

PAYS RECORD PRICE FOR WHITEHALL ST. PROPERTY

C. W. McClure Purchases the Building Occupied by Chamberlin, Johnson, DuBoise Co.

The record price of \$2,500 a front foot, of an aggregate consideration of \$400,000, has just been paid by C. W. McClure for the property at Whitehall and Hunter streets now occupied under lease by the Chamberlin-Johnson-DuBoise company.

Mr. McClure is head of the McClure Realty company, to which the property was conveyed. The sellers were the DuBoise-Realty company.

The sale was handled by R. H. Otis, of the real estate firm of Otis & Hollis day.

The lot has a frontage of 59 feet on Whitehall street and a depth of 294 feet on Hunter, and is occupied by the five-story building in which is located the business of the Chamberlin-Johnson-DuBoise company.

That company has five years yet to run on its lease, and so the transaction in no way affects its business.

The front foot price is the highest ever brought by Atlanta real estate, and probably the highest ever brought in the south. The previous record was held by the Trust corner of Peach street and Atlanta avenue, which was sold \$2,300 a front foot of property.

Chiefly because this is the only Whitehall street corner that has changed hands since the Atlanta real estate bank property was purchased and with the exception of the corner of Whitehall street corner sold in over twenty years the sale is in the hands of the same owner.

Mr. McClure, the purchaser, has stores in a dozen or more southern cities and in the other hand, while most of his time in the east and west and perhaps his better knowledge of Atlanta from an outside view point than almost any other person in the city.

He demonstrates his faith in Atlanta's future by paying a record price. This is an actual monetary transaction, an exchange of other properties being involved.

The largest and most modern building in the south will be erected at the expiration of the present lease. The first few floors will be occupied either by a greater McClure company or a department store and the upper floors will be devoted to offices.

The site is admirably adapted to office purposes since it has 340 feet of outside light exposure, combining the Whitehall and Hunter street frontage with that on the wide alley which already runs along it.

Mr. McClure wishes to go in Atlanta what Woodworth has done for New York City in a slightly modified way. He is one of Atlanta's most (or might be) investors and is naturally inclined to change his calls attention to the fact that Woodworth located his New York building convenient to situation, being situated at a very large price per acre, especially the clerical floors, are supplied by the subterranean system.

Mr. McClure following out this idea has selected a corner at an equal distance from both business districts and only one block of the principal business lines, such as Decatur, East Lake, College Park, Inverness and East Point, with practically every city street crossing the front or rear of the property.

The property is L shape fronting 59 feet on Whitehall, 294 feet on Hunter street, and extending south 290 feet along an alley.

The sale was made by R. H. Otis of Otis & Hollis day, who gave the property particular attention. The site is very prominent in the regrading and reforestation of Whitehall and Forsyth streets and the removal of the old buildings and streets have been largely due to his efforts and this has very materially improved that section.

The most recent work has been the accomplishment of white lights for Mitchell and Pryor streets connecting the two blocks.

Mr. Otis, in speaking of this sale said: "It is the first price given in years for a Whitehall street and it sold to the very first person to whom it was offered. Incidentally this first person happened to be Mr. McClure, a man who is no wonder the most conservative judge of real estate in Atlanta."

RENEW CASES AGAINST SEVERAL LOCKER CLUBS

Will Be Tried in Recorder Broyles' Court on Friday Morning

Five cases against lock locker clubs were made and dismissed several months ago, were renewed Wednesday night and will be tried in Recorder Nash Broyles' court Friday morning.

The cases are docketed against A. R. Smith, of the Theatrical club; C. C. Smith, of the Metropolitan club; C. C. Smith, of the Owl club; William Wolf, of the Owl club; and S. R. Green, of the Eagle club.

Detestable to look out the papers refuse to discuss the cases, but there is a persistent rumor in police circles that C. C. Jones, the witness whose arrest from the city when the cases were brought before resulted in their dismissal, has been found and brought back to appear against the clubs.

Chief Heavens declared that Jones had been found and would appear against the clubs, while Chief of Detectives Lanford said that the prosecution would go on without Jones and that so far as he knew the missing witness had not been apprehended.

The locker club cases were to have been tried Thursday but officials of the clubs declared they would like more time to prepare their defense, so the cases were postponed until Friday.

Chief Lanford insisting that if they were postponed all should be postponed. J. B. Richards, of the Anti-Saloon league, was at the police station Thursday morning to see the prosecution.

A number of private detectives who are experts in the work of the Anti-Saloon league, to investigate the cases were present ready to testify Thursday morning.

Also filed A. L. Williams, a horse trader, who testified at the trial that he had seen Smith eat a suspicious lunch at 167 1-2 street.

An investigation by the officer revealed that the case contained nothing of which. Before Recorder Broyles Smith swore that he had just returned to the city and had been driven into the rear of 167 1-2 street, where he had left in the lot in the rear of 167 1-2 street.

The recorder informed Smith that if he could produce the carton in which the whisky had been shipped to him from Cincinnati he would dismiss the case against him.

