SENATOR OWEN HAS LOOK AT N. Y. STOCK EXCHANGE

Chairman of Senate Committee on Banking Pays Unexpected Visit

(By Associated Press.) NEW YORK, March 16.—The New York stock exchange received an unexpected visit today from Senator Robert Owen, chairman of the senate committee on banking and currency, chief opponent of the proposed regulations affecting operations of stock exchanges. He was admitted to the floor of the exchange by Vice President H. K. Hunt and several of the governors, such as he has been in the past, and he was shown the exchange by the chief of the exchange, Mr. Thomas Lipton and the chief of the exchange.

MANY WOMEN EXPECTED TO QUALIFY FOR ELECTION

(By Associated Press.) CHICAGO, March 16.—The number of Chicago women qualified under the recent Illinois equal suffrage act to cast their first vote at the alternate election in April will be doubled at tomorrow's registration, according to predictions today of woman suffrage leaders. More than 40,000 Chicago men are eligible voters. Hundreds of women yesterday attended mass meetings which were held in several downtown theatres under the auspices of women's organizations. Several women candidates for aldermen addressed the meetings which were attended by many of the 750 women who will cast their first vote at tomorrow's registration officials tomorrow.

Mother and Her Son, Once Rich, Now Poor, Attempt to End Life

(By Associated Press.) NEW YORK, March 16.—How easy it is to hide one's identity in a big city was exemplified in a police court case here yesterday when an elderly woman and a young man, giving the fictitious names of Mrs. Florence Miller and Samuel J. Miller, were arraigned charged with having attempted to commit suicide last Friday in a west side flat. They are mother and son and had sunk from a state of affluence to that of starvation. They had not revealed their identity to the attendants of the hospital where they were taken after they had attempted to kill themselves by gas asphyxiation, said the judge. The woman, who was 70, and the man, who was 30, were formerly wealthy, said the judge. They suffered misfortunes and became discouraged. Her husband once was worth nearly \$1,000,000. They have prominent friends in New Orleans who will send less than \$1,000 to their aid. I am ready to take care of them until they arrive. The Millers were discharged and went away with Mrs. Miller. Later Mrs. Miller said she had communicated with friends of the couple in the south, and that they would care for them. Mother and son, she said, were now and their attempt at suicide had failed.

MAYOR OF TERRE HAUTE ON TRIAL FOR CORRUPTION

Official Charged With Entering Into Conspiracy to Corrupt Elections

(By Associated Press.) TERRE HAUTE, Ind., March 16.—Arguments on a motion to quash the indictments against the mayor here today of the trial of Mayor Dunn M. Roberts on charges of conspiracy to corrupt elections. The motion was presented by Mayor Roberts' attorneys last week and is the same as that made in the trial here three weeks ago of William H. Hufman. The motion in Hufman's case was overruled and he was found guilty and sentenced to serve three to five years in the state prison. Court officials requested that Governor Harrison furnish protection for the witnesses and officials during the trial but the governor refused to call on the militia for this purpose. Every person who entered the courtroom today was searched for weapons. After the court convened the doors were locked and no one allowed to enter or depart until the noon recess.

ASKS DIVORCE, CHILD AND ALIMONY FROM HUSBAND

Alleging desertion since December, 1913, as the grounds for separation, Mrs. Bonnie Tankersley filed a suit for divorce in the superior court Monday morning against G. C. Tankersley. Mrs. Tankersley asks for temporary alimony, permanent alimony, attorney's fees, costs of court, a permanent divorce and the custody of the child, Elizabeth, four years old. Judge Little set March 18 as the date upon which the first hearing of the case would be held, and in the meanwhile enjoined Tankersley from disposing of any of his property, amounting, in all, to about \$5,000.

Suits That Are NEW

The display of spring suits has reached a point that borders on perfection. We mean that stocks are so varied, so typical of the new fashions that a woman may turn to this store with a sense of satisfaction and confidence that here she will find the suit she wants above all others.

It is not necessary to tell a woman the generalities of the new styles---all we would urge is that she see how accurately the suits we have gathered reflect those generalities and these other little style points that mark the out-of-the-ordinary---things that smack of Paris, of makers possessing a large bump of originality.

You have heard much of frillings and ruffles, of the short bolero and the quaint Eton, of the bouffant skirt, of the exquisite colors of this spring.

Now let us show you these things---let us try one suit on you after another (all the styles are here) until you see that this suit with coat fashioned so and skirt fashioned so is the suit most becoming to you.

And these are the days to enjoy the spring suit!

