger set is particularly taken just now with a new creation Miss Wilson has made, which she calls the party hat.

Shepard Is Carried Past Home of Bride

NEW YORK, June 22.—Persons on a late train from New York a few nights ago heard the porter call "Tarrytown" and wondered why Finley J. Shepard, husband of Helen Gould Shepard, did not alight.

Ex-Gov. Dix Not to Govern Philippines

WASHINGTON, June 22.—To his surprise and disappointment, it is clear that he will not consider the name of former Governor John A. Dix of New York, for the office of Governor of the Philippines or for any other post.

Hearer Dies as Text Is Read by Pastor

William H. Mauer, age 65 years, died from heart failure while attending services at the Collins Springs Baptist Church Sunday morning. Rev. H. G. Mitchell, the pastor, had just announced the text of his sermon when Mr. Mauer slipped down in his seat.

'Hello Girl' Knocked Down by Lightning

POTTSVILLE, PA., June 22.—During heavy electric storm lightning set fire to one of the switchboards in the telephone exchange of the American Telephone Company at Shamokin and, threw the operator, Miss Kathryn O'Leary, to the floor. She managed to sound an alarm and was rescued just before the blaze destroyed the building. The loss is estimated at \$25,000.

Forecast for Atlanta and Georgia—Local thunder showers Monday and probably Tuesday.

BULGAR PLOT TO KILL KING OF GREECE FOILED

Soldiers Disguised as Citizens Arrested—One Confesses Conspiracy to Blow Up Palace.

BELGRADE, June 22.—A plot foiled by Bulgarians against the life of King Constantine of Greece has been discovered here. A number of Bulgarian soldiers, disguised as civilians, were arrested today by the Greek military police.

Bulgarians Refuse to Arbitrate; Crisis Near

SOFIA, June 22.—Bulgaria today withdrew its recent acceptance of the arbitration proposal to arbitrate the territorial dispute between this country on one side and Serbia and Greece on the other. This means that Russia's attempt to prevent a fresh conflict in the Balkans will prove futile.

Sickles Can Attend Gettysburg Reunion

ALBANY, N. Y., June 22.—State officials will not prevent General Daniel E. Sickles from going to the annual reunion of the 116th Pennsylvania of the battle of Gettysburg, according to General Charles F. Smith, counsel for General Sickles.

Railway at Panama Big Military Asset

WASHINGTON, June 22.—Director of the Panama Railroad at a meeting in the office of Secretary of War Garrison regarded it as a prime military importance that the railroad be kept in every way, and it is expected that there will be considerable traffic over the line even after the canal is open.

Rule Bars Bad Aliens Coming From Islands

WASHINGTON, June 22.—Secretary of State has issued an order amending the regulations so as to give the immigration authorities at national ports authority to reject aliens from the insular possessions of the United States.

First Cool Weather Signs Since June 16 Brought by Breezes

Fair and slightly changing temperature at the weather-observatory today. At 7 o'clock the temperature was 74, while an hour and a half later the thermometer had fallen two degrees only. This was the smallest rise during the same period of time since June 16, and it indicated the maximum temperature for the day might be less than 90 for the first time since June 16.

Yancey Killed One Week ago; Family Is In Need of Support

One week ago Monday Court Deputy Dave Yancey was stabbed to death by a crazed negro while attempting to enforce law and order, as he had every day. To-day his widow and six children are holding a constant vigil for the soul of their little son on the Johnson Road.

Prince of Wales 19; Big Week in London

LONDON, June 22.—A week of extraordinary social activity was ushered in today. The Prince of Wales today celebrated his nineteenth birthday. To-morrow the young Prince as special representative of King George, will welcome Premier Poincaré of France at Portsmouth.

Writers Defend Play Barred in Germany

BERLIN, June 22.—The suppression of the play "The Blue Bird" by the authorities of Breslau, because of the complaint made by the Crown Prince and many citizens that it gave too much praise to the French and not enough to the Prussian hero, has caused angry protests from many literary men and others who are prominent in politics.

Soorates Victim of Recall, Lawyer Says

CAMBRIDGE, MASS., June 22.—Making a plea for a less hostile attitude toward the judiciary, Zachariah C. Soorates, Jr., who is taking his degree as a lawyer at Harvard, said in a commencement speech that the judiciary and recall was lifted on Alcibiades and Soorates in Athens and worked injuriously.

