## Frank Files Reasons for New Trial

### 3 AMERICANS DIE IN FALL OF JUAREZ

Rebels in Night Attack Rout the Huerta Forces—Powers Back U. S. in New Note.

EL PASO, TEXAS, Nov. 15.—The official list of the casualties of the battle of Juarez was placed at 150 dead and 300 wounded. The rebels had no one killed and only twelve wounded.

General Castro, commanding the federal garrison, who crossed the river near the Santos street bridge, was found hiding under a bed in the rear of a little store at No. 107 Varain street, this city, and turned over to the United States Army officers.

General Villa, the rebel leader, also took between 400 and 500 prisoners and captured fifteen machine guns, four field pieces, several hundred rifles and hundreds of thousands of cartridges.

MEXICO CITY, Nov. 15.—A semi-official announcement was made here this afternoon that General Huerta would not resign. This was followed by undenied rumors that the Embassy of the United States would be closed and its functions turned over to the Envoy of Norway.

EL PASO, TEXAS, Nov. 15.—Eleven Federal officers captured by Mexican rebels when they seized Juarez were executed this afternoon.

Special Cable to The American. MEXICO CITY, Nov. 15.—Charges of unfairness O'Shaughnessy has gone to the national palace to see General Huerta. Indications at the American Embassy were that he was the bearer of a message. While he was at the palace Mexican officials declared that Huerta had no intention of resigning to-day.

WASHINGTON, Nov. 15.—On receipt of information that several Americans were killed during the capture of Juarez by the Constitutionists early to-day, Secretary Bryan instructed Consul Edwards, at Juarez to investigate the matter and report at once to the State Department.

Secretary Bryan admitted to-day that another note has been sent to President Huerta through Charles O'Shaughnessy. The American charge will deliver this communication to-day or to-morrow. Upon the reply of the Mexican President will depend whether the United States will withdraw its embassy from Mexico City.

The Secretary of State further asserted that all the European nations have stated their intention of supporting the United States in its Mexican policy and added that Japan also has made plain the fact that it will support President Wilson.

News to this effect reached the State Department to-day directly from Tokyo and removed doubt from the minds of Government officials concerning the attitude of the Japanese Government.

It has been feared here that Japan would attempt to block the American policy in Mexico by supplying President Huerta with arms, ammunition and other supplies. Now, however, that assurances have been received from all the world powers that the United States is to have a free hand in settling the Mexican trouble in its own way, administration officials are certain that President Wilson's policy will be brought to a successful termination within a short time.

The feeling is strong in Washington that Huerta has reached the end of his career and that another fortnight will see another head of the Mexican Government.

Rebels Surprise and Capture Juarez in Night.

EL PASO, TEXAS, Nov. 15.—The city of Juarez, just across the Rio Grande, was captured by Mexican rebels in the presence of the girls.

### AFTER GAME, STUDENTS OF MID CITY

Football Victory Celebrated In Way Only Collegians Know—Rival Cheer Leaders Clash.

Georgia, 14; Tech, 9 with 12,000 yelling men, women and children looking on.

That's why Dick Russell, who, by virtue of his station as yell leader of the University of Georgia mob, is a young gentleman of considerable eminence, had only enough voice left Saturday night to murmur hoarsely the refrain he had been shouting all the afternoon:

"Tell with Tech!"

And that's why Fax Montague, who occupies the same respective position among the men of Georgia Tech, answered him defiantly but huskily as they glared at each other across the sidewalk in front of Nunnally's:

"Tell with Georgia!"

A third business man, his arms full of bundles from the Saturday night shopping, pushed his way through the crowd of ribbed youths who clogged traffic on Peachtree street.

"To the same place with all of you," he growled. "I think the whole country's gone crazy to-day!"

Staid Citizens Bewildered.

To the staid and sober citizens who chanced downtown last night it seemed indeed that the city was a reincarnated Babel, or a Millodgeville Angham suddenly grown to the proportions of a metropolis.

He found he couldn't cross the streets except at the hazard of his life from among the yelling mobs who slapped him in the face with red and black pennants, or who knocked off his hat with gold and white streamers, and who sang "Glory to Old Georgia" or pulled "Tech-a-heck" in his confused ears.

"Only there wasn't so much of 'em' as you'd expect," said H. M. Bannister, a boilermaker, who was hurled 50 feet Saturday morning into a "dumppit" at the city crematory, and was taken to Grady hospital, still conscious and with no bones broken, but suffering with injuries about the head and face.

It also is feared that he was injured internally.

Bannister, who resides at No. 115 Bedford place, was residing at a hotel at the crematory, working on a platform above the machinery.

A traveling crane, used for hoisting the refuse to the incinerators, swept over the platform and knocked the workman off into the adjoining pit.

Other workmen, horrified at his cry of alarm as he was swept out into the abyss, were certain he must be killed by the fall, but, before they could reach his supposedly unconscious form they heard him calling feebly for help.

The first examination at the hospital indicated that Bannister would recover.

Fortunately for the workman, who landed on his head and shoulders, the impact of his fall was broken by a lot of rags and other comparatively soft material.

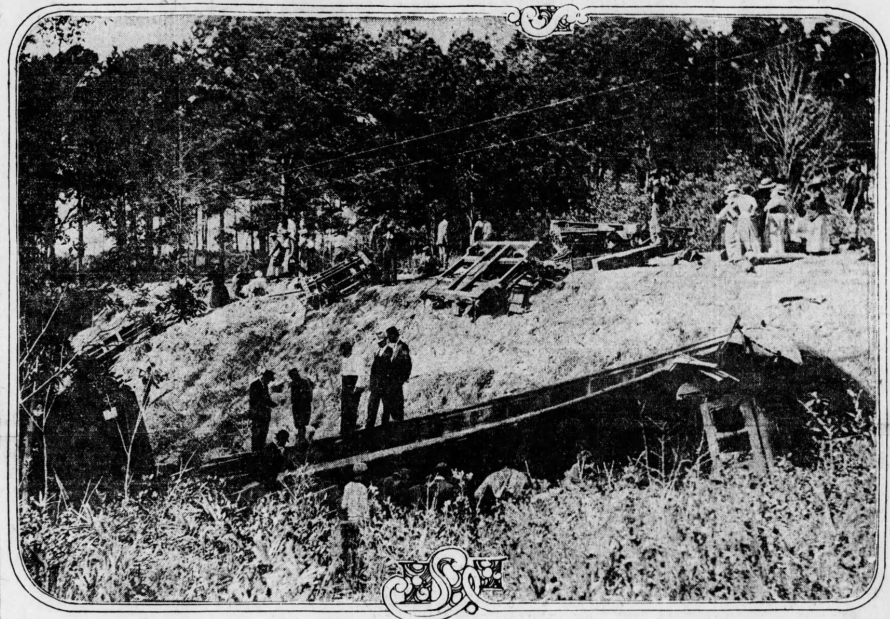

Young Broyles Is Indicted as Forger

Thirty-five indictments were sent to Judge Hill by the Grand Jury Saturday morning.

Three of the indictments were against A. Emerson Broyles, each alleging a felony, one for forging the name of Logan Williamson, his employer, and the other two for passing counterfeit checks.

The present Grand Jury was returned nearly two indictments since its organization two weeks ago.

### SCENE AT WRECK OF EXCURSION TRAIN, NEAR CLAYTON, ALA., THAT KILLED 12 AND HURT 200

### HURLED 50 FEET BY GIANT CRANE

H. M. Bannister, a boilermaker, was hurled 50 feet Saturday morning into a "dumppit" at the city crematory, and was taken to Grady hospital, still conscious and with no bones broken, but suffering with injuries about the head and face.

### Ousting of Clements To Square Political Debt Raises Storm

The plan to oust Judge Judson Clements, of Georgia, from the Interstate Commerce Commission, to make way for a "patronage candidate," is causing a storm of criticism among the Judge's Georgia friends, and echoes of the storm are being heard in Washington.

The fact that Judge Pruett, the oldest member of the Commission in point of service, is to retire, makes it appear that the services of Judge Clements, the next oldest member, are particularly needed at this time.

The Washington Times has this to say:

The public has some rights in this matter that can not safely be ignored. The use of patronage power to say personal or political debts at the expense of a more important branch of the public service will be neither forgotten nor forgiven.

### Stone Mountain Rate Accepted by Rail Co.

The Georgia Railway and Power Company has notified the Georgia Railroad Commission of its acceptance of the rates fixed by the Commission on the line between Atlanta and Stone Mountain. This ruling does the rate at 25 cents between Stone Mountain and Atlanta and 5 cents between Decatur and Atlanta.

### Elected With 1 Vote; Opponent Ruled Out

ELIZABETH, N. J., Nov. 15.—His opponent's election having been declared void on technicality, William J. Adams, a Democrat, has been elected constable. A "Summit" although he received but one vote, Elizabeth, the proposed Republican candidate, received 488 majority.

### GEORGIA TARDY IN JOINING CANAL FAIR

SAN FRANCISCO, Nov. 15.—J. H. Haver, of Brunswick, Ga., who is in San Francisco, declared to-day the Panama-Pacific International Exposition to be held here in 1915, would be the greatest in history.

"Having just returned from the grounds," said Mr. Haver, "I feel that I can speak with some degree of correctness. I interviewed contractors and workmen and made personal observations, besides getting information from pamphlets. There seems to be every indication that this exposition will surpass anything yet held.