Has Anybody Obtained Your Goat? If So, Here's Chance to Get Another

"Please furnish us with the name of some one who would be likely to buy a goat of us, which we would like to ship to Atlanta for the shiners' meeting," a man in Appling county has written to Postmaster Forrest Adair, of Yabar Temple. "We will have for sale 300 or more at \$100 per head."

"I have no idea who you could go with them," Mr. Adair has replied. "The shiners use camels in their parades at this meeting they all have to get Atlanta's goat, and if they succeed in that they will consider it quite sufficient."

It has been suggested that the goats might be sent in hands with the camels outside now in progress. Their appetite for grass is insatiable and May or Woodward says the new creators can't dispose of these as fast as Atlanta's demand for them of their yards.

"If anybody wants 300 goats here is the chance. Let him grab it quick, and may Allah have mercy on him there are plenty of goats to go with them. We are going to have our hands full with protecting Atlanta's goat."

The class will now under the close of the legislative session the suffragists will sponsor a series of lectures by leading men and women who will explain various important measures proposed to the legislature.

Tentative plans for the class in citizenship were discussed at the regular meeting of the association at the Ansley hotel, Thursday night.

Miss Helen Gray, the first and declared the whisky had come in the rear of 167 1-2 street, where he had left in the lot in the rear of 167 1-2 street.

Others who spoke at the meeting were Miss Helen Gray, who discussed "Economics and Political Economy," and Mrs. H. Campbell, chairman of the social service work, who made a most interesting report.

(Special Dispatch to The Journal.) NASHVILLE, Ga., April 15.—The residence of Dr. P. L. Askew was destroyed by fire here late last night. There was \$3,500 insurance on the property. The total loss will be about \$3,000.

One section, headed by Jules Coulan, objects to the hint as likely to cause destruction by the house. To this a resident Arthur Meyer replied that Repper, being the holder of a second class ticket, does not come under the jurisdiction of the jury and can send him to his place. The society can interfere, he added, only in case the work is immoral or improper.

FIGHT FOR CHEAPER GAS STARTS MONDAY

Petition Will Go to Council Asking Appropriation for Investigation of Rate

The movement for cheaper gas rates started by City Electrician H. C. Turner will take definite shape next Monday when a petition is presented to the general council asking that funds be appropriated to defray the expenses of an investigation by the state railroad commission into the affairs of the Atlanta Gas Light Company.

Electrician Turner states that the petition has been signed by more than 1,100 voters. Its presentation to council will be the first time that the recently enacted initiative feature of the city charter of Atlanta has been employed. According to Turner, the petitions have been circulated under the auspices of a recently formed organization called the Gas Consumers' League.

The gas company's answer to the demand for cheaper rates will probably be that coal costs more in Atlanta than in cities nearer the coal fields, wherefore it is not fair to compare Atlanta's rate of \$1 per 1,000 cubic feet with rates of 75 cents and 80 cents in cities where coal can be bought cheaper.

Smoking Allowed in Church? Sure Thing! Doctors Meet There

The walls of the Wesley Memorial Church were treated to something Wednesday morning which some say they never saw before—smoking. A series of daily sessions of the Medical Association of Georgia are held in the church during the three-day convention that started Wednesday. A few minutes after the invocation by the pastor, Rev. W. H. Hendrix, smoking started.

The president, presiding on the rostrum, took out a cigarette, lit a match and gave a couple of comfortable puffs. Immediately a match was struck on the second row and blue wreaths curled up from a fat cigar toward the stained glass windows.

Next a man on row one took out a vicious looking pipe, filled "her" up and fired away. Then, as the word goes, "smoking became general and continued throughout the morning session."

MILK EXHIBIT ATTRACTS NOTICE AT CITY HALL

Dr. Claude Smith, City Chemist, Says Dairymen Are Working for Better Product

Dr. Claude Smith, the city bacteriologist and chemist, whose duties include the analysis of milk sold in Atlanta to determine whether it conforms to the standards required by the city health ordinance, has installed in front of city hall a very interesting and instructive display of milk samples.

The samples are ranged in a row. The one on the left shows several bacteria, and is marked "bad." The one on the right shows almost no bacteria, and is marked "best." Below is a fourth sample, showing a great many bacteria, and this is marked "bad."

There is also a typewritten list of "some of the better dairies," in which Dr. Smith gives the names of fifteen or twenty dairies with their respective addresses. Each one of these dairies, as shown in the analysis of samples taken by the city inspector.

The whole exhibit is enclosed in a glass show case and is attracting much attention.

PRaise JOURNAL FOR ITS ARTICLE ON NEW CHURCH

Robert C. Humphrey Writes Letter of Appreciation to Editor

Editor The Journal: My attention has just been called to the highly appreciated article on Atlanta's new Christian Science church, first Church of Christ, Scientist, which appeared in the issue of The Journal of April 5.

In connection with this article, parts of a letter from Mary Baker Eddy to the Atlanta church, written in 1898, are published. By the omission of a word in sentence of Mrs. Eddy's letter the meaning is marred to a considerable extent. As published in your column, Mrs. Eddy is quoted as saying, "Our worship is duty." As it appears in Mrs. Eddy's letter, a copy of which is before me, the sentence is "You worship no Distant deity," which is quite another matter.