Death Hovers Over Chalk Victim Poison Baffles Expert Efforts Doctors Abandon Hope for Life

Here is a picture of little Mary Tribble, the poison chalk victim, taken when she was a few years younger than she is now. She was the pet of the neighborhood then, and has since then been a very much loved little girl in school.

Women Are Drifting To Double Standard, Dr. White Declares

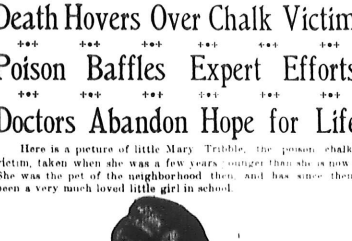

An appeal for decency in life and art was made by the Rev. Dr. Dunbar Ogden at the Central Presbyterian Church Sunday night. The extreme fashion of women's attire of the present day was declared by him to be a menace to the morals and the nude in art was even more vicious.

Women's Attire and Nude in Art Scored By Dr. Dunbar Ogden

Women Failures as Car Strikebreakers

PHOENIX, ARIZ., June 22.—Three women operated streetcars here at the striking railway employees. After an attempt of three hours, however, the manipulation of brakes and dodging of obstacles proved too arduous, so they quit.

Little Mary Tribble Is Fast Sinking and She May Not Live Through the Day.

Stoicly sinking to a death that the physicians regard now as almost certain, little Mary Tribble, daughter of Policeman Tribble, lies now unconscious and now torn by racking convulsions at her home in East Atlanta, the victim of a strange poisoning that developed after she had eaten some brightly colored chalk more than two weeks ago.

The 7-year-old girl, who has been almost entirely paralyzed for the two weeks since she suddenly was stricken, has suffered two convulsions in the last 24 hours, although three physicians have done their utmost to counteract the effect of the mysterious poison.

Another physician offered his services to the family Sunday. He recommended and administered a continuous water treatment throughout the day. For a few hours she appeared better, but at nightfall one of the terrible convulsions convulsed her little body and it was thought that she had come Monday morning upon the victim of another, and the family practically gave up hope.

Dr. Ogden referred to a number of local institutions to illustrate his sermon. Talking of the moving picture film, "Quo Vadis," he said: "We have the illustration of how Rome threw decency to the winds as it indulged in flagrant revelry. History tells us of how Rome interested and fell for higher plane upon which woman exists or woman would sink to man's level."

He regretted that the present tendency appeared toward the adoption of man's code of morals by the women.

He thought, however, that this condition was temporary and that man would bring himself to her level.

HUNTS UNDERTAKER NELLE CHICAGO, June 22.—Jacob Zelle, who said he was a Cleveland physician, was found last night walking along North Clark Street with an unconscious man in his arms. He was dead and was looking for an undertaker to bury him.

LEGISLATORS ALL HERE; LOOKING HINTED

Reports That Interests Have Hand
in Senate Presidency Fight
Are Being Circulated.

The Georgia Legislature for 1913-14, although it does not assemble for organization until 10 o'clock Wednesday morning already is all but unanimously in Atlanta.

All Monday and Tuesday the members poured into the city. Not only have they come early to discuss the matter of organization in both houses but they are here to confer together concerning the legislation to be proposed during the first session.

The Legislature is a new one, and there will be a complete change in administration under the big dome within the next few days.

Monday the hotel lobbies are swarming with politicians and statesmen. They are undertaking to get their bearings and the getting in some directions is extremely difficult.

Benning Race a Puzzle.

Nobody seems to know who is to be with the frequency of the Senate and the Governorship and certainly he is sure to be a compelling factor in the shaping of legislation.

Whereas, one hears it whispered that certain big corporate and manufacturing interests are deeply concerned in the selection of Benning for the presidency of the Senate, and many such on the subject, are interesting in the selection of Benning.

Burwell Called Favorite.

The speaker-in-chief generally is considered to have an advantage in the race for Burwell. Burwell is thought to be very much in the lead and practically sure of election on the flat ballot.

Burwell Looks Certain.

Burwell seems to have made a much better showing in his race than either of his opponents, and for that reason is looked upon as a most likely winner.

Tax reform is the one big topic of discussion discussed most generally. It seems agreed on all sides that the State must have more revenue or let its various institutions lag woefully behind the more advanced States.