"When I entered the exposition grounds I was most bewildered with the magnitude of the whole enterprise, and the hum of incessant industry was deafening. Thousands of workmen are making the site ring with the noise of their tools.

"Back of the making the site ring the guiding hand of genius is apparent. Great buildings, new nearing completion, indicated lines of beauty and the outline of the architecture as a whole shows that a city beautiful is nearing completion, ready for the world's visitors.

"There is great activity along the avenues of the States and nations. The whole world is apparently alive to the opportunity of displaying the face of the future in anticipation of the opening of the Panama Canal.

"No other of the world's thirty-one nations have declared their intention of participating, and likewise 35 States in the Union. But I am confident that there is time enough yet to set aside a fund for participation."

### SLAYER SHOTS HIMSELF

LEXINGTON, KY., Nov. 15.—John Ross, a bank robber, who shot and killed Frank Smith, the witness in the trial, shot himself through the body and will die.

### Thief Gets Away With Hen, Despite Shower of Bullets

Desperately clinging to a stolen chicken, a thief scrambled over a rear fence at the residence of J. Jacobs, No. 301 Capital avenue, at 4 o'clock Saturday morning, pursued by a shower of bullets Jacobs sent after him from a second-story window.

Jacobs had installed a burglar alarm in his chicken house, Early Saturday morning it awoke him. He crept to a rear window, pistol in hand, and stealthily raised the east, just in time to see a man emerge from the henhouse.

Jacobs fired five times quickly, while the thief fairly leaped the rear fence, and got away with the chicken.

### Whitehall Repaving To Be Begun at Once

Work of paving Whitehall street from Whitehall to Garnett street will be started at once and in two or three weeks the County Commissioners expect to leave the street in good condition. The grading of the street with the exception of the sidewalks, is practically complete, while the waterworks pipes and conduits and pipes of the different public utilities will be used, the public works committee of the County Commissioners is expected to start the repaving to-day.

### Meningitis Attacks Man While at Work

Lawton Robinson, employed at the J. L. Burnett wall paper store, No. 71 South Pryor street, was stricken with meningitis Saturday morning while at work. He fell unconscious and was rushed to the Georgia Hospital at No. 142 South Pryor street, but his home is in Cowling, Ga. At the hospital his condition was pronounced extremely serious.

### CUYLER IS BACK TO SEE LAWYER

Telmon Cruger Smith Cuyler, who has fled suit in Chicago against his mother-in-law, Mrs. Isabelle T. Barton, for \$500,000, alleging alienation of the affections of his divorced wife, Mrs. Grace Harmon Cuyler, returned to Atlanta late Friday night. He has apartments at the Aragon Hotel with his mother, Mrs. H. H. Smith.

Mr. Cuyler held a long conference with his attorney, James W. Austin, Saturday morning. Both declined to discuss the suit other than to say that there have been no developments of importance.

Mr. Cuyler and Mr. Austin also declined to say whether service in the suit has been obtained upon Mrs. Barton. It is understood the next step of the Atlanta man hinges upon certain developments expected in New York City soon. Rumor has it that Mrs. Barton is in New York and that service will be obtained there.

The suit was filed in the Chicago Superior Court October 1 by John M. Rankin and Frank D. Fulton, attorneys acting for Mr. Cuyler. It followed the granting of a divorce to Mrs. Cuyler in Alameda, Cal., several weeks before.

Efforts were made to serve the papers on Mrs. Barton soon after the filing of the suit, when she passed through Chicago en route from New York to San Francisco, but it is understood the efforts were not successful.

Mr. Cuyler has been living at the Aragon with his mother for several months. It was rumored this morning that Mrs. Smith is preparing to go to her country home at Wayside, Ga., but it is understood that Mr. Cuyler will remain in Atlanta.

### COLD WEATHER RECORD

COLUMBUS, Nov. 15.—All weather records in Columbus were broken this week because of the cold snap, when the thermometer went as low as 26. Heavy frosts have appeared each morning.

### PHILAN CASE IN SUPREME COURT

Argument To Be Set for December 15 and Final Decision May Be Made by March.

All doubt as to when the arguments will be heard by the Supreme Court in the Frank case was set at rest Saturday, when the bill of exceptions, properly certified, was filed with the clerk of the court for record.

This means the case will go on the calendar for argument on December 15, although actual argument may not be heard for three or four days thereafter.

Arguments in the case may be made either orally and by brief, or by brief alone. If oral arguments are made, the hearing likely will take several days. If briefs are relied upon entirely, however, the hearing will be exceedingly short and non-spectacular.

Following the submitting of arguments the court of review will take the case under advisement for such length of time as it deems necessary, not to exceed twelve months, however. It means the case will be looked for about March.

If the verdict and rulings of the lower court are affirmed as matters of law, the case ends so far as the State of Georgia is concerned, and the execution of the defendant in the trial record alone will be necessary to close the case.

If the case is reversed, it will go back to the lower court for retrial, exactly as if it had never been tried, and likely will come on for trial again in July of next year.

### Who Will Entertain Governor Slaton Has Stirred Up Waycross

WAYCROSS, Nov. 15.—Waycross is upset to-day over who will entertain Governor John M. Slaton when he visits this city next Thursday.

Arrangements have been made for a banquet starting at 3 o'clock, preceded by a two-hour reception at the Board of Trade. But before the banquet arrangements were completed, Representative I. J. Cooper, made plans to entertain the Governor with a dinner from 8 to 9 o'clock at his home, and proposes to carry out his plan. The Board of Trade has had a special meeting in an effort to adjust the question, and another will be held later to-day.

### Vincent Astor and Harriman's Son 22

NEW YORK, Nov. 15.—Vincent Astor and W. Averell Harriman, two of America's richest young men, are 22 years old to-day. Mr. Astor planned to pass the day at his country estate, "Rhinbeck," although he may go with his fiancee and a party of friends to see the Yale-Princeton game at New Haven.

Mr. Harriman, with a party of sportsmen friends, is at his mother's ranch in Idaho.

### Veteran Runner and Referee Kills Self

BOSTON, Nov. 15.—Harry Hodgins, veteran runner and prominent in athletic circles as a referee of boxing bouts, shot and killed himself to-day at his home in East Cambridge. Hodgins is said to have been brooding over the death of his wife, who died two years ago.

### Confesses Murder; Police Find 2 Dogs

NEW YORK, Nov. 15.—"I saw killed Nellie and her mother," explained Andrew Vanderpool, whose blood-spattered hands and clothes had stained a policeman's suspenders. He was arrested. Detective rushed to Vanderpool's home, where they found two dead dogs.

Half-Ton More of Delicacy To Be Prepared for Distribution Among Friends.

Weight of wedding cake, 130 pounds. Extra cake for distribution, 1,000 pounds. Total weight, 1,130 pounds.

This is the wedding cake being baked in New York for Miss Jessie Wilson, daughter of the President, whose marriage to F. Bowers Sayre takes place in the East Room of the White House during Thanksgiving week.

In addition to the weight of the cake, one-half ton, bringing the total amount baked up to 1,130 pounds, will be prepared for distribution by the bride-elect to her friends throughout the country.

Mrs. Blanche Le Raleg, assisted by her daughter, Miss Edmestine and Miss Magnolia, the "coulgeur" artist, is constructing the cake.

All agree that it is the largest cake of this kind in this country. It is a diamond affair, the lower layer being ten inches high and three feet in diameter, while the top layer is eighteen inches high and almost three feet in circumference.

Eighteen different ingredients are included in the making of the wedding cake, including the best of spices, sugar, eggs, currants, flour, lard, and the cake is not lacking in spirits, for in its baking there is included a goodly supply of Jamaica rum, brandy, a little whiskey and a quantity of sherry of a vintage of several decades ago.

The very size of the cake necessitated the building or baking of it in sections. Altogether it consists of two distinct sections, the lower layer being divided into four quarters.

ATLANTA SLEUTHS TRAIL BOLD THIEF

Man Who Duped Florida Express Agent Took \$11,000 in Negotiable Checks.

Detectives have been sent out from Atlanta to catch the man who tricked the Southern Express Company agent at St. Petersburg, Fla., and escaped with \$11,000 in traveler's checks and money orders.

During a busy period Saturday a well-dressed man walked into the office and introduced himself as A. C. Simpson, of Chattanooga, a traveling auditor of the Southern Express Company.

The agent gave him the freedom of the office and for several hours he was busy with checks and money orders. At lunch time he locked the roller-top desk at which he had been working, and the agent assumed that the checks and money orders were held there in safety.

When the alleged Mr. Simpson did not return after being gone more than an hour the agent got worried and pried open the desk with an ax. All he found was canceled traveler's checks and money order stubs. More than \$11,000 in negotiable checks and money orders was missing.

U.S. ENVOY READY TO LEAVE MEXICO

Outsting of Alfofo, Only Minister Friendly to America, Closes Diplomatic Doors.

MEXICO CITY, Nov. 17.—"General Huerta will fight it through to the end. Negotiations with the United States, which aim to oust him from office are at an end. In fact, diplomatic relations have practically been broken off."