As our critics are usually on the alert to make capital of even a typographical error, would thank you to give space to this correction.

Very truly yours,

BANKS HERE ATTRACT FINANCIAL PUBLICATION

Atlanta's bank clearings have become notable enough in the financial circles to attract the attention of the Wall Street Journal. That publication's financial editor calculates almost entirely among financial and industrial leaders of the country, and in its issue of Monday, May 12, a statement of the Atlanta bank clearings for the preceding year is given, showing a gain of 18.7 per cent—the largest weekly increase of the year.

"Local banks report very much larger deposits than ever before held at this season," continues the Wall Street Journal. "One single bank, the Atlanta National, reports an increase in deposits of over \$500,000 since the last call of the controller, March 12."

UNCLE SAM'S ARMY IS NEAR MAXIMUM STRENGTH

Uncle Sam's soldiers are getting ready for any time they may be needed in the line of the fighting. So many recruits are coming in that the army is now at the maximum of the standing army is almost doubled.

Coming Events Cast Their Shadows Before== Tomorrow

The Clean Up and Paint Up crusade is a wholesome and salutary proposition. Atlanta is soon to be the part she does so well, to be hostess to two great and fine gatherings.

Let's have things spic and span. We will do our part with enthusiasm, with such enthusiasm that brings profit to every one within reach of this advertisement.

A Clean Up Sale to start the day before the official C. U. & P. U. Day! A Chamberlin-Johnson-DuBose Co. Clean Up Sale!

We have ransacked every department for all odd lots and surpluses. We even drove some fine trades with makers to get their surpluses.

Clean Up of Toilet Articles

Read the list below, perhaps your favorite odor or cosmetic is caught in the Clean-up reductions.

Regardless, these are toilet accessories of known worth and quality; one might well buy for the whole summer.

Nor Has Mere Man Been Forgotten

Quite the reverse is true; he has been thought of in a way that he will appreciate.

His shirts, socks and ties are marked at prices that will urge him to supply himself against the heavy demands that spring will bring.

74c For \$1.00 Lion Brand Shirts

Men who buy by brand know the fine fit and splendid patterns of Lion Shirts.

Striped patterns, plenty of black and white, and blue and white stripes; every shirt fresh and new. Negligee and long plaited bosoms; cuffs attached. All sizes.

17c For 25c Shaw-knit Sox

Of soft mercerized cotton, the weight most men want for right now; long wearing, reinforced heel, toe and double sole. Gray, tan and navy. Buy a dozen pairs and save!

35c For Men's 50c Ties

Open end four-in-hands of rich silks. Patterns that were for men who choose the soft, dull shades, for men who do not mind having their pockets "heated." Great variety for your choice. 3 for \$1.00.

The Clean Up in the Ready-to-Wear

A lively throng here tomorrow we warrant! Such prices compel the interest of the woman who would own her spring suit or a silk dress at a price much lower than she would expect to pay right now. For every suit and dress included is of Chamberlin-Johnson-DuBose Co. selection. It is therefore a style that merited its former price and your approval. Now save by the grace of the Clean-Up Sale.

Seventy-Five Suits That Were \$18.75 to \$25.00 Are

But seventy-five, they will soon be cleaned up. The new crepe weaves are prominent, Canton crepes, crepe poplins, the gabardines, in colors that have the approval of Paris—hello, navy, Copenhagen, Labrador, reseda and a few in black.

You will be struck with the smartness of styles and the variety. Little coats and tiered and ruffled skirts that need no words of ours to support their claim to your favor.

One Hundred Silk Dresses That Were \$18.75 & \$21.75 Are

In a season when silk dresses of such styles as these are enjoying great favor than in many years, such a sale takes on the importance of an event.

It is news such as women seldom read. French Taffetas, Pussy Willow Taffetas, Crepes de Chine.

Fauntlessly styled—among the hundred one will find about every style of this good season; the lacy waist, meaning the beautiful use of chiffon, nets, of plaitings and of ruchings; skirts that draw the new silhouette—tiered and ruffled skirts, with peplum. Smart styles! They are developments of shades of navy, brown, tan, green and black and in two-toned colorings.

Fifty \$10 Foulard Dresses, A Maker's Clean Up,

One of the bargains we drove in time for this occasion. Would that there had been more!

The foulard is a soft, supple quality in navy, Copenhagen and brown, little Dresden florals scattered over it. Flat lace collars, a bow at the waist, skirt with peplum, half length sleeve. Such dresses as women want for many trips to town.

And These Prices in the Greatest Blouse Season of Years

If evidence were wanted to prove that we stretched a point in your favor to make the Clean-Up Sale a huge and helpful merchandise movement we would not have to look farther.

Blouses of this moment's style at savings of one-third and more—wash silks, chiffons, crepes de chine, taffetas and the like. And the world of femininity is seeking just such blouses. That part of it that reads this will make quick work of such values.

\$1.95 For \$2.95 Wash Silk Shirts

Those simple and serviceable tub silk shirts wanted so much at this season and later for traveling. Plain white and white with colored stripes; black, gray, tan, lavender and the like; low turn-back collars; full or half length sleeves. The quality of the silk is superb.