Do You THINK While You Are Dressing?

The Time Used in Dressing Need Not Be Wasted

Man in the process of evolution has got rid of his fur, or feathers, and every day he must put on something to take the place of fur, and every night he must take off the artificial clothing.

One old man in the State of New Jersey killed himself and left a note saying that he died because he was so tired of buttoning and unbuttoning clothes.

There is apparently no greater waste of time than the time that is spent in dressing and undressing.

Bathing, shaving for men and powdering your nose for women, finding what you want to wear and putting it on—it is a tiresome part of every day.

BUT—The hours in which a human being grows and develops mentally are the hours of solitude.

And a great many of us are practically never alone, except when we are getting dressed or undressed.

Sleep is a time of idleness—no growth there. When we are with others we listen, learn perhaps, and debate, but we don't really THINK WITH INTENSIBILITY.

The one thing that makes you more of a man than you were last year is intense, solitary thought.

Why not say to yourself: Since I must spend at least 330 hours a year in dressing and undressing, in bathing and shaving and looking for my collar button, I'll also spend that time IN THINKING?

Do you know how many men spend 300 hours a year in actual concentrated thought?

Not one in a thousand. Suppose you see what you can make out of the hours lost in putting on and taking off the artificial fur and feathers and how much you can grow in the thinking.

Racon felt that the mind was developed by reading, talking, and writing.

And he said: Writing maketh an exact man. Speaking maketh a ready man. Reading maketh a full man.

(We quote the learned gentleman from memory, which is necessary when you write editorials on a railroad train.)

Reading fills you with knowledge, speaking makes you quick or ready, writing makes you exact—true.

But more important than reading, writing or speaking IS THINKING.

The real YOU lives inside of your brain alone. And it works at its best when you are alone.

Aristotle taught Alexander the Great walking up and down with the young prince that he might become wise and strong at the same time—that is what they call the peripatetic method of intellectual development.

Why don't you educate yourself in thought as you march up and down from the bed to the bathroom, from the rough towel to the safety razor, and so on through the long, tiresome and usually wasted process of dress?

"I Used To Be"

How many times have you yourself heard men, standing up against a bar, bragging about what they USED to be? Perhaps some were telling about the good jobs they ONCE had; or maybe another one—with the shell of a ONCE fine body—was telling what a great athlete he USED to be, how he ONCE did "the hundred yards in 93.5," but could not now even run for a car with-

out blowing like a grampus. You will also notice that these men usually drink WHISKEY—because, as they put it, it has a stronger "KICK" than other drinks. What better word could define it than KICK? Look around you at the men it has KICKED out of good jobs, good health and good homes into the land of USED TO BE. HAL COFFMAN.

THE OLD ROMANS

By WILLIAM F. KIRK.

They strutted into the bar room, Three boys—they were nothing more; They ordered their drinks with grins and winks. While their heels hit hard on the floor, When one of them grew less frisky And seemed half ready to slink, Cried the others, "Aw, one more whisky! That's a good old Roman drink!"

Any Man Can Be Happy With It; No Man Can Be Happy Without It

By Ella Wheeler Wilcox

I KNOW the need of the world. Through it would not have me know. It would hide its sorrow deep. Where only God may go. Yet its secret it cannot keep; It tells it awake or asleep, It tells it to all who will heed, And he who runs may read. The need of the world I know.

WE'RE OF 72 FOR FRANK JURY IS DRAWN

Negro Conley Sticks to Affidavit Story When Again Cross-Examined by Dorsey.

The first official action of the court in preparing for the trial of Leo M. Conley for the murder of Mary Phagan was taken Monday afternoon when Judge L. S. Roan imposed 21 men from whom a jury to hear the case will be sought.

June 23 was agreed to by Judge Roan and the attorneys of the case. If a postponement is desired it will now have to be asked for in open court.

As yet Judge Roan said he had not received an intimation from the defense that a delay was wanted.

General Hugh M. Dorsey asked for a continuance of the trial until the 25th of this month.

Crackers and Pels Stopped by Rain; Double Bill Tuesday

NEW ORLEANS, June 23—A heavy downpour just before game time today kept the playing off and the game will probably not be played until tomorrow. Both teams were out practicing and were about ready to start when the rain fell. After waiting three minutes the umpire was made agree to start the game. The game was held at the Cracker and Pels stadium in New Orleans. The game was held at the Cracker and Pels stadium in New Orleans.