Woolen Suits at \$18.75, \$21.75, \$25.00, \$29.75, \$35.00 and up
Silk Suits at \$25.00, \$29.75, \$35.00, \$39.75, \$50.00 and up

And silks are in great favor---the plain taffetas, the moires, the failles and the aristocratic crepes radium. But we do not mean to specialize on any---our best efforts have gone into the selection of suits at every price.

Crackers Open Exhibition Season With Louisville Today

LITTLE PAL—HIS JOE COMMITS GRAND LARCENY.

-BY LEO

Crackers Will Meet Kentucky Colonels Today

Manager Smith's Crew Opens Exhibition Season With Jack Hayden's Team—Two Ex-Crackers in Visitors' Line-Up—Smith Will Make Several Shifts

The Louisville baseball team of the American association, known to fans as the "Kentucky Colonels," reached Atlanta this morning from their spring training camp at Fort Myers, Fla., and are ready to do battle with Manager Bill Smith's Crackers this afternoon at Ponce de Leon. The Crackers have had the advantage of most favorable weather conditions in their camp, and report here in good shape.

Manager Jack Hayden brings with him nine hurlers, three catchers, six infielders and four outfielders. Most of these are more or less well known to local fans, since they have been at various times in the big league. Then, too, Hal Beaumier and Al Bruce, former Crackers, both having played here in 1911. In addition to these two, there are Fred Toney and Loudermilk, who have labored with the Cubs in the big league at one time.

O'Rourke and Scott, infielders, and Severid, catcher, with Osborn and Scott, infielders in the outfield, are all players who have seen service in the majors. Hence the lineup which will meet the Crackers this afternoon will be composed almost entirely of ex-league players. It is expected that Manager Hayden will use Toney and Loudermilk in today's game.

Manager Smith has not given out any line-up for the game, but it is probable that the following will start the affair: First base, McCannell; second base, Schwind; shortstop, Manush; third base, Long; left field, Ed; center field, Plamann; right field, Ed; catcher, either Smith or Ed; pitcher, either Smith or Ed.

The local bunch has not had as much time to get in shape as the visitors, but are in pretty fair condition. They accordingly, expect to put up a good game against the invaders, and the contest should prove a highly interesting one. The game will be called at 3 o'clock, and an admission of 25 cents will be charged.

Miss Ravenscroft May Not Defend Title

PHILADELPHIA, N. C., March 15.—Miss Gladys Ravenscroft, holder of the women's national golf championship in the United States, may not defend her American title this year. Miss Ravenscroft said Sunday that she doubted if she would be able to return to the United States this year after she returns home in about a month. She has been participating in tournaments here.

Pels Trim Teams

NEW ORLEANS, La., March 14.—With Dixie Walker and Griggs Walker pitching in good form, the New Orleans Southern League team Sunday defeated the Detroit Americans by a score of 3 to 1. Ty Cobb in his initial appearance this season, struck out the first two batters at bat, but doubled to left on his third time up. He went out trying to steal home. Cochrane for the locals, got two doubles and a single in four times up.

Ericson, Duvick and Basham; Lemercier, Schauer and McLean.

A Heavy Hitter

OUTFIELDER OSBORN.
Big center fielder of the Colonels who hit 300 last season. He once played with the Phillies.

Fullerton Notes

Toledo athletes are right there with the home team. They passed an ordinance permitting boxing bouts if the public is admitted free of charge.

But Nelson will be anxious to fight in Toledo.

But doesn't care any more for a dollar than for his right eye.

The appointment of Magee as captain of the Phillies was not a surprise. The desertion of Mike Dodson left him the only non-foreigner on Dodson's payroll.

Clark Griffith makes his pitchers go through the motions of pitching before a mirror, the idea of this being to correct the imperfections and weakness in the delivery of the arm.

Tom Daly, who used to be a battery mate of Duvick, is now a scout for the New York Yankees.

TIME FOR GRANDMAS TO DIE.
Those springtime days will soon be here.

The happiest of the year.
From the office boy to the pretty stenographer.
This brings a word of cheer.

Watermelon must be plentiful in Paris. We saw the little armholes from the fact that Johnson, Langford and Maitreie stole close to Paris.

THE SPORTLIGHT BY GRANTLAND RICE

A SONG OF VAIN WISHERS.
I wish I were Robinson Crusoe, alone on a little old isle;
Shut out in a lava cut out of a cavern, where I might remain for a while;
With my valise Friday to keep the place tidy. O what a pipe job it would be.
With no bill collectors out after my dough or dunning the flat rent from me.