This ominous statement was made by an official of the Mexican government to the International News Service to-day. In explaining that part of the statement as to the breaking off of diplomatic relations, he said:

"Charges d'affaires O'Shaughnessy can approach no member of the Cabinet freely. When Envoys Lind left here only Minister of the Interior Alfofo showed any cordiality to O'Shaughnessy. It was through Alfofo's efforts that negotiations were renewed, and now that Alfofo has been forced out, O'Shaughnessy is in a peculiar position.

"He is persona non grata to Huerta because he is the official representative of the United States, and Senator Mohon, Minister of Foreign Affairs, is a creature of Huerta."

O'Shaughnessy's personal property all has been packed up and he is ready to leave for Vera Cruz at a moment's notice. If he does go, and the United States Embassy officials expect him to leave within 48 hours, it is probable that his departure will be taken without any official notice to Huerta.

Assassin After Alfofo. Friends of Senator Alfofo, ousted to-day that he would be lucky if he got out of Mexico without being killed. They charged that an attempt had been made to assassinate Alfofo in his private car as he was leaving for Vera Cruz last night. A man in civilian clothing, who was found to be a Colonel in the federal army, was discovered in the car. He was turned over to the rurales.

Probably because he feared for his own life, if he spoke otherwise, Alfofo praised the dictator when he left.

"I am on cordial terms with General Huerta whom I regard as a patriot and a strong man," said the ex-Minister of the Interior. "I expect the Senate to affirm my appointment as Minister to France within ten days."

Alfofo denied that he had been forced out of the Cabinet because he had counseled Huerta to resign.

When Senator Alfofo left for Vera Cruz on his way to France, he carried with him an autographed photo of General Huerta. Alfofo called at the National Palace to say farewell to the dictator, and the latter, after cordially embracing him, gave him the photograph which bore the following inscription:

To Manuel Alfofo, the best member of my Cabinet and the ablest civilian to govern Mexico.

There was a touch of irony in this, for it is felt in many quarters that Huerta brought about the virtual expulsion of Alfofo because he feared the latter had designs upon the President's chair.

Appeal to Powers Hinted. General Garcia Huidobro, former Military Governor of the State of Aguas Calientes, held a conference last night with Huerta that lasted until after midnight. He probably will be appointed to succeed Alfofo. That the dictator is making some

## Factions Clash On Mayor's Vetoes

### HOT BATTLE COMES IN COUNCIL

#### Woodward's Old Foes Join For Bitter War---Fear Only Losing Committee's Influence.

Declarations by influential members of the City Council that they would force the issue of overriding Mayor Woodward's three veto messages at the meeting of Council Monday afternoon promised to put a number of members of Council who are seeking good committee appointments in the proverbial position of "between the devil and the deep blue sea."

Obviously it would displease Mayor Woodward very much to have any of his seeming friends vote to annul his disapprovals of measures. It has been some time since he sent a veto message to Council and the relations between him and a majority of the Council members is far more friendly than during the period in the early part of his administration when Council overrode thirty-five of his vetoes in rapid succession.

The reason is the simple fact that Mayor Woodward soon is to deal out committee appointments for the Council. Much to the displeasure of some of the firm members of the anti-Woodward party in Council, the main members have shown unusual friendliness toward Mayor Woodward. They consider that the object of the new attitude is to carry favor with the Mayor that they may not be forgotten when the new committees are made up.

#### Mayor Not Forgiving.

The new feeling is so strong that Mayor Woodward's vetoes undoubtedly would be sustained were it not for a few members who have "grasped" information that the Mayor feels no spirit of forgiveness toward them. They have not been close enough to Mayor Woodward to get this information direct, a fact which gives proof that they reprocitate the Mayor's feeling.

Councilmen Claude C. Mason and Albert D. Thomson both voted Monday that motions to override the Mayor's vetoes would be made at the meeting. They are assured that they will be immediately joined in the fight by Aldermen James W. Maddox, James B. Nutting, F. J. Spradling and others. To override a veto of the Mayor requires a yeas-and-nays vote and there is sure to be some splitting when the question is put. On one side will be the old friends of the anti-Woodward party urging them to stand loyal and on the other the hazard of incurring the displeasure of Mayor Woodward and "ruining" all chances of good committee assignments.

#### Robs Drug Store, But Takes No Pills

A burglar, apparently of William J. Bryan's crew, stole \$12 in silver and several bottles of grape juice from the drug store of Louis H. Reid, No. 125 Bellwood avenue, early Monday morning. The intruder gained entrance by smashing a front window and took no pills.

#### Wilson Praises Ga. Commerce Chamber; Asks Membership

President Haden, of the Georgia Chamber of Commerce, received the following telegram from Woodrow Wilson Monday afternoon: "Georgia Products Day to-morrow. The White House, Washington, D. C., Nov. 17, 1913. C. J. Haden, President Georgia Chamber of Commerce, Hurt Building, Atlanta, Ga."

I wish the Georgia Chamber of Commerce every success. Your organization has a great opportunity to do constructive work in the development of the agricultural resources of Georgia. The farmer has not been served as he might and should be. Let Georgia set an example in this truly great and intelligent work for re-laying the foundations of wealth and prosperity in the United States. I take pleasure in applying for membership in the Georgia Chamber of Commerce.

With the identification of the handsomely dressed woman who was with Carl Davis, the Atlanta, Birmingham and Atlantic agent of Harlan, Ga., before his suicide on an Atlanta train Sunday night, Miss Elizabeth Todd, well-known member of a prominent family of that city, the mystery of the man's act was revealed Monday in a remarkable story. The young woman was on the train with Davis from Harlan to Seneca on his ride to death. To her the agent, confided his determination to kill himself, declaring that he could not endure the difficulty which he had been plunged since his mother's death, and had decided to end it all.

#### Abandons the Attempt.

Finally, as the train sped on, he pleaded with her to leave him that he might not witness the act. Driven nearly frantic by her failure to do the man's life, Miss Todd finally abandoned her attempt at Seneca and returned to her home.

#### Plaidings Are in Vain.

For the next five minutes he pleaded with him. I was almost frantic. When the train slowed down for Seneca Mr. Davis almost flung me from my seat, telling me to get off. I told him that I had no money to return on, and he said that if I would go he would furnish the ticket. When I saw that there was no more use in my attempts I gave up and left the train.

Dictator Is in the Fight to Stay, Says Official—Ousting of Alடைး Closes Door.

MEXICO CITY, Nov. 17.—Hera reached the American Embassy here today that General Blanquet, Minister of War, has decided to oust General Huerta and install a provisional President of his own choosing. Attacks on the Interior Palace are showing great excitement over anticipated developments of the next few hours, but refuse to tell what they expect.

#### Special Cable to The Atlanta Georgian.

MEXICO CITY, Nov. 17.—Hera reached the American Embassy here today that General Blanquet, Minister of War, has decided to oust General Huerta and install a provisional President of his own choosing. Attacks on the Interior Palace are showing great excitement over anticipated developments of the next few hours, but refuse to tell what they expect.

#### Charge d'Affaires O'Shaughnessy's Approach no Member of the Cabinet.

When Envoys left here only Minister of the Interior Alடைး showed any cordiality to O'Shaughnessy. It was through Alடைး's office that negotiations were renewed, and now that Alடைး has been forced out, O'Shaughnessy is in a peculiar position.

#### Envoys Ready to Leave.

O'Shaughnessy's personal property all has been packed up and he is ready to leave for Vera Cruz at a moment's notice. If he does go, and the United States Embassy officials expect him to leave within 48 hours, it is probable that his departure will be taken without any official notice to the United States.

#### Friends of Senator Alடைး, Ousted from his Cabinet by Huerta, declared today that he would be lucky if he got out of Mexico without being killed.

They charged that an attempt had been made to assassinate Alடைး in his private car as he was leaving for Vera Cruz last night. A man in civilian clothing, who was found to be a colonel in the federal army, was discovered in the car. He was turned over to the rurales.

#### Probably because he feared for his own life, if he spoke otherwise, Alடைး has been silenced.

#### "I am on cordial terms with General Huerta, whom I regard as a patriot and a strong man," said the ex-Minister of the Interior. "I expect the Senate to confirm my appointment, as Minister to France within ten days."

Alடைး denied that he had been forced out of the Cabinet because he had conspired with Huerta. When Senator Alடைး left for Vera Cruz on his way to France he carried with him an autographed photo of General Huerta. Alடைး called at the National Palace to say farewell to the dictator, and the latter, after cordially embracing him, gave him the photograph, which bore the following inscription:

#### "To Manuel Alடைး, my cabinet member of my cabinet and the best man in Mexico."

### WHAT DOES ARE THE COUNCIL FIGHT

#### Salary Raises Lose Out—Significant Gain Shown in Woodward's Strength.

Mayor Woodward won a significant victory in being sustained on two out of three of his vetoes in Council Monday afternoon in a political fight of considerable importance.

The count on the vote, as compared with past performances of the city body showed a distinct gain for the Mayor.

The first of the vetoes to be voted on was the proposed raise for City Attorney James L. Mayson which was sustained for lack of a two-thirds majority of Council to override the Mayor's action. Those voting down the Mayor were: Councilmen Smith, Wardlaw, Hall, Thomson, Greer, Sisson, Wood, Boynton White and Mackin.

Those sustaining the Mayor were: Kinkead, Ash, Colburn, Abernathy, Humphrey and Kilbrough.