Miss Wilson's Pansy Hat a Capital Hit

WASHINGTON, June 23—Miss Eleanor Wilson, youngest daughter of the President, has succeeded to the place formerly held by Mrs. Nicholas Longworth and has become the leading society matriarch of the capital. Her hat only tells her own tale, but she brings the jauntiest hat that wears a ball's head in Washington. The young girl is particularly fond of just now with a new creation Miss Wilson has made, which she calls the pansy hat.

President in Parson Urges Currency Reform With Government as Active Agent.

WASHINGTON, June 23—Representing his act as the beginning of his administration, when he was made aware of the present by personally delivering his message to Congress, President Wilson appeared before a joint assembly of both houses of Congress today and delivered his message on the currency.

President Wilson reached the Capitol at 12:55 o'clock, accompanied by his secretary, Joseph Tumulty, and two secret service men. He went immediately to Speaker Clark's private office, where he was received by a joint committee of Senators and Representatives.

After remaining in the Speaker's office for less than a minute, the President, escorted by the committee, went to the House chamber for the reading of his currency message. His appearance in the chamber was greeted with general applause, and the assembled Senators and Representatives arose as he entered.

The committee which met the President and escorted him to the chamber consisted of Senators Kern and Reed and Representatives Underwood, Fitzgerald and Mann.

Secretary McAdoo, who helped frame the currency bill, was one of the first Cabinet officers to reach the House today. Secretaries Houston, Lane, Wilson and Garrison reached the House shortly in advance of the President and took seats on the floor.

Miss Wilson, accompanied by Miss Isabel Hagner, her secretary, reached the Capitol about ten minutes in advance of the President and took seats in the executive gallery.

The President concluded the reading of his message at 1:01 o'clock, having used but ten and a half minutes in its delivery. As he finished he bowed and shook hands with Speaker Clark and Vice President Marshall. Both galleries and Senators and Representatives generously applauded.

Admittance is limited. The House and of the Capitol was closed to the public today in anticipation of the visit of President Wilson to deliver his banking and currency message. Policemen stood at the entrances and in the corridors and turned back all those who could not show a ticket of admittance.

More than 500 tickets were available for spectators in the galleries, and each Senator and each Representative had one ticket. For the most part, the galleries were full. The President and Congressmen, Representatives who have been out of the city returned early today and when the President appeared.

VENUE OF TRIAL FOR FRANK'S JURY IS DRAWN

Negro Conlay Sticks to Affidavit Story When Again Cross-Examined by Dorsey.

The first official action of the court in preparing for the trial of Leo M. Frank for the murder of Mary Phagan was taken Monday afternoon when Judge L. S. Roan impaneled 71 men, from whom a jury to hear the case will be sought.

Jury 31 was agreed to by Judge Roan for the opening of the case. If a postponement is desired it will now have to be asked for in open court.

As yet Judge Roan said he had received no intimation from the defense that a delay was wanted. Solicitor General Hugh M. Dorsey said Monday the prosecution was ready for trial.

Trial in Thresher Building.

An extra staff of deputies has been sworn in and subpoenaed to jurymen impaneled and witnesses are now being served.

No plans for a larger room in which to hold the case have matured, and it is likely that the courtroom of the Superior Court in the Thresher Building will be used at last, despite its size and lack of comfort.

Jim Conley, the negro sweeper, was brought before Solicitor Dorsey Monday morning for another cross-examination. The questions were asked all of the witness for the first time in the Thresher Building.

Charging Frank with the crime. As the Solicitor later said, he had only refrained Conley's mind on the point he had made in his statement. The negro told the same story he told before without deviation.

Mr. Dorsey said that he would call Jim Coleman, steward of the hotel, the stranger girl, was summoned by the Solicitor after Conley had been questioned for some time and was brought before the negro. Solicitor Dorsey surrounded the performance, and if anything was gained by confronting the sweeper with Coleman it was not divulged.

Mr. Phagan's grandfather accompanied Coleman.

Later Coleman said that he had called particularly to ask the Solicitor if Judge West Moore, formerly of the Blue Ridge Circuit, could be brought into the case. Mr. Dorsey informed him that the State had made all arrangements for handling the case, but that if he wanted to have the former Judge represent the family that he had no objection.