\$2.50 For \$5.00 and \$5.75 Blouses

Fine choosing here! The list is composed of blouses of chiffon, of taffeta, of crepe de chine and lace combinations. Too varied in style and colors to attempt descriptions—but waists women will want for wear with new spring suits. All are smart styles, conceived this season.

\$3.75 For \$4.95 to \$5.75 Blouses

Of crepe de chine! Colors and white. Perhaps one of the finest bargains of the Clean-Up Sale—since crepes de chine are at a premium in many stores. Dainty and lacy and fluffy and blousy. See these with self-plaited fronts and these with daintiest organdie collars embroidered and pi-quet edged. Mais, Copenhagen, lavender, pink, rose, light blue and white.

Tomorrow and Saturday, Clean Up Days in This Store

And then we priced things, priced them with a razor-like blue pencil!

But this page attests that. Clean up? Indeed, it will be a clean up the like of which Atlanta has not known in many a month. Willing hands stimulated by savings will help.

Every department has contributed its quota of the values—every household can profit. See to it that you get your share.

The sale gets under way tomorrow morning at 8:30 and will continue through Saturday. We shall try to make Saturday as profitable as possible, but tomorrow is the day of first choice—Read on—

Remnants of Silks—Prices to Make a Clean Up

They Will Be Ready for You at 9 o'Clock

Chamberlin-Johnson-DuBose Co.'s Remnant Sales are well known as events bringing wanted materials at fine savings. This particular sale is planned to beat the best efforts of the past.

The occasion warrants it—the time is propitious.

Silks are in great demand. Women have found that ours were selected with such insight to the right styles and with such fine discrimination that the silk section has seen active, brisk selling all season. Many remnants have accumulated.

Now then to clean up.

Prices Are Reduced One-Fourth One-Third One-Half

The list of fabrics included would read much the same as a catalogue of this season's favored fabrics—

Crepes de chine, toulards, crinkle crepes, crepe metors, poplins, plain and two-toned taffetas, brocades, charmeuse, satins, chiffons, etc., black and colors. Lengths one-half to nine yards, MANY dress lengths.

Shadow Laces \$3 a Yard Net Lace Prices Halved Flouncings \$1.50 a Yd.

Silk shadow laces, cotton shadow lace, white, cream and ecru. They are patterns from our own stock, included in the Clean-up Sale because they now represent a broken lot. Certainly a woman would never find a really good lace for a halved price in the lace themselves.

Starch edges to forty-five-inch flouncings—these wanted for dresses. Regularly 25c to \$9.50 yard.

Clean-up Prices 12½c to \$4.75 a yard.

\$6.50 to \$12.50 Corsets \$1.98

A clean-up indeed!

Old lots that will accumulate in the best of regular stocks.

Not all sizes in all styles.

The materials are French coutils and brocaded silks of models of medium bust. For the woman who does not care for the low bust corset, for her who would wear another fine corset for wear around the home, this is a splendid opportunity. The materials are such, the workmanship the best—\$6.50 to \$12.50 corsets, \$1.98!

88c For \$1.50 Corsets

More of these splendid corsets with low bust and long hip lines and six hose supporters have arrived in time to enter this sale.

49c For \$2.00 Corsets

Note, please, the material—sturdy coutil, then the workmanship and the graceful style—low of bust, long over hips; six hose supporters.

75c For \$1.00 Brassieres

In small sizes, 32 and 34 bust, slightly soiled, embroidery trimmed styles that open back.

9c For 25c Brassieres

Strong, well made. Not all sizes in the lot, embroidery trimmed, open in back—they have sold freely at 25c.

Clean Up With C.-J.-DuB. Furniture Polish 25c

For a bottle of C.-J.-DuB. furniture polish is a splendid present. It brightens, it preserves the finish, it is a positive help to furniture, a furniture skin food, so to speak. This because it contains no acid. Nothing that could injure the finest grained wood. We know. We make the polish.

In quart cans, at \$1.00, it is cheaper.

Fabric, Gloves Priced

Priced in the forefront of their season—the crowds should be large.

49c For \$1.25 Lisle Gloves

16-Button length, choose from tan, brown, navy, dark green and pongee. Also at this price are \$1.00 and \$1.25 silk gloves, sixteen-button length, pink, lavender and light blue, in broken sizes.

Knit Underwear and Hosiery

The values deserve greater recognition in the Clean-up advertisement than this space gives them—but this does not affect the savings and the satisfaction that women who read will enjoy.

\$2.50 to \$4.50 Venetian Lisle Vests \$1.50 to \$3.00

The range in price is usually a matter of the elaborateness of the hand embroidery. The silk is that superb wash Venetian silk in white and pink. Reduced because a bit soiled.

3 for \$1.00 Lisle Vests, 3 for 75c

They come in neat boxes of three. We have changed the prices for these two ways to 75c instead of \$1.00. Silk lisle, a weight most women want for the season ahead.