#### Police Raise Loses.

On the second proposition Mayor Woodward's veto of the proposed raise in salaries for the city police, aggregating \$100,000 annually, was sustained for lack of a two-thirds majority to override it. Those voting in accord with Mr. Woodward's action were: Councilmen Lynch, Kinkead, Ash, Colburn, Humphrey, Kilbrough and Wardlaw; those who overrode the veto were: Councilmen Mackin, Hall, Thomson, Greer, Sisson, Wood, Boynton, White, Smith, Sheppard and Abernathy.

#### The Joint assembly of Council and the Aldermen board overruled Mayor Woodward's veto of the proposition to close the street at Broad and Adams by a vote of 23 to 6.

## MAYOR WOODWARD'S FIGHT

Salary Raises Lose Out—Significant Gain Shown in Woodward's Strength.

Mayor Woodward won a significant victory today as he sustained one of three of his vetoes in Council Monday afternoon in a political fight of considerable importance. The count on the vote, as compared with past performances of the city, showed a distinct gain by the Mayor.

The first of the vetoes to be voted on was the proposed raise for City Attorney James J. Mayan which was sustained for lack of a two-thirds majority of Council to override the Mayor's action. Those voting to down the veto were: Councilmen Baskin, Wardlaw, Hall, Thomson, Greer, Slason, Wood, Boynton, White, Smith and Mason. Those sustaining the Mayor were: Knight, Aah, Colcord, Abernathy, Humphrey and Kimbrough.

On the second proposition Mayor Woodward's veto of the proposed raise in salaries for the city police, aggregating \$10,000 annually, the veto was sustained for lack of a two-thirds majority to override it. Those voting in accord with Mr. Woodward's action were: Councilmen Baskin, Knight, Aah, Colcord, Humphrey, Kimbrough and Wardlaw; those opposing the veto were: Councilmen Slason, Wood, Boynton, White, Smith, Mason, Hall, Thomson, Greer, Slason, Wood, Boynton, White, Smith, Mason.

The joint assembly of Council and the Aldermanic board overruled Mayor Woodward's veto of the proposition to close the street at Broad and Alabama by a vote of 23 to 4. Mayor Woodward for the first time in his inauguration addressed Council Monday afternoon. He proposed the overriding of the veto of the plan to close Broad and Alabama streets on the ground that it was a violation of an ordinance which prohibited any light being thrown into the street and urged Council to get the matter straightened out.

That the fight on the three issues would be a hot one was presaged by declarations of the chief members of Council preceding the meeting. The session which was brought about by a number of Councilmen candidates for committee appointments to declare themselves either for or against the Chief City Executive. The meeting therefore clearly drew forth the lines between the adherents of the Mayor and his opponents, and showed the Mayor's gain in strength by a two-thirds victory.

U. S. PRISONERS HEAR SOUSA'S BAND PLAY

March King's Musicians Cheer Convicts With Fine Program, Miss Gluck Sings.

The "March King" swept into the Federal Prison Saturday morning, and with him went his band—some of the finest musicians in the world.

And for an hour and a quarter 1,200 men with numbers instead of names sat spellbound under the swing and dash of Sousa's music.

Everything went off on time as is expected in Government institutions. Mr. Sousa and his band were waiting in the room when the four came, 10:45, and by his own suggestion the musical strains of "El Capitan" rang out as the names were taken.

DRUG WILL CURE POET'S DESIRE FOR DEATH

Doctors Declare Medicine Is Needed for Gabriel D'Annunzio, Who Plans Suicide.

Alas, all that I can give thee is my pain— That and my song; my brief forgetfulness— And end and my heart with anguish thrills.

Today I suffer with the bleeding wounds Of those who seek and find the sandy bottoming the desert and behold the sea.

No I awaken from the fevered dream Of my unloved for Spring, soon wither thou— And robbed, alas, of even martyrhood.

Oh, distance! We had thought thee a vain word— Yet now thou stickest through the violet night.

Lines by Gabriel D'Annunzio. "Cables from Italy announcing the intended suicide two years hence of Gabriel D'Annunzio, the famous poet and dramatist, have aroused interest in Atlanta.

The medical profession is interested because of the eccentric poet's declaration that the suicide would be the most extraordinary ever known.

The world of art and letters is interested because of D'Annunzio's acknowledged talent and his unhappy faculty of becoming involved with women as he means the apex of fame.

His latest affair, overlooking even that with Eleanor Dase, was with Iva Rubenstein, the Russian dancer.

He has been jilted dozens of other beauties, and his maternal tendency now is said to be the direct result of a heart-crushing love affair.

"Any man that talks suicide as a means of escape from a love affair," declared a doctor, "has a mental defect. He is a danger to himself and to others."

I am satisfied that as soon as D'Annunzio has had a good sleep over he will change his mind."

The famous D'Annunzio's poem is said to be the direct result of a heart-crushing love affair.

Following the unhappy termination of his affair with Iva Rubenstein, D'Annunzio threw himself into Italy's conquest of Tripoli that he might forget the victory of the Russian dancer.

That she had given her heart to a former circus opera clown, made it no longer the rage of the jilted lover.

WILSON'S MONEY BILL IS READY FOR SENATE

Calls for Eight Regional Banks. Minority, Aided by Hitchcock, Frames Own Measure.

WASHINGTON, Nov. 15.—The currency reform bill, as it probably will go to the Senate with the approval of President Wilson, has just been completed by six Democrats of the Senate Banking and Currency Committee.

Senator Hitchcock and the five Republican members of the committee continued to write into their draft of the measure amendments which the White House has disapproved.

As completed, the measure provides for a system of eight regional banks to be capitalized by authorized subscriptions from the national banks of the country, with unlimited powers of redemption and currency issue and the power to hold reserves, the entire system to be under the control of a Federal Reserve Board.

In the final session, the Democratic-Chairman Owen and Senators Pennington, Hollis, Reed, O'Gorman and Shafer—made minor amendments to the bill.

Reserve Board from nine, and attached by a former vice of the committee, to seven, as originally fixed in the House bill, the Secretary of the Treasury and six members to be appointed by the President "with the advice and consent of the Senate."

Each member would hold office for six years, one term expiring each year and would receive \$10,000 a year salary.

Consideration of Mr. Turner's charges that sneaking current from the trunks of the Georgia Railway and Power Company was causing electric fires in the city's underground pipes was postponed until Friday.

ALL CLASSES GIVE TO EMPTY STOCKING FUND

Mailing a letter to Santa Claus.

White-haired old Santa Claus making preliminary preparations for his annual pilgrimage over the civilized world, looked with approving eye Monday upon the substantial progress of the Georgian Empty Stocking Fund.

The fund, inaugurated a few days ago for the purpose of insuring a merry Christmas to every little boy and little girl in Atlanta, has found for contributors persons in every circumstance of life and the contributions have ranged from a few cents up to several dollars.

Colonel Frederic J. Dixon made himself a very desirable sort of a committeeman to administer the fund when, as soon as he had read of the plan to fill the empty stockings, he immediately sent a check for \$10 to be credited to Mrs. Dixon and himself.

Youngsters contribute. Other prominent Atlantans who have been selected to see that the money is expended where it will bring the most happiness to the poor families of Atlanta are Captain James W. Eastab, Wilmer L. Moore, Forrest Adair, Mayor Woodward and Hugh Cannon.

Other recent contributions are \$1 from A. Friend and \$2 cents from Dorothy H. Richard.

Young persons who are in more fortunate circumstances than those who will be made happy by the Georgian's Empty Stocking Fund are probably the most frequent contributors. They realize what it would mean to them as well as to the children of their friends if they could give them a few dollars and cents.

Every Reader Should Have. There will in all probability be many contributions of \$1 and \$2 and more, but it is the desire of the committee that every citizen who has a part in the campaign to fill the empty stockings of a few cents.

MAYOR'S VETOES SEEM CERTAIN TO STAND

Mayor Woodward's vetoes of three resolutions passed by the City Council will precipitate a clash Monday afternoon. It is doubtful if the anti-Woodward faction will be able to override the "executive navy" with its accustomed ease, but a determined effort will be made.

It required diligent efforts to obtain the passage of the law "new scale for policemen, in the first place. Mayor Woodward vetoed the measure on the ground that all such salary increases should be handled by the Finance Committee when it made up the annual budget.

The veto of the Mayor of the increase in his pay is taken as personal, and every effort will be made to override the Mayor.

Mayor Woodward's contention that the practice of closing streets in the congested centers to make room for building operations should be stopped has been generally approved by persons not associated with the building interests.

Finance Veto Significant. His veto of the resolution to build a force in the street at the corner of Broad and Alabama streets had a general rather than a particular significance.

While the dinner throughout the State are nearly all called for 6 o'clock, it has been found necessary to set 7 p. m. as the hour for the Atlanta dinner. The doors of the reception hall, however, will be open at 8:30 and the dinner will begin at 9 o'clock without a minute's delay.

Among the speakers will be Governor John M. Slaton, Mayor Wood-

ward, William E. Callaway, Congressman William Schley Howard, Wilmer L. Moore and Albert Howell, Jr. Mr. Moore, as president of the Chamber of Commerce will deliver the address, which will act as toastmaster.