Attorney Reuben Arnold, for Frank, announced Monday morning that the defense case was completed. Mr. Arnold said that the testimony of twelve witnesses would form the bulk of the trial work. He stated that only the inability of one or more of these witnesses to appear at the time set for the trial would cause the defense to ask for a postponement.

Monteen Stover, the young girl who called at the pencil factory office between noon and 12:15 o'clock on the afternoon of the murder, was taken before Judge Conley at the police station Monday and identified by the negro as the girl he had seen while hiding at the foot of the stairway waiting for Frank's signal.

Atlanta Man Tells Neurologists They Alone Keep U. S. Sane

CHICAGO, June 23.—"Were it not for the alienists and neurologists of America, the country would in time be inhabited only by insane persons." This was the statement today of Dr. J. Chester King, of Atlanta, before the convention of neurologists meeting here under the auspices of the Chicago Medical Society.

"There are more insane people in the United States than any other country in the world," he said.

"Causes of insanity, he said, were whisky, hereditary weakness, religious excitement and modern life.

"The business man and the society woman," he said, "are falling victims to modern life. The business man often loses his mind through chasing the almighty dollar, and the society woman because of her excessive and irregular eating, worry over card games, envy of another's success and too much attention to dress."

Hot Wave Is in No Danger of Breaking, Says Weather Man

"Continued warm weather, with possibly thunder showers late in the afternoon," was the weather outlook for Monday.

Forecaster C. F. Vonlermann said the backbone of the hot spell was in danger of being broken. "We are due to have considerable more hot weather through June and July," he said. "It keeps up much longer this way, the old record of sixteen consecutive days with the temperature never falling below 85 degrees."

Mr. Vonlermann said the weather was about the same all over the country, 50 degrees below the average. The thermometer at noon registered 85 degrees and at 1 o'clock 83 degrees. The maximum temperature, however, is expected to be about 90 degrees, the lowest maximum of last week.

LEGISLATORS ALL HERE; LOBBYING HUNTED

Reports That Interests Have Hand in Senate Presidency Fight Are Being Circulated.

Undoubtedly the big and absorbing topic of comment and speculation among the great throng of Georgia legislature statesmen and politicians in Atlanta today is the forthcoming election of a President of the Senate.

Judge John T. Allen, of the Twentieth District, and Senator J. Randolph Anderson, of the First District, both advance trenchant claims to election.

Each exhibits that which he considers unqualified pledges of support from more than a sufficient number of Senators to elect.

Senator Anderson gave out an interview Saturday in which he said he had 18 votes planned, seated and delivered. He said then, and reaffirms it today, that he has the race won beyond a doubt if he is elected.

Judge Allen, on the contrary, gave out the following interview today: "Senator Anderson has not 18 votes pledged—he can not have. I do not say he willfully mistakes the situation, but he may imagine he has the votes—but he mistakes it, nevertheless."

Claims 25 Votes.

"I have 25 votes pledged to me in writing, without any qualifications whatever—straightway promises. Not one man signing these pledges—any are individual, and not in the form of a list—will break his word to me. I shall be elected, for I only require 100 'votes' to win. I shall get five besides the ones I now have pledged."

"It should be remembered, too, that a distinguished South Georgian, Judge Sweet, has four votes, and that another distinguished Senator, Mr. Tyson, has two or three. Judge Sweet is in the race, and so is Senator Tyson—each if he wills to run."

"Nobody seems to know who is to win the Presidency of the Senate, which carries with it the Lieutenant Governorship of Georgia."

"On the surface of things, the fight seems to be about even between Senator Allen, of the Twentieth, and Senator Anderson, of the First."

Below the surface rumor and gossip speak of the various interests that are being talked about the hotel lobbies freely.

"The President of the Senate might, in certain circumstances, succeed to the Governorship, and certainly he is sure to be a compelling factor in the shaping of legislation."

Wherefore, one hears it whispered today, a negro, last December.

LAID RUN DOWN IN MARIETTA STREET BY MOTOR OF POSTOFFICE EMPLOYEE.

Hundreds of persons, many of them women and children, saw six-year-old Johnny Nickers, a newsboy, residing at 111 West Pine Street, run down by an automobile at Marietta and Forsyth Streets, and seriously injured late Monday afternoon.