EARLIER TAG DAY DATE FOR SHELTERING ARMS

At Suggestion of Mr. Forrest Adair, Tagging Is Fixed For May 7

Notwithstanding the richer harvest they would have reaped by having Tag day this year on its usual date and collecting dimes and quarters from the thousands of visitors who will be in the city during Easter week, the women of the Sheltering Arms society have advanced the date and fixed it on May 7. The date was done at the suggestion of Mr. Forrest Adair, president of the society, which met last night at the officers of the society. Mr. Adair said that all charities are generous toward all charities, it would be a matter of question to contribute to our usual Tag day campaign. Tag day would have occurred on a date between grand opera and the Shriners' coming.

A general meeting of the society was held Thursday to formulate plans for the campaign and make it the most successful in the records. Tag day has become a tradition, and the Sheltering Arms society is conceded to have exclusive right to it. It is a source of pride and interest in the industrial neighborhood of the city.

TURNER WOULD ABOLISH ELECTRIC CONTROL BOARD

Wants His Department Administered Entirely by Light Committee of Council

City Electrician R. C. Turner is drafting an ordinance, which he will ask the council to pass, abolishing the board of electric control and putting his department under the direction of the electric light committee of council.

Under the present arrangement, the electric light committee passes on matters pertaining to electric lighting of the streets, White Way lights, electric light of the city, etc.

The board of electric control is a sort of hybrid, consisting of the chairman of the electric light committee of council, the chairman of the street railway committee of council, the chief of construction and the chief of the department. This board directs the general administration of the department.

Turner has not got along fairly well with the electric light committee, but with the board of electric control, he has frequently in friction. He now wants the board abolished. His contention is that on level of one city department should be given authority to pass on the acts of the head of another department. He says his main trouble with the board of electric control comes from the Chief Commissioners and Chief of Construction Clayton.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Stephenson,
on the Pacific Coast.

INDEPENDENCE, OREGON.—"I was sick with what four doctors called Nervous Prostration, was treated by them for several years, would be better for a while then back in the old way again. I had palpitation of the heart very bad, fainting spells, and was so nervous that a spoon dropping to the floor would nearly kill me, could not lift the lightest weight without making me sick; in fact was about as sick and miserable as a person could be. I saw your medicine advertised and thought I would try it, and am so thankful I did for they helped me at once. I took about a dozen bottles of Lydia E. Pinkham's Vegetable Compound and also used the Sarsaparilla Wash. Since then I have used them whenever I felt sick. Your remedies are the only doctor I employ. You are at liberty to publish this letter."—Mrs. W. STEPHENSON, Independence, Oregon.

A Grateful Atlantic Coast Woman.

Hopkinstown, Me.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired morning that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced using Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SORRELL, Hodgdon, Maine.

For 40 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

OUR
ASTROLOGER

"The stars incline, but do not compel."

HORIZON

FRIDAY, APRIL 17, 1914.

Astrologers declare that this is a day, doubtful and uncertain in its general features, for security alone in the beneficent aspect, while Mars, Neptune, Saturn and the Sun excite adverse influences.

As the nerves are held to be peculiarly susceptible under this government self control should be summoned in all acts, even those that appear insignificant, for exaggerations, misunderstandings and dissensions are common with this configuration prevalent.

There is a fortunate sign for school teachers, mathematicians, secretaries, clerks and postmen.

During this month and next insurers will profit greatly and money-lenders will have many clients, the stars declare.

Advertisers and promoters are also favorably controlled, when Mercury is friendly. Agents and all who seek opportunities for others should enjoy success.

The planets are promising for jugglers, trainers of birds and low comedians. There is a good omen for circus and cheap theatres.

Mars, rising in Cancer, foreshadows troubles in Wales as well as in Ireland. This planet also threatens unrest, sickness and increased death rate in South Africa.

Fluctuations in railway stock again are indicated. A reaction in public sentiment may encourage a rise in values.

Planetary conditions are not so reassuring so far as the public health is concerned. Scandals arising from the food and sanitary condition of American cities are indicated. New York will suffer from the effects of filthy streets.

Agitation on the part of persons in authority may be expected when Saturn is so fully aspected. It is a time for employees to be cautious and industrious.

Persons born on this day should be careful to avoid quarrels and dissensions. Business anxieties and domestic troubles are foreshadowed. The omens especially bad for these occur in the morning.

Children born on this day may be quick-tempered, but exceedingly bright. They may meet with financial ups and downs. As they grow on the cusp they may partake of the qualities of both Mars and Saturn. The signs of war, disease, liberty and poverty may be especially evident.

LITTLE STORIES FOR BEDTIME

BY THORNTON W. BURGESS.

Reddy Fox was miserable. Yes, sir, Reddy Fox was miserable. To be continually laughed at is enough to make any one miserable. No one ever likes to be laughed at unless they are trying to make people laugh at them. Reddy Fox wasn't doing anything of the kind. Oh my, no! No, indeed! Reddy considers himself a very fine gentleman and so, of course, he wouldn't think of doing anything to make people laugh at him. But they did laugh at him just the same, even the very smallest, and it was all because of the way he had run from Buster Brown with Jumper the Hare right at his heels. You see everybody pretended to believe that it was from Jumper that he was running away.

So Reddy was very miserable. If he went down on the Green Meadows Dan-y Meadow Mouse would be sure to call out:

"Mr. Frisky has a score
At the shadow of a hare!"