Elaborate Decorations. The decorations for the dinner will be the most elaborate Atlanta ever has seen. So far as the auditorium is concerned, all the magnificent draperies of the auto show will be left in place. The table decorations in charge of Committee Chairman L. D. Hicks will be remarkable. At each table will be a red rosebud, donated by Mrs. George Delvin, while some chairs will be scattered in profusion on all the tables.

A special prize has been offered by W. H. White, Jr., for the man who appears at the dinner most completely garbed in clothing made in Georgia, and numbers of gentlemen have signified their intention of competing.

While the dinner itself is a stag affair, ladies will be given the opportunity of hearing the speeches, as a general invitation is extended to them to sit in the balcony.

Jackson Merchants to Organize at Barbecue. JACKSON, Nov. 17.—Plans are complete for the local Georgia Products Day dinner Tuesday night. Jackson and this community will enjoy a barbecue at the Armory, to which the citizens of the entire county are invited.

A speaker from the Atlanta headquarters of the Georgia Chamber of Commerce will be made by President E. H. Goodhart of the club, President Wilmer L. Moore, of the Chamber of Commerce, and W. H. White, Jr., chairman of the general committee in charge of the dinner.

Ad Men to Sell Tickets. As a result, Ad Men's Club enthusiastically agreed to throw the full weight of its work and influence toward the success of the dinner. Tickets Monday and Tuesday, and there will be a special Ad Men's table at the banquet.

1,000 TO SIT AT "GEORGIA DAY" BANQUET

Atlanta will celebrate Georgia Products Day with the biggest and most elaborate dinner ever held in the South. Over 1,000 plates will be spread on the main floor of the Auditorium-Armory Tuesday evening.

The dinner is being held under the auspices of the Atlanta Chamber of Commerce, but it is an affair in which the general public is participating. It is greater than any one organization. It is a civic affair.

Monday morning at 10 o'clock a special called meeting of the Ad Men's Club was held in the Chamber of Commerce rooms. Speeches were made by President E. H. Goodhart of the club, President Wilmer L. Moore, of the Chamber of Commerce, and W. H. White, Jr., chairman of the general committee in charge of the dinner.

MAYOR'S VETOES SEEM CERTAIN TO STAND

Clash With Council Full of Old Spirit—Salary Raises Most Important Measure.

Mayor Woodward's vetoes of three resolutions passed by the City Council will precipitate a clash marked by the old-time spirit at the meeting Monday afternoon. It is doubtful if the anti-Woodward faction will be able to override the executive may with its accustomed ease, but a determined effort will be made.

It required diligent efforts to obtain the passage of the new wage scale for policemen. In the first place Mayor Woodward vetoed the measure on the ground that all such salary increases should be handled by the Finance Committee when it made up the annual budget.

It will require two-thirds of both branches of the Council, voting separately, to set aside the Mayor's disapproval, and the chances are that the anti-Woodward faction will fail to get this majority.

Fight on City Attorney. The hardest fight will be to uphold the raise in the salary of the City Attorney. This increase does not go into effect until after the next election, and in that sense it is a permanent measure.

Nevertheless, it is expected that James L. May will be elected to the office. The members of the anti-Woodward faction look upon him as one of their loyal friends.

The veto of the Mayor of the increase in his pay is taken as personal, and every effort will be made to override the Mayor.

Mayor Woodward's contention that the practice of closing streets in the congested centers should be stopped has been generally approved by persons not associated with the building interests.

Fence Veto Significant. The veto of the resolution to build a fence in the street at the corner of Wood and Alabama streets had a general rather than a particular significance.

A number of members of Council, however—notably Alderman James W. Maddox, take the view that curbing of the privileges of contractors would have a tendency to discourage building operations.

3 Militants Sent to Prison for Rioting

Special Cable to The Atlanta Georgian. LONDON, Nov. 17.—Three militant suffragettes were sentenced to prison today for rioting in front of the Home Office. They were Catherine Jones, two months; Mary Abrahm and Ethel Stanton, one month each.

Three others, Lily Holman, Barbara Kerr and Miss Holman were charged to keep the peace.

MOBILE, Ala., Nov. 17.—Mrs. Susie Harwell, wife of Columbus Harwell, and one of the most prominent women in Alabama, committed suicide in Tallahassee, Fla., last night.

She is said to have taken carbonic acid in the presence of her entire family at the supper table. She died in 30 minutes.

The fund, inaugurated a few days ago for the purpose of insuring a merry Christmas to every little boy and little girl in Atlanta, has found for contributors persons in every stratum of life and the contributions have ranged from a few cents to several dollars.

Colonel Frederic J. Faxon made himself a very desirable part of a committee to administer the fund when, as soon as he had read the plan to fill the empty stockings, he immediately sent a check for \$10 to be credited to Mrs. Faxon and himself.

Other recent contributions are \$1 from A. Friend and \$50 cents from Dorothy H. Richard.

Young persons who are in more fortunate circumstances than the money will be made happy by the Georgian Empty Stocking fund. It also will pay the boys and girls in the city who are poor.

Every Reader Should Help. There will be, probably, many contributions of \$10 and \$25 and more, but it is the desire of the Georgian that every one of its readers have a part in the campaign to eliminate the empty stocking if only by the contribution of a few cents, a half dollar or a dollar.

Whatever you feel like giving, place it in an envelope and mail it to the Christmas Editor of The Georgian. Or you may stop in at the office, No. 25 East Alabama street, and hand in the money, simply saying that it is to become a part of the fund.

SOUTH AMERICA RIVAL OF HELL, SAYS PASTOR

Calls Colombia Paste Gem of the Pacific Ocean and Life There Ruinous.

MINNEAPOLIS, Nov. 17.—The congregation of the People's Church, accustomed to hearing sensational utterances by the pastor, the Rev. G. I. Morrill, were still discussing today the remarks made by the minister of the South American field.

"Anyone who goes to South America for pleasure might as well go to hell for a good time," Morrill said.

"Colombia is a paste gem of the Pacific ocean," he said, "but Venezuela runs amok with a veritable parade of fast horses, fast men and women, and red lamp moving pictures that would make Sweden blush for shame in one hand, while with the other it mutilates millions of human beings."

"Don't live in South America," he said, "if you value the health, freedom and happiness of your body, mind and soul."

Audubon Society To Wage Dixie Fight From Offices Here

James Henry Rice Jr., field secretary of the National Association of Audubon Societies, has announced that Atlanta is to be made the Southern headquarters of the association. He is in Atlanta preparing for the opening of the office.

"The purpose of establishing headquarters here is to build up in the South the strongest bird protective society in North America," said Mr. Rice.

"The South has more birds than any other section, and her game crops and forests that are being ravaged by insects need their protection.

Even the songbirds in the South have suffered through ignorance and vandalism. To educate the people to a higher conception of the value of birds is the object of the Audubon Society."

\$3,500 Raised for Oglethorpe Varsity. MOBILE, Ala., Nov. 17.—Thirty-five hundred dollars for the benefit of Oglethorpe University, at Atlanta, was raised by two Presbyterian congregations in Mobile Sunday.

CREDITS HEALING TO SCIENCE FAITH

Doctrines of Eddy Church Upheld in Treatment of Disease by Noted Lecturer

Despite the bad weather, a large crowd attended the lecture of Virgil O. Strickler on Christian Science at the Lyric Theatre Sunday afternoon.

The address dealt particularly with the effect of Christian Science on the curing of human ills. Mr. Strickler declaring it was an undeniable fact that many sick persons had been cured by following the precepts of the faith.

Knowledge of a thing must come through the mental and not the physical, and mankind will be delivered from sin and disease, not by doctoring the physical, but filling the mental being with truth, Mr. Strickler declared.

Following is his lecture, in part: "It is undeniable that Christian Science has healed many sick persons, and has brought about the resurrection of many who were thought to be dead. Among its membership are those who have been healed of inter-

Radium-Georgia-Made Sox Made in Marietta Worn in Forty States Sold at Muse's RADIUM is the Sox that says, "I'm a son of Georgia soil; I was once a fluffy boll of Georgia cotton; I was Georgia spun and Georgia knit; I am made in Marietta; I am now a pair of sox, smooth as silk and mighty good looking." This Georgia product stands at the top for steady worthiness and popular price. Any man who wears a pair goes about his own "knitting," feeling the soil of loyalty from his sox up. A sock is defined as a half-hose, but Radium Sox contain every substantial element that makes a perfect whole. Every step you take in Radium Sox stamps approval for this sturdy Georgia product. Buy a dozen pairs and you'll not be found wanting a pair of sox for a surprising interval. Buy them at MUSE'S. We sell them (and have for years without complaint); we commend them. They cost little and are worth a lot. In Re The Georgia Products Dinner To-morrow Evening-- You will find at your plate a coupon for a pair of these good Radium Sox; present it here and we'll be delighted to deliver a pair complimentary. You'll be delighted with the Sox. A "Little Journey" to a Georgia Knitting Mill Marietta is only a stone's throw from Atlanta and a gallon of gasoline will put you there. Once arrived you'll be glad you didn't throw the stone but went instead. It's a beautiful little city nestled in the mountains of North Georgia, where healthy, happy people live and where Radium Sox are made. At Detroit Henry Ford grinds out automobiles like sausage—a thousand a day—placing time-saving transportation in the hands of millions of men at a minimum cost. At Marietta E. H. Northcutt "tends to his knitting" at the rate of fourteen thousand sox a day, placing a worthy foundation under the feet of other millions of men who may tramp where it pleases them, in perfect sox case, and arrive without a puncture at a maximum of 12 1/2 cents a foot. John B. Stetson, who lifted the hatters trade from the shuns, was the first to say, "There's no advertisement equal to a pleased customer." It was his endeavor to so satisfy the man with the Stetson hat that he would show it, and explain to others where he got it. It need not be explained that a hat is not concealed on the person. It may be doffed and exhibited. Not so with sox. In a sense they're out of reach of the advertising aemmen. But, if a man is fitted with Radium Sox and filled with Radium inspiration he'll take off his shoes and sox 'em. Mr. Northcutt, president of the Marietta Knitting Mills, his sons, officers, operatives and his ample capital stock are all Georgia products. Radium Sox are knit to fit. They're properly proportioned and there are no seams to irritate. The good features are put in, the bad ones left out. They're made in Marietta at the rate of fourteen thousand pairs a day and sold in forty States. San Francisco consumed six carloads of RADIUM Sox this year—\$60,000 worth of Sox; and California money is mighty good in Marietta, Georgia. Wear-Radium Sox and help boost the prosperity of this the greatest State in the Union George Mose Clothing Company

Half-Ton More of Delicacy To Be Prepared for Distribution Among Friends.