CHORUS.
I wish I were Robinson Crusoe,
I'd give anything just to do so;
To live far away from the times that they play—
Oh, lucky old Robinson Crusoe.

I wish I were Rig Van Winkle today, just starting upon a long sleep;
Where I might forget every Mexican rind and the troubles that after me creep;
Where for twenty sweet years I might dream of the cheers that our Mack-beating team had aroused,
And not wake to know that the dream wasn't so and disgustingly go and get sound.

CHORUS.
I wish I were R. V. Winkle,
I'd sleep where the little stars twinkle;
In the woods, dull and solemn, I'd pass up this column—
If I were old R. V. Winkle.

COBB VS. SPEAKER.
"Well," we heard a bullish-headed fanatic remark the other day, "why shouldn't Speaker get as much as Cobb. He may not be quite as good, but he is younger and so has farther to go."
This seems to be a popular fan impression, but the facts are that Cobb was born in 1886 and Speaker in 1883. This is thirty-one years old and Tyrris only twenty-eight.

The widespread error probably arises from the fact that Cobb debuted at the soon age of eighteen summers, while Speaker was twenty-three before they began to pay him money for his race.

THE PHILLY RAID.
The Feds raided the two Philadelphia clubs and carried away seven athletes. The seven losses were divided as follows: From the Phillies, 7; from the Athletics, 6.

In attempting to raid the Mackmen, President Gilmore discovered that Mack's people not only asked for a raise over their salary, but also an accounting for the \$3,256.73 they expected to inhale about the 14th of October, the same being the winner's end of a certain little race scheduled on the books.

The battle between Brooklyn and Ty Cobb was finally called off because Cobb refused to make 172 pounds at 3 p. m.

If the St. Louis Feds have any intention of winning the pennant, they should begin by a gradual process and break the news gently. For a St. Louis club to jump out in front and stay there for any length of time would produce a shock attached to fatal results. We doubt if the citizenry of that community could withstand such an unexpected blow.

We wonder why Prexy Wilson felt that he had to have his eyes examined? He lives in Washington, but he doesn't have to hit at Walter Johnson.

Down in Mexico the Feds achieved a notable victory. Is this a hunch? New York, having embraced White Hope, has now fallen for the wrestler. Having attained Parfait South, there seems nothing left to do now except to sit down or hurdle off into space. It's something, anyway, to know that you have inhaled the worst and that any shift is bound to be an uplift.

UPLIFTING THE PHILLIES.
As Red Doolin's outlay has suffered the hardest blow from the raiding Feds, thereby crippling the N. L. race, it's something safer than 2 to 1 that within the next few weeks some attempt will be made by the rest of the circuit to plug a few gaping holes in the Philly armament.

It isn't likely that the league will let a pennant contender be blown to pieces without rendering some aid. There is little chance that sufficient talent can be furnished to put the club back in the fight, but something will be done to improve conditions in an attempt to retain patronage that has been built up slowly for the last five or six years.

The English writer who referred to the "sham vigor of the Yankees" would probably label it the "sham speed of Walter Johnson." The "fake batting eye of Frank Baker" and the "alleged ability of Ty Cobb."

Or, in referring to "the sham vigor of the Yankees," he may have lamped the 1913 standing of the clubs in the American league.

Tilly Shafer was one of the few unfortunate athletes who signed a three-year contract before the Feds loomed up against the horizon. Tilly understands the technical position he is in and so will probably retire from the game until the ante is lifted and he is given the benefit of the late financial uplift. All of which will more than likely be done in time to bring Mr. Shafer around by April.

Tilly might well be blamed for not going through with his contract. But imagine, on the other side of it, about how you'd feel if your hands were securely knotted and the next day it started raining \$25 bills.

Hot Fight On With Lookouts For Third Bag

Jimmy Gillespie and Harry Brant Battle for Regular Position at Far Turn on McCormick's Team—Former Is More Experienced, While Latter Hits Better

(Special Dispatch to "The Journal.")
CHATTANOOGA, Tenn., March 15.—With the arrival of Jimmy Gillespie in the pink of physical condition, local diamond fanatics are assured of a spirited fight for the utility berth upon the 1914 Lookouts machine. Harry Brant will contest possession of the berth with the terrific blow which he received at the hands of Hardgrove.

Jimmy states that the blow no longer affects him in the least, after the long financial expense of the local club and external appearances certainly substantiate the assertion.