Then Danny would laugh in the most provoking manner, and hide where Reddy could not get at him.

If he went up to the Smiling Pool he was sure to hear from Johnny Chuck:

"When Jumper gets him on the go
Reddy's anything but slow!"

Then Johnny would dive into his house and all Reddy could do would be to grit his teeth.

If he went over to the Smiling Pool he would no sooner come in sight of Jerry Muskrat than Jerry would shout:

"Reddy, Reddy, you watch out!
Jumper's somewhere hereabout!"

Then Jerry would laugh in the most provoking way and Reddy couldn't do a thing, because Jerry would be swimming with only his head out of water.

If he went to the Green Forest he would be sure to hear Uncle Possum's funny chuckle from some tree overhead and then Uncle Billy would say:

"Ah done hear say it for a fact,
Who runs away will sho' come back."

Then all Reddy could do would be to grind his teeth and tell Uncle Billy what dreadful things he would do to him if ever he caught him.

Now, of course, that's what the little people of the Green Forest and the Green Meadows do to those who try to run away from them. Reddy Fox, when he grew angry they laughed, and the anger he grew the more they laughed at him. Of course that wasn't at all nice of them, but they didn't stop to think of that. Not one of them loves Reddy Fox and now that they had a chance to get even with him for the trick he had given them, and for all the mean things he had done to them, they were just bound to make the most of it. You see it didn't once enter their heads that it might be making trouble for some one else. All they thought of was making Reddy Fox feel miserable.

But it is not very often that you or anybody else can make trouble for just one person. Did you ever think of that? It's so. You go and jump the hare, and all Jumper's friends are laughing at Reddy and shouting mean things at him and calling him a coward because they think he made Reddy feel uncomfortable and miserable. It didn't once enter their heads that they were making trouble for any one else. Yet they were. They were making a lot of trouble for some one else, and that some one was Jumper the Hare.

Next story—slow trouble was made for Jumper the hare.

Miss Lillie May Scarratt assisted in entertaining.

Pledges the club members the invited guests were Miss Scarratt, Miss Lorena Wells and Miss Margaret Farrell.

Mr. and Mrs. Lopez

An event of Wednesday evening was the dinner at Mr. and Mrs. D. H. Lopez entertained at their home on Piedmont avenue, in honor of the wedding of Miss Irene Lopez and Mr. Howard Osgood, Jr., of Minneapolis.

The large round table had as center decoration a Marie Antoinette basket holding Killarney rosebuds and the hand-tied with blue ribbons. The cards were hand-painted bluebirds and at each guest's place was an apple containing rice. All the details carried out the bluebird theme.

The hostess was given in black chaperone with bodice of shadow lace. Miss Lopez was attractive in a gown of flame-colored chiffon.

After the dinner the wedding rehearsal took place.

The guest of the occasion included the wedding party and a few out-of-town guests, and were Miss Lopez and Mr. McMillan, Dr. and Mrs. Joseph H. Hines, Mr. and Mrs. M. De Leon, Mrs. Howard Magrill, Little Lake City, Mr. Henry Harby, of Sumner, S. C., Mrs. Robert Samuels, and Mr. Robert Campbell, of Minneapolis; Miss Hildebrand, Dr. C. C. Culbreath, of Grandville, Mr. William Cochran, of Minneapolis; Mr. John Lopez and Mr. H. Alexander.

Georgia Won First Game From Vanderbilt Team in Athens

LITTLE PAL--HE DOES A FAVOR FOR MR. BOBIN

--BY LEO

Georgia Trims Vandy in First

Red and Black Win by Score of 8 to 3--Four Fast Double Plays by Georgia Feature

ATHENS, Ga., April 16.—In one of those good old games full of close decisions, sensational stops, hits and errors, Georgia defeated Vanderbilt Wednesday by 8 to 3. The fun started in the first inning, when Vandy got two runs through a couple of errors and a base decision by the umpire. Finally the side was retired and then Georgia came to bat with fire in their eyes. They landed on Jones for three hits, and three runs. This was too much for one man, so Lattimer was sent to relieve him with a man on third and two outs.

Holden hit one of the new pitcher and, by way of his debut, threw it wild, scoring Jones, who was on third. He came back, though, on the next batter and struck him out. Vandy scored one run in the third, when Morrison hit a safe, went to second on an error in the third, and scored on another error. This ended their scoring, but they kept on hitting. In the fourth, they hit hard and regular. Georgia's other four runs came as a result of errors and timely hits. The Georgia infield was certainly working hard and they pulled off four hit-rallying double plays and made several pretty plays. Holden got a hit when he stepped out of Morrison's hot zone with his bare paw and then hit into a double. Harrison more than redeemed himself for his two errors by starting off the fast part of the game with a couple of pretty plays. McWhorter, Henderson, Lattimer and Lattimer each got a two-lagger.

Tourists Blank Charleston Gulls

CHARLESTON, S. C., April 16.—Two new men added verily to the strength of the tourists and they showed it in a convincing way Wednesday, shutting Charleston out. Payne was dominant, hitting for an inning and a half with five singles and a double. The feature of the game was the hitting and running of Payne and the rapidity of play.