Weight of wedding cake, 130 pounds; Total weight for distribution, 1,000 pounds; Height, lower layer, 10 inches; Height, upper layer, 18 inches; Circumference of cake, 36 inches; Number of ingredients used, 25.

This is the wedding cake, being baked in New York for Miss Jessie Wilson, daughter of the President, whose marriage to P. Bowers Sayre takes place in the East Room of the White House during Thanksgiving week.

In addition to the weight of the cake, one-half ton, bringing the total amount based up to 1,120 pounds, will be prepared for distribution by the bride-elect to her friends throughout the country.

Mrs. Blanche Le Ralec, assisted by her daughter, Miss Demahville, and Miss Magnolia, the "confiseur" in constructing the cake.

All agree that it is the largest cake ever constructed for an occasion of this kind in this country. It is a gigantic affair, the lower layer being ten inches high and three feet in diameter, while the top layer is eighteen inches high and almost three feet in circumference.

GoodYear advertisement for All-Weather Treads. Text: "All-Weather Treads A Goodyear Innovation. Both for Dry Roads and Slippery. Don't Risk Wet Roads Without Them. Here now is a tread which combines the advantage of the smooth and the anti-skid. A tread for all wheels and all seasons. Economical, enduring, flat and smooth-running. And yet an anti-skid, when needed, with a bulldog grip. It is double-thick, and made of rubber toughened by a secret process. Instantly re-softening. So thick that the blocks are very deep. So tough that the blocks last for thousands of miles. They never all wear off. The surfaces are flat and broad. The blocks are in alignment. So it runs like a plain tread. No vibration as there is with irregular projections. The edges are sharp and they stay sharp. They are placed at an angle of 45 degrees to face the skidding direction. No other device has ever offered such tenacious grip to every sort of road. The blocks widen out so they meet at the base. Thus the strains are distributed over the fabric just as with smooth-tread tires. With separate projections the strains are centered at small points in the fabric. That is what made anti-skids short-lived. Yet this All-Weather tread, with all these advantages, costs less than the average anti-skid. No man who makes a five-minute comparison will not see the advantage. And no careful motorist, who does not wish to go without this protection. Let us convince you. Write for samples and inspect this All-Weather tread. THE GOODYEAR TIRE & RUBBER COMPANY, AKRON, OHIO. Toronto, Canada. London, England. Dealers Everywhere. Write Us Anything You Want to Know. LAWYER ABSENT, CONLEY'S CASE IS DELAYED

Negro's Counsel Tuesday Will Demand Immediate Hearing. Attitude Surprises Dorse.

The absence from the city of W. M. Smith, attorney for Jim Conley, prevented the calling of Conley's case Monday on the charge of being an accessory after the fact in the murder of Mary Phagan.

Smith declared before he left for Macon, where he will appear as counsel in a white slave case, that he would fight every further effort to delay the trial of Conley. He said that at once upon his return to Atlanta he would file a demand upon the court for a speedy hearing for his client and would back up this demand with every resource at his command.

"I have no objection to the holding of Conley as a witness in the event that Frank is granted a new trial," said Smith.

Two State Cops Hold Negro. They can hold him any reasonable length of time, so far as I am concerned, but I will not stand for his trial being postponed from time to time. Conley is entitled to a speedy hearing, but the trial of Frank to me, and he is going to get it unless I am greatly mistaken. He is not going to make any confession. All this rot about his having something more to tell is the silliest sort of a rumor. He stands

on the story that he told at the trial and he is ready to stand up and say I am willing to agree with the Solicitor General's theory of facts as they stand, but I am prepared to deny the last any attempt to convict. The State can't touch the negro. The him guilty either of a misdemeanor or a felony as an accessory.

Dorse is Surprised. The attitude of Attorney Smith is believed to have astonished Solicitor Dorse as greatly as it did the court and the general public.

Solicitor Dorse said Monday that he was not at all worried by the fight that is being made against Conley's conviction. He expressed the belief that both indictments against the negro would stand up and that he would be convicted as an accessory after the fact without any difficulty.

Dec. 15 Formally Set For Frank Argument.

The attorneys for Leo Frank were served with notice Monday that Frank's appeal from Judge L. S. Rouse's decision on the petition for a new trial had been received and filed in the office of S. D. Harrison, Chief of the Supreme Court, and would be in order for hearing on Monday, December 15.

Both sides will be prepared to argue as soon as the case is called. An effort was made by the defense to postpone the hearing, but the Supreme court indicated it would submit no delay, and it was expected the case would be set for hearing the middle of December.

DIXIE'S BIGGEST OPERA CHORUS FOR ATLANTA

MISS MILDRED HARRISON.

Herr Wolfungen and Miss Mildred Harrison to Lead Work of Organization.

Herr Wolfungen, well-known dramatic tenor, will discuss plans for the organization of an opera chorus Monday at the home of Mrs. William Lawson Pool, No. 1233 Peachtree street. Miss Mildred Harrison, pianist, will assist him. Both are well known in the musical world, and the opera chorus plans have aroused keen interest.

At the meeting this afternoon plans will be considered for presenting the opera "Faust," with local talent in the cast. If success seems probable Herr Wolfungen will take the title role and Mrs. Curlew Yorston will take the part of Marguerite. Sunday afternoon Mrs. Yorston informally entertained Herr Wolfungen and Miss Harrison at her home in East Lake, at which time various opera were gone through. Herr Wolfungen and Mrs. Yorston having acted the leading parts on European stages, Mr. and Mrs. Kluit Mueller are among those supporting the move-

ment to establish an opera chorus in Atlanta. Wolfungen and Miss Harrison have been successful in organizing a chorus for fashionable entertainments and are well known for their work with local talent in Washington and other Eastern cities.

The biggest opera chorus in the South, recruited from the talent developed by the various musical organizations of Atlanta, is planned.

NEGRO AUTOIST STRIKES CHILD; SPEEDS ON

Police Scour Atlanta for Chauffeur Whose Car Hurled Little Girl Fifteen Feet.

Policemen are searching Atlanta Monday for the negro chauffeur who Sunday afternoon ran down and seriously injured Mariette Bostwick, 4 years old, the daughter of R. E. Bostwick, No. 239 Capitol avenue, and then speeded away without being identified.

According to witnesses, the negro whose car was going at a rapid rate, did not stop after hitting the little girl. It was claimed he merely looked around to see his victim lying in the gutter, and then increased the speed of his machine.

Child Mied. The little girl is suffering from a broken nose, which physicians declare will mar her appearance for life, and scalp wounds. Owing to her tender age, fear is expressed for her life. Mariette, accompanied by her brother, Rufus, 7 years old, were crossing Capitol avenue in front of the Bostwick home on their way to a soda fountain when the accident happened. Mariette was a few feet in the lead of her companions.

The automobile is said to have swooped down on the little girl without warning of any kind. She was knocked fifteen feet to the curb. Dr. H. Bradford, who resides across the avenue from the Bostwick home, was attracted by the screams of the little girl's playmates and he rushed out. He caught a fleeting glimpse of the machine.

Dr. Bradford took the little girl to the Bostwick home, where a hasty examination revealed the extent of her injuries. She was unconscious. Witnesses of the accident described the automobile as a seven-passenger black-enamelled touring car. The chauffeur was a mulatto. He wore goggles.

VAPOR TREATMENTS FOR COLD TROUBLES

There are now used in all hospitals. The vapors carry the medication to the lungs and air passages without disturbing the stomach. When Vick's "Vap-O-Rub" Croup and Pneumonia Salve is applied over the throat and chest, these vapors—of Menthol, Eucalyptol, Camphor, and Pine Tar—are released by the heat of the body. Usually the worst colds go in one night—except in the case of infants. Vick's is fine for head colds, catarrhs, and sinusitis and is absolutely harmless. Three sizes—from 8c up.

ATLANTA SLEUTHS TRAIL BOLD THIEF

Man Who Duped Florida Express Agent Took \$11,000 in Negotiable Checks.