Brant's showing up to date has been almost sensational for a recruit and his promise to run Gillespie an awful race for the one berth. The coast phenom has been playing at second during the period, and has made a great impression on the one-berth crowd.

On major Gillespie probably has a slight edge on Brant for the position as utilitarian, because of the fact that he is a dependable outfielder, while his opponent has had but little experience over. The latter, however, has been steadily with the willow, his record last season indicating that he is a dangerous slicer.

Suit to Enjoin Killifer to Be Filed Thursday

President Gilmore Announces
That Proceedings Will Be
Brought in Grand Rapids,
Mich., Court - Will Also
Take Action Against Pitch-
ers Kohler and Blanding

CHICAGO, March 16.—A bill asking
for a permanent injunction to prevent
W. H. Killifer from playing with any
club except the Chicago Feder-
ated club will be filed in the
federal court here Thursday. The
bill, which was introduced by
Judge J. H. Gilmore, president
of the National League, will
also ask for a series of test cases to
be started by the Federal league.
Gilmore said he would bring Pitchers
Kohler and Blanding, of the Cleveland
American league club, into court to
show why they should not report
to the Federal league, but this will not
be done until the Killifer case is set-
tled.
Killifer, according to Gilmore, signed
a Federal league contract, received \$100
advance money, then repudiated the

Mgr. Sanders Well Pleased

(Special Dispatch to The Journal.)
NEW SAN, Ga., March 16.—Manager
"Pop" Sanders, of the Newnan team of
the Georgia-Alabama league, announced
today that he has almost completed
plans for play to begin on the opening
of the league, and that he was confident
of winning the pennant this season
with ease, as he had never before had
as much good material together in one
team in his experience in baseball.
About thirty candidates have signed and
a team of extra good artists have been
secured.
Manager Sanders had planned to
pitch the coming game against La-
Grange on the road tonight, but at the
request of pitcher Lovell he has con-
sidered to let Lovell pitch and "quack
shot" Clark catch. Clark caught Lovell
three seasons before he came to the
Georgia-Alabama league, and it was
through the effort of Lovell that Clark
was signed. With this better Sanders
expects to win the majority of the
league games.
Hawkins, the youngster who dis-
played such great pitching and who was
one of the leaders last season, is in
better shape than ever, and with these
two pitchers the Newnan team seems to
have good chance for the pennant.

Coast Artillery Sets New Record

ST. LOUIS, Mo., March 16.—Announce-
ment was made here Sunday of what is
believed to be a new world's record in
night target practice. The Eleventh

Saturday fired seven shots at a range
of 4,000 yards in one minute and fifty
seconds, each shot taking effect.

Cobb Reports At Tiger Camp

NEW ORLEANS, March 16.—Tyus
Cobb, outfielder for the Detroit Ameri-
cans, yesterday set at rest reports that
he had been approached a second time
with an attractive contract by the Fed-
eral league, with the statement that no
such offer had been made. Cobb said
he had refused one Federal proposition
and added that he would stay this sea-
son with Detroit in accordance with his
contract. President Nantz arrived here
today and returned to Gulfport with the
team. He will spend this week at the
training grounds. He appeared con-
fident Cobb would remain with the team.
He said Sam Crawford, outfielder, would
report at Gulfport Monday.

French Take Great Interest in Baseball

NEW YORK, March 16.—Baseball has
been taken up in France with great
enthusiasm and soon will be a coun-
sport there, according to W. H. Bur-
ges, president of the Vichy team, France.
Recently 2,000 French enthusiasts wit-
nessed at Dijon a game between the
Vichy team and the home players and
Mr. Burges, the French player, he
added had adopted a lighter gear, re-
sulting somewhat that of the Ameri-
can track players.
But why can't the French find some-
body else's eyes sometimes that for a
change?

MANAGER HERZOG HAS PUT NEW LIFE INTO THE REDS

BY RICHARD S. FULLERTON.
ALEXANDRIA, La., March 16.—Cin-
cinnati has a manager. Therefore, Cin-
cinnati, after being for a double de-
cade one of the jokes of baseball, has
prospects of having a real baseball
club.
I have watched with considerable
wonder the work of Charlie Herzog
in rebuilding out dead timber and plas-
ting live oak in its stead. There are
managers and managers, but Herzog is
the ultra-modern manager of them all,
adopting the best ideas of Change, of
McGraw and of others, and on top of
them he is showing his own ideas, and
he is full of them.
If Herzog's ideas can stand the
strain of the continual hammering that
he must endure, can withstand the ef-
forts of certain elements that have for
years milled under all Red managers,
in other words, if the directors will let
him, he will give Cincinnati a first di-
vision baseball club this season—and a
permanent contender next.
He has a team which today is at
least three weeks in advance of any
other in training that I have seen. He
has found a lot of promising material,
and found it himself—men of his own
type and men who will play baseball
his way.
Herzog has made the old box work
and he is keeping them working. The
old-timers accustomed to loafing to