Score by innings: R. H. E. Charleston..... 000 000 000—6 11 0. Tourists..... 000 000 000—0 0 0. Batteries: Payne and Marshall; Henderson and Reynolds. Time, 1:38. Umpire, Vittor.

Columbus Loses To Peaches

ATLANTA, Ga., April 16.—Macron took two of the three from Columbus, winning Wednesday by the score of 6 to 4, in a long-drawn-out contest. Ford, Macron's second baseman, was fired by Umpire Lattimer, the reason for which was not made known.

Score by innings: R. H. E. Columbus..... 000 000 000—3 12 2. Peaches..... 000 000 000—6 11 0. Batteries: Voss and Bowden; Redding, Stearns and Kimball. Time, 2:08. Umpire, Lattimer.

Jacksonville Again Defeats Babes

JACKSONVILLE, Fla., April 16.—Jacksonville came from behind in its eighth inning Wednesday and won a victory in the seventh and eighth innings. South Atlantic League won the seventh and eighth innings. Details of the game were not made known.

Score by innings: R. H. E. Jacksonville..... 000 000 000—3 8 2. Babes..... 000 000 000—0 0 0. Batteries: South and Wells; Woods, Burnside and Cuto. Time, 1:40. Umpire, Pender.

Savannah Blanked By Columbia Team

SAVANNAH, Ga., April 16.—Though "old" Lewry was wonderfully effective Wednesday, Columbia won from Savannah by 3 to 0. Manager Lewry pitched the game on the ground that Lewry should not have been allowed to go to second when Heilman was hit by the grounder. Details of the game were not made known.

THE SHORTLIGHT BY GRANTLAND RICE

THE ANNUAL HIP-PIP. Don't ask me what this cheering is. The cheering that is coming in. The vocalistic patter and the clatter of the day. Don't ask me what the shout's about. The habble-little roun's about. Nor all the hectic frenzy at the zenith of its play. Don't ask me, pal, I haven't time. To even the tie in this rhyme. To break the news though gently. From my busy working shelf. I'd like to put you next to it. To furnish you the text to it. But something's down to happen And I'm headed there myself.

Don't ask me what this howling is. This smear of growling, scowling is. The volcanic, cataclysmic tumult in the air; Nor what the bally frenzy. The thorax-strained cadency is. Nor why a nation suddenly is tearing out its hair: Don't ask me, pal, I'm busy now. The ooze has reeked my clammy brow And once today is precious. So I cannot pit the sies; I'd like to, in the grip of it. At least slip you the gist of it. But something's framed to happen And I think it's in the line.

"They're off," the captain shouted as he staggered down the stairs.

"I've got a friend," writes in an ironic reader, "that you mention Walter Johnson's name in your stuff every day this season." Well, if we've got to pick on some guy we might do worse.

ANOTHER CHANCE WELCOME. After lifting Frank Chance into the American league they lost no great time and have wasted none in showing him a certain brand of hospitality. They let him start in 1913 against Johnson (there we go again) and he did against the Athletics.

The idea evidently was to see that the way was paved on each occasion for an easy start by his people got warmed up.

THE SCHEDULE VS. CHANCE. The A. L. schedule has played no inconsiderable part in arranging Chance's new destiny. Each season, with a young, untired lineup, he has been forced to spend that important month in Philadelphia, Washington and Boston—the three hardest clubs in the circuit to beat. Last season against these three clubs the Yanks won 17 games and lost 47—the official percentage being .265.

A FEW HIGH SPOTS. For the fanatics who sit in the lookout there are a certain number of high spots to lamp in the early stages of the conflict which will have an important bearing upon the two races. For example, What effect 40 years and 18 campaigns will have upon Hans Wagner. What effect 30 years and 18 campaigns will have upon Napoleon Lajoie.

What form Joe Wood will assume after a long layoff last season and a completely new pitcher will be able to furnish Russell, Cleotis and Scott.

What machine morale Hank O'Day will be able to help out Johnson and Boehr. How well Knickerbocker will be able to plug that gap at third with both Shafer and Herzog missing.

TRADITION AND SUCH. The National league is starting its thirty-ninth year. The American league is fifth—the Federal league its first.

So we have all brands of history and tradition. In the American league Philadelphia has won the flag five times, Chicago five times, Boston four times and New York three times. Cleveland, Washington, St. Louis and New York have yet to put a winner.

In the National league Chicago has won ten pennants, Boston eight, New York seven, Philadelphia four, Brooklyn three, Baltimore three, Providence two and Detroit one.

Cincinnati, Philadelphia and St. Louis have yet to win a National league pennant.

In both circuits Chicago leads with thirteen pennants. Boston is second with eleven and New York is third with seven. Although in New York the Giants so far have not had any collaboration.

This was about the situation as the song rang Tuesday afternoon. To tell you exactly what it will be six months from now would destroy all anticipation and deprive most of the thrills. Hence our reticence at communicating further intelligence.

SOUTHERN LEAGUE

Barbare Gets Homer With Bases Full

MONTGOMERY, Ala., April 16.—Before another large crowd of fans the Montgomery team lost the second game of the season to the New Orleans team by a score of 11 to 2. Both sides played to the ball hard, but the locals were unable to bring hits and managed to make necessary errors when errors meant runs to deep left center for the drive in on the visitors. The game was put on ice by New Orleans when Barbare hit a deep left center for the drive in on the seventh inning with three men on base.