Detectives have been sent out from Atlanta to catch the man who tricked the Southern Express Company agent at St. Petersburg, Fla., and escaped with \$11,000 in travelers' checks and money orders.

During a busy period Saturday a well-dressed man walked into the office of the Southern Express Company agent at St. Petersburg, Fla., and introduced himself as A. C. Simpson, of Chattanooga, a traveling auditor of the Southern Express Company. The agent gave him the freedom of the office and for several hours he was busy with checks and money orders. At lunch time he locked the roller-top desk at which he had been working, and the agent assumed that the checks and money orders were held there in safety.

HARVARD MUST RECKON WITH VALE'S EVEN

Rejuvenated Eli Team May Spring Big Surprise on Crimson Squad Next Saturday.

By Frank G. Menke.

THE headlines inform the reader that nothing has happened in the 1911 football championship game. Which, in a sense, is quite true. But it seems as if the "nothing" had been a very close and a bit surprising and totally mis-

Before the twilight shadows settle over the Harvard-Yale game of Saturday it will be found that the headlines have been too hasty in their pronouncement. For that rejuvenated Yale team is a football team that has made Yale's own score Saturday and playing together again to whip the Bulldogs into submission.

Yale today is 75 per cent stronger than it was a week ago. If it won't lose the Princeton game, it will almost entirely new team, as far as playing together was concerned. And it played a game that was little short of marvelous. This final week of preparation and playing together ought to whip the Bulldogs into submission.

THE Yale-Princeton battle Saturday seemed to mark the return of the old kicking game, and it seems certain that it will be repeated to a great extent with Harvard and Yale meet at the end of the week. In the kicking department the game stood up just about even. Knowles is a wonderful punter, and he can get a wonderful distance on his kicks and get them down and wait for the man to pick up the ball. Gurney, the substitute, took his 35-yard boot, but he doesn't seem to be able to kick things high enough to suit his purpose.

Harvey, who is a wonderful Princeton kicker, is a wonderful Yale punter. He is a wonderful Yale punter, and he is a wonderful Princeton kicker. He is a wonderful Yale punter, and he is a wonderful Princeton kicker.

BRICKLEY, who is a wonderful Yale punter, and he is a wonderful Princeton kicker. He is a wonderful Yale punter, and he is a wonderful Princeton kicker.

SPORTING COMMENT

By Ed W. Smith. THEY have discovered in New York that Willie Ritchie is a regular champion and that whatever they have been saying about the namby-pamby methods of training adopted by the light-weight boys will have to be withdrawn now that Willie has stood toe to toe with his mighty lackey Cross and outlasted the hard New York dentist, Ritchie didn't even get a shade the better of the argument in the reports of the contest, and though he appears to have bested the sprightly young tooth puller greatly much all of the way, the New Yorkers admit that if it hadn't been for the knockdowns that Ritchie landed out to his man in the third round of their struggle that Ritchie would have been entitled to a draw at least.

His Brown Says Red and Black Took Advantage of Yellow Jackets' Misplays.

By Innis Brown. (Famous Football Official.)

There are those who believe that the opening for the season jumps out of its corner at the top of the game and makes the rest of the season a mere warm-up before the business at hand begins. In the case of football, the season opens with a bang and the rest of the season is a mere warm-up before the business at hand begins.

REAL TEST FOR JOHNSON WITH CUBS NEXT YEAR

Chicago Magnate Anxious to See Former Southern League Star Make Good.

By Bill Bailey. CHICAGO, Ill., Nov. 11.—Youngsters coming into the major leagues from the minors certainly should envy Jimmy Johnson, the recruit selected by the Cubs from the San Francisco club of the Pacific Coast League.

Because of his speed and base running ability? That's partly the reason for the envy. But it isn't the big reason. There was in Jimmy Johnson a real trial and if there is anything in him he will have the opportunity of becoming very successful.

You know what happens to many a minor leaguer. He becomes a star who carries the majors to the training camp. They get out on the field and something happens to the youngster. If he is a pitcher he hasn't had a chance to show his batting eye before he is called to be on the field and the boss has just concluded a very advantageous deal that will send him to some minor. Away he goes. He is sure all the way through for the reason that he hasn't been given a chance.

Not so Johnson. He has been given a chance. He has been given a chance to show his batting eye before he is called to be on the field and the boss has just concluded a very advantageous deal that will send him to some minor. Away he goes. He is sure all the way through for the reason that he hasn't been given a chance.

Which would make a tremendous hit with the fans. Because of his speed and base running ability? That's partly the reason for the envy. But it isn't the big reason. There was in Jimmy Johnson a real trial and if there is anything in him he will have the opportunity of becoming very successful.

And you can wager the Cubs will indulge in many snuffaws should Jimmy Johnson fail to make good on the West Side. It is the opinion of the South Side boys that the only thing which will come to pass. This for the reason that Calhoun has an excellent trial on the coast last season and the rumors of his inability to do anything like a world beater.

Cal can't see Johnson. Johnson certainly was a whale on the coast this year. He also had one of the best hitting seasons of his career. He was never on the field when the fellows were working at the sliding pit. The slides there show in the averages and he scores many runs. Johnson handicapped himself considerably by his inability to get on base.

Still New Suits Are Arriving And Styles Seem to Grow Prettier as the Season Advances

Fresh out of their boxes to-day and ready for you bright and early in the morning are new suits!

New not only in that they are just arrived, but new in fashioning and trimming, in the little details that women notice.

But our ability to keep the new and fresh and smart things coming in like this tells better than any words of ours could, the satisfaction that choosing your suit here brings.

It is because women like the styles they find here that we are enabled to do this.

Prices? To-day's news concerns suits at many prices--at \$18.75, at \$25, at \$29.75, at \$37.50, at \$40.

One would think we had specialized, brought the full weight of our buying organization to crowd value into suits at every one of these prices--and one would not be far wrong.

The suits show their greater worth. Styles? Myriad and charming, trimmed suits (fur on many), plain suits that in some way or another are novel, are not plain in the sense that we are accustomed to.

Surprises in store for the woman in search of a suit! There are little Dutch boy and girl dolls in the Toy Store (in the Bazaar) that have been pictured and written about in magazines of a dozen countries.

ATLANTA NEW YORK PARIS

The New Fashions in Muslin Underwear

Novelties That Paris Worked-Out For Her "Dansant"

It is customary to call Paris very frivolous. It may or it may not be true. Regardless, she is very serious about frivolousness.

She turns to dancing with all her heart and then gravely proceeds to work out fashions for it.

And the world takes up dancing--and the fashions.

To-morrow we shall show Atlanta novelties in muslin underwear that Paris evolved for her "dansant," and other novelties that follow the scheme of things right now.

Among them are--

Camisoles of plain chiffon in pinks, light blues and lavender, with an underlining of Dresden chiffon, trimmed with hand-made roses. Camisoles of net, point d'esprit and shadow laces with wide satin bands and bows underneath. \$1.50 to \$5.00.

Tango Garters that are dainty bits of net, edged with laces on accordion plaited silk and hang gracefully about the ankles. \$2.98 to \$5.00.

Tissue Petticoats and Crepe de Chine Petticoats light as a butterfly's wing, deep founcees of shadow laces, split at the side.

Silk Jersey Petticoats, the flimsiest jersey we have known--laces and ribbons in the flat flounce.

In all a display of muslin underwearsuch as you have never been invited to see in Atlanta. Every garment is selected with that excellent taste that abhors the gaudy and turns instinctively to quiet daintiness. See it!

San Francisco Pleads Only for Its Rights in Hetch-Hetchy

It is time to speak plainly about the men and interests opposing the Hetch-Hetchy bill. It is evident that Senators are being imposed upon...

The opposition stirred up by such men as Robert Underwood Johnson is honest opposition, but it is opposition of men who are constitutionally unable to view a question of this kind in a reasonable light...

The Hetch-Hetchy is the most talked of and least visited scenic spot on earth. As a matter of fact, other men love nature as well as does Mr. Robert Underwood Johnson...

But, setting aside the difference of opinion, the truth remains that the needs, the health and the very safety of a million American men, women and children are highly paramount to the esthetic enjoyment of the two or three hundred persons who annually undertake the rather arduous trip to Hetch-Hetchy.

Sensors should bear in mind that the rainfall on California's great mountain watersheds does not flow down to the sea in great rivers, as happens in the east...

If the great agricultural valleys had sufficient rainfall for crops, the question of obtaining a water supply for San Francisco would not be so acute. That city might, at great cost, abandon Hetch-Hetchy and utilize the waters of the McCloud, the Sacramento or the Eel River...

But the surplus waters of the Tuolumne, which would otherwise go to waste in destructive floods, can be stored in the Hetch-Hetchy reservoir and drawn upon by San Francisco for its sustenance without depriving the irrigated lands of that region of the water the farmers need...

For the Hetch-Hetchy bill, now awaiting action in the Senate, specifically guards the rights of the farmers to the first use of the waters and empowers San Francisco to use only the stored surplus flood waters which now go to waste.

And this, Senators, should be reason sufficient to obtain your favorable votes upon San Francisco's reasonable request.

But, Senators, there is other opposition far different in character from the honest and mistaken opposition of Mr. Johnson and his associates, and of this you should be apprised. That opposition is financed and fostered by the corporations which own water rights, acquired in careless times for a song, and now held for sale at enormous figures...