Chicago Bowlers Set Two Records

MUFALAN, N. Y., March 16.—Chicago
bowlers in the American bowling con-
gress tournament here yesterday fur-
thered two new high scores in the
dividual event. E. Hesse rolled high
score, 542, taking first place, while T.
Hesse, took second place with a
score of 535.
Of those and Leo Mayer of Mil-
waukee, Wis., rolled high scores in the
two-man event.
High scores include:
Five-man event:
Howard Majors, Chicago, 2,581
Charles Peters, 1,871.
Two-man event:
O. W. Schmidt, W. A. Williams, Chi-
cago, 1,235.
R. Hays, J. Kraft, Chicago, 1,139.
Individual event:
T. Hesse, Chicago, 542.
T. Hesse, Chicago, 535.
Fourteen teams competed in the four
game of the five-man event but right
but failed to displace any of the five
leaders. Miller's five of Detroit also
high score, 2,881, taking ninth place in
the standing.
Eddie McGorty Wins
SYDNEY, New South Wales, March
16.—Eddie McGorty, of Oakton, Wis.
yesterday was given a decision over
Jeff Smith, another American fight-
er, at the end of a hard-fought twenty
round bout. The referee's decision was
unpopular.

Peachtree Residence Property Between Sixteenth and Sev-
enteenth Streets Is Sold for Aggregate of \$22,500—Week
Starts Off With Ideal Weather Conditions—Building the
Country Over Shows Only a Small Decrease

The sale of a Peachtree street residence opposite Ansley Park was featured in real estate announcements Monday.

The Martin-Graham Realty company sold for H. A. Dandeker, Jr. to Judge Arthur G. Powell, No. 1894 Peachtree street for a consideration of \$22,500.

This property is on the west side of the street, between Sixteenth and Seventeenth streets, and consists of a two-story brick veneer residence on a lot of 120 feet.

As far as the weather was concerned the week started off as well as could be expected.

Normal sales of considerable importance will probably be announced during the week. The lawyers are now at work on the title. Now that winter is practically over, better building prospects are expected also.

A volume of transfers both in Fulton and DeKalb counties is shown in Monday's list.

Official announcements have been binned of two or three new apartment houses, but the plans are not as yet far enough advanced for definite announcement.

A report of building operations in the Journal of Commerce shows that the value of building operations all over the country is not far behind last year thus far in 1914—about 20 per cent.

When it is considered that the comparison with the early portion of 1913, building business at that time being in a slump, it is not so bad.

It is still behind the early portion of 1913, but the outlook is not so bad. It is believed that building business from now on will be toward a steady increase.

SPECIAL NOTICES.

D New Colleague to Nation'
- Chief Executive

BY RALPH SMITH.
WASHINGTON, March 16.—Senator Hoke Smith this morning presented a new colleague, Senator West, to President Wilson. Senator West assured the president of his purpose to support administration, and congratulated him in the manner in which he has handled the Mexican situation.
"I hope you won't let us get into war with Mexico," said the senator who added that "as a rule, I don't like to see the United States get involved in foreign wars."

The matter referred to by Sen. West relates to the district attorneyship and the assistant attorneyship in the southern district of Georgia. I will ask the president to nominate Pratt Adams, of Savannah, to the district attorneyship, and will urge the appointment of Tom Mason, of McRae, to the assistant's place.

womanly troubles, and, although I

different treatments, I did not get relief.

I was unable to look after any of my work, and my friends thought I could not get well.

Finally, I began to take Caudell's Women's Tonic, and I hadn't taken more than the third of the first bottle before I noticed its good effects.

Now I can do all my work, feel
I'm not more than 16 years old, but
really 49. My own friends say I
so well they don't recognise me
they meet me in the road.

My daughter is using Caritui, and
says it is a fine medicine. I also
a number of lady friends taking
since they found out how it helped

Whenever I feel a little fatigued, I take a day's extra hard work. I just take a dose of Cardui and am all right.

I can't say too much for Cardui.

Thousands of women who now suffer from womanly troubles could be relieved and benefited by following Bowen's example.

Are you of this number?

If so, try Cardui today. It is harmless, and is almost sure to do good.