The car was driven by E. V. D. Manning, of 24 Spencer Street, a post-office clerk.

The boy was attempting to cross the street when the car bore down upon him. Warning cries from pedestrians were in vain. The lad turned only in time to make a cutting dash out of the way of the automobile. It struck him full in the right side and knocked him fifteen feet to the curb.

The boy's screams attracted a crowd, which for a time paralyzed traffic. Manning was charged by the police station where a charge of reckless driving was made against him.

The Nickers boy was taken to the Grady Hospital.

Eighteen Ministers in Baseball Game Feature of Picnic

A baseball game between eighteen Baptist ministers was the feature of an old-time picnic and barbecue held by the Baptist Ministers' Association of Atlanta at the waterworks Monday.

The game was played in the afternoon and followed the weekly morning conference of the ministers. More than 100 "wonders" who participated in the picnic viewed the battle on the improved diamond.

Dr. John E. Whittier, of the Second Baptist Church, pitched for one side, while Dr. C. A. Ridley, of the Central Baptist, tried for the other.

President's Currency Plan Pleases Otley

WASHINGTON, June 23.—John K. Otley, vice president of the Fourth National Bank of Atlanta, was one of the great crowd in the galleries to hear President Wilson's currency message to Congress Monday. Mr. Otley was enthusiastic over the program urged by the President.

"President Wilson showed he was thoroughly familiar with the currency situation," said Mr. Otley. "He said just enough and no more, and will win, without that. And certainly I would prefer to see him."

"I hope and believe he will get action."

REPEAL BANKING PERSON BURGES

President Reads Currency Reform Message to Congress—Wants Federal Control.

Continued From Page 1

What is to be done in the presence of such a situation? It is almost imperative that we should give the business men of this country a banking and currency system by means of which they can make use of the freedom of enterprise and of individual initiative which we are about to restore upon them.

Must Provide the Tools. We are about to set them free. We must act when they are free. We also should be free by removing the handicap of the protective tariff. Ever since the tariff was taken away from the protection of the tariff...

There will be some readjustment of interests and interests. There will follow a period of adjustment. It is for us to determine whether it shall be a smooth and easy adjustment. This cannot be accomplished. This cannot be accomplished. This cannot be accomplished.

What will it profit us to be free if we are not to have the best and most accessible instruments of commerce? What will it profit us to be free if we are not to have the best and most accessible instruments of commerce?

The tyrannies of business, big and little, the tyrannies of credit. We know that. Shall we not act upon the knowledge that we know? Shall we not act upon the knowledge that we know?

What is to be done? We must act now, at whatever sacrifice to ourselves. It is a question of time. It is a question of time. It is a question of time.

VERDICT OF 12 FOR FRANK JURY IS DRAWN

Dorsey Announces That Trial Will Start Week of June 30--Active Investigation Continues.

Seventy-two men, from which a jury will be sought to try Leo M. Frank for the murder of Mary Phagan, were empaneled Monday afternoon by Judge L. B. Roon, of the Superior Court.

This action was the first by the court to bring the penalty for the murder of Leo M. Frank to a public trial. The names of the men chosen were not made public. They will be summoned immediately to appear in court when the Phagan case is opened.

Despite the fact that the prosecution previously had announced that the case against Frank, complete investigations have continued an active investigation.

Clayton Agala Examined. Conley was brought before the collector for another examination late Monday morning. Another effort to break down his affidavit was made by Mr. Dorsey and new questions put to him concerning his affidavit. The outcome of the examination was not made known.

Solicitor General Dorsey, after a conference with Judge Roon Monday morning, announced that the Frank case would go to trial June 30. This decision was made after approval of Judge Roon, who stated that no information has been received by him from the defense that a postponement would be asked for, and that therefore any move for a delay would probably be made in open court on the trial began.

Life's Worth Living in Georgia

If you prefer city life, there are no better cities in the world than those in Georgia. If you prefer village life, the smaller towns in Georgia offer every inducement.

Climate and Soil

The climate is such that farmers do not have to house stock during the winter, there being good grazing the entire year.

The soil is suited for almost anything that grows and can be utilized the entire year. The prices at which good farm land can be purchased at present in Georgia are so low that it is a matter of comment---some thinking that the land is not so good as stated.