This corporation, if San Francisco's petition is disregarded and the Hetch-Hetchy dam refused, will impound these very same waters for PRIVATE PROFIT and will compel the city of San Francisco and the farmers of the irrigable regions to pay more for power developed from these waters than the water and the power together would cost the people of San Francisco and the farmers if you, Senators, permit that city to carry out its great undertaking.

This is the milk in the cocoanut. That is the reason Senators are persistently besieged by "nature lovers." That is the "scenery" which has the real charm for these esthetic patriots.

Sensors of the United States, you are freely granted to Seattle, to Portland, to Los Angeles, the use of the water in Federal reservoirs in the ranges of the Sierras, the Cascades and the Coast Mountains. And the people of San Francisco rejoiced with their neighbors over the bounty of the National Congress.

What has San Francisco done that she can not have the same generous treatment at the hands of our common Government? Why must she beg for twelve long years for the same boon so graciously extended to her sisters? Are her people pariahs, lepers?

Seven years after this awful destruction they are preparing to hold a great exposition for the world, and they have not asked the National Government for a dollar, though every exposition ever held in the country has so been aided.

Senators, give San Francisco her rights!

Some Men Are Never Satisfied

"Why didn't I marry one of those tall, fashionable women?" "Why didn't I marry one of those good, plain little women?"

The Villainous Cooks

THE man didn't like the way his steak was broiled and he called the cook in and said so, and the cook, being a Western man and of high spirit and very sensitive, pulled his "gun" and shot the man who complained dead.

Last summer we went there to eat, and remained to weep. The porch was there, still shady; the vines were there, still aloft with delicate white flowers; the well bubbled sweet and cool and fresh, but the woman was sitting on the porch in a swaying chair with her hair matted in the fashion of the year before last...

One good steak, one baked potato, one slice of sweet, home-made bread, one pat of fragrant butter, a glass of milk, an old-fashioned chocolate layer cake and some fresh peaches with real cream. Why, we'd have motored 30 miles to get them.

The mountains—fresh trout, the best vegetables in the world—raised in the cooking, absolutely cooked to death, or left half-baked, what is the matter with our cooks, who are they, and what are they that they make us suffer thus?

The Witching Hour

TOTALITY has occurred. The first of the word totality was written at the instant of the beginning of the total phase of the eclipse of the moon as observed from the observatory the morning of the auspicious day, September 13, 1913.

The time shown by the mean solar clock, regulated to standard international time of the 12th meridian west of Greenwich, was four hours one minute a. m. At the same absolute instant of mean solar time the mean solar clock in Greenwich was reading 30 hours 1 minute, or one minute past noon, as shown by the minute hand of the great clock really belonging to the entire world.

The magnitude of the eclipse was 1.45; that is, the diameter of the earth's shadow where the moon passed through it was 453 thousandths greater than the diameter of the moon. Then we had an eclipse of long duration.

The people in Washington, D. C., and in Baltimore and Philadelphia, could not see the eclipse, as it was not at the zenith of the sky at the beginning of the moon's setting below their distant Western horizons.

ABSENCE

Down where the lilies sway— Night tells her slowly passing hours, Love, we have lost a day, Love that dim and far away to-morrow Drifts, I, ye linger here— For, if its store of hours I may not borrow, Love, ye have lost a year.

Ella Wheeler Wilcox

Writes on Reincarnation

In the Course of Time the Pure Spirit Will Again Be Sent to Inhabit the Sinless Body, She Says.

Written for The Atlanta Georgian By Ella Wheeler Wilcox (Copyright, 1913.)

NO earnest effort, no use of brain power, no application to study, is ever lost. It is never wasted.

This one fact alone is enough to make the belief in reincarnation of inestimable value, as a source of happiness to every soul here in this brief and troubled life span.

Christ taught reincarnation. It is well known to students of this philosophy that few souls remember the old lives, at least not until they have studied for that purpose.

This explains why John the Baptist when asked "Art thou Elias?" replied "No." But Christ, knowing all things, said: "I say unto you he (John) is Elias, who was to be for come." (Mat. xii: 14 and xiv: 12 and 13.)

Origin says: "Every soul is in its spiritual realm through which we will pass en route to earth again."

Ultra-Modesty

By VIRGINIA TERHUNE VAN DE WATER.

THE ultra-pure all things are impure. Such is the corruption of an ancient proverb, a corruption which we are sometimes forced to admit bears a firmer stamp of truth than does the original maxim.

Some persons see imitations in plays—and these not plays that are among the many to which one might justly take exception—where less suspicious people discern only innocent fun.

"You have four limbs, madam." The blunt practitioner reminded her. "From your vague reference to the affected member I suppose it is one of those limbs termed by sensitive people LEGS!"

I understand Atlanta has no R. F. C. A., and shame on big Atlanta, the Capital City of our big State, to let these drivers beat the faithful animals up so brutally and not a hand is raised to protect these poor dumb brutes.

JUDGE BRANHAM SCORES SUIT SKIRT FOES

Georgia Lawyer Publishes Card Denouncing Presbyterian Synod and Christian Convention.

ROME, Nov. 11.—Judge Joel Branham, dean of North Georgia corporation lawyers and one of the best known men in the state, in a card to the local paper denounces the Presbyterian Synod and the Christian convention for banning the silk skirt and the wearers who are ostentatiously wearing modern fashions. He says, in part:

"Why don't the preachers let the women and their dresses be as they are? A skirt is covered and unbecoming when dressed out of fashion. I am going to get up a squad of silk-skirted women, wearing pokeshirts and cork-covered curls, and I am wearing dresses drooping straight down over loose-kneed skirts to the ankles and ankles and fat-soled shoes. I am going to the benefit of those soap-eyed preachers, who offend unoffending congregations with lugubrious discourses. "What about the attire of these critical clergymen? They stretch themselves out in barbed chairs and their faces lathered and their heads shaved off, contrary to the laws of God and man, and they wear stiff-starched bosom shirts and stiff their shirts between their legs. Why should they wear Chicago silk gowns and trousers and arms and legs sticking out of the sleeves and the skirts of their dresses? How did they find out the women wear silk skirts? Did they look?"

Judge Branham is one of the richest men in Rome, and his card has caused a sensation.

Surrenders When Sure Family Is Safe

RICHMOND, KY., Nov. 12.—The mystery of the death of George Johnson, found several days ago shot to death by the roadside, was cleared up when Elbert Hymer, another young man, surrendered before he was wanted to make arrangements for the care of his wife and child while he is in jail in self-defense.

Dog Routs Burglar, Saving Woman's Life

CHICAGO, Nov. 11.—Mrs. Ella Bowen, founder and first president of the Chicago Citizens Club, member of the D. A. R. and prominent in Chicago society, was saved from probable death to-day by her pet dog, Fox, who roused a burglar. The intruder was leveling a revolver at Mrs. Bowen's head when the tiny dog rushed at him. The burglar leaped through a window.

THE PLAYS THIS WEEK

Miss Thayer in "Firefly." Miss Edith Thayer, that charming prima donna, will come to this city in a new comedy opera entitled, "The Firefly," at the Atlanta tonight, with matinee Tuesday, and Tuesday night.

Columbia Theater. For the week beginning with matinee today at 2 o'clock, the Broadway Brothers, with Charlie Grumick, and Helena Hill and a beauty chorus of twenty, will be the attractions at the Columbia.

Charley Grapewin at Forsyth. Charley Grapewin in the hoodlum of the bill of vaudeville that is the attraction at the Forsyth this week. It would have been hard for the management to have chosen any other popular or stronger feature attraction for the program.

There are other features. "The Shepherd of the Hills," "The Awakening of Mr. Pip," the comedy classic of vaudeville, and will be supported by Miss Anna Chick, who has been associated with the comedian in all of his successes.

Harold Hill Wright's most popular novel, "The Shepherd of the Hills," has been made into a play by his author, with the assistance of Elbert W. Reynolds. The second annual engagement of this play in this city will take place at the Lyric Theatre tonight, where it plays an engagement of one week.

The play is practically a true narrative of life among the humble dwellers of the Ozarks.

Local Realty Boom Is Expected From Asa Candler's Move

Starter's Investment Expected to Start Activity—Realty Dinner Date Changed to Saturday.

Real estate operators were heard Monday in many expressions of satisfaction over the return of Asa G. Candler to the local realty market.

For quite a while Mr. Candler's interest was centered on his interest in New York, Chicago, Baltimore and Washington, and he kept out of local real estate activities.

Insurance Feature Discussed. Scores of Atlanta real estate operators have commended the plan of Harris and Associates of the Atlanta Real Estate Board for patrolling insurance agencies.

New Realty Firm. A real estate company in Atlanta for the purpose of forming a firm connected with a large mercantile business property in the city, formed a real estate partnership.

13,572,000 Bales for 1913, Says Authority

MEMPHIS, Nov. 17.—The Commercial Appeal estimates the growth of this year's cotton crop at 13,572,000 bales. These figures do not include lint.

The high price paid for the staple has resulted in a rush by farmers to get their cotton to market as early as possible.

The hot weather during late August and early September brought about a probable that a larger crop will be produced than in any year since 1907.

The following table shows the report of the States: Alabama, 1,429,000. Arkansas, 1,429,000. Mississippi, 1,429,000.