Score by innings: R. H. E. Montgomery..... 000 000 000—3 8 2. New Orleans..... 000 000 000—11 2 0. Batteries: Glavinich, Evans and Adams; Barbare, Nelson, Kleinman.

"Dixie" Walker May Be Jumper

Pelican Pitcher Left Team in Montgomery, and Players Say He Will Join Federals

MONTGOMERY, Ala., April 16.—"Dixie" Walker, the New Orleans pitcher who defeated Montgomery in the opening game of the Southern league season Tuesday, jumped the club Wednesday night, it is reported, and is in Nashville enroute, it is stated by team mates, to join Manager Tucker and his Chicago Federals. According to local players, Walker stated he has been in correspondence with Tucker some time and had been made a good offer. Walker is reported as asking Manager Dobbs for money Tuesday night under a plea of sending his wife home. Since he obtained the money he has not been seen here. A message from Nashville tonight states Walker is in that city. Manager Dobbs, the New Orleans pitcher, at midnight said Walker had been given permission to go to Nashville because of illness of his mother, and that he had purchased him a round-trip ticket. New Orleans players contend Walker has jumped.

Tech Federals Beat Regulars

The Tech Federals, composed of players ineligible for the Yellowjackets team, defeated the Tech varsity squad Wednesday by a score of 4 to 2. Although the varsity had their regular lineup in the contest they were unable to make headway against the new team.

The Federal team has arranged to play the University of Georgia scrubs in Atlanta the morning of the Tech-Georgia game.

Chicago Wins From Cleveland

CHICAGO, April 16.—Timely hitting by Chicago, coupled with the sensational pitching of Walter Johnson, enabled the locals to make it two straight from Cleveland, Wednesday, 2 to 1. In the eighth inning Weaver tripled and O'Leary stepped into the infield and held the Indians.

Score: R. H. E. Chicago..... 000 001 000—2 7 1. Cleveland..... 000 000 000—1 4 0.

Manager Stoval Doubts Report

KANSAS CITY, Mo., April 16.—George Stoval, manager of the Kansas City Federal, who indicated Monday he would leave Hamilton permission to go home, grunted in Cleveland Sunday night. Stoval said the pitcher was to return tonight and pitch the opening game tomorrow between the Chicago and Kansas City Federal. Stoval said he would not believe Hamilton's report that the pitcher had been jumped until he heard the information from the pitcher himself.

To get Hamilton, Stoval offered a \$5,000 bonus and a three-year contract for the pitcher. The pitcher came here and worked out at the Federal league park.

CRACKERS DON'T KNOW WHO WON ATTENDANCE TROPHY

Owing to the atmosphere of secrecy that surrounds the situation at Birmingham with reference to the number of Baron fans who passed through the turnstile at the opening game for the season Tuesday, Atlanta fans don't know whether to smear their faces with a broad smile of satisfaction or to don a garb of mourning attended with one of those Lord-help-it's expression, portraying what might have been, since nobody knows definitely whether Atlanta retains the honor achieved last season of turning out the banner crowd for the opening game or not.

This much is certain, however. The Atlanta baseball association considers that 3,887 paid admissions were registered on the turnstiles at Ponce de Leon Tuesday last season's record by 414, the 1913 attendance being 3,835.

Unofficial returns show that 12,846 Birmingham citizens, good, bad and indifferent, turned out to see the Barons in their first tilt with the Mobile Club. These figures are verified by an official count, then Atlanta's civic life must describe a few florid gyrations in deference to the Alabama city. There will be an all-out effort by Birmingham to get the Iron City, but there is no club that the Crackers could rather see win, if they can't, than Colonel Baugh and his followers.

Under the circumstances, there is no way to get definite results on the two games before Saturday. Returns on the first series of games will be made to President Kavanaugh Friday night, and the results will doubtless be made known Saturday or Sunday.

OFFICERS WATCH CUSHION BATTLE; DON'T INTERFERE

There was just one consideration at Ponce de Leon park Wednesday afternoon to mar an otherwise pleasant afternoon for the thousands of baseball fans who journeyed out to see the opening battle. Reference is made to the battle with cushions waved by a large bunch of thoughtless young men and boys, beginning in the bleachers even before the game had started. In order to give those who started this rough work a better of a double each time, the club was possibly done through thoughtlessness, and with no intention to mar anyone.

However, as is invariably the case, the crowd reached a dangerous stage without a very short time, and many spectators were infuriated with these cushions, which were being thrown about the field.

President Callaway had requested that the baseball association consider the game, and doubtless several were on hand, but when this cushion battle started only two or three were to be seen, and neither of these made any effort to stop it. President Callaway finally prevailed on the marauders to stop, and the battle ceased after these cushions had been hurled back and forth from the stands to the field several times.

It need not be mentioned that such a performance is not only foolish and disgusting, but positively dangerous. In the baseball association considers it so much so, that a personal appeal was made to Chief Beavers Thursday morning by President Callaway. The chief promised to have a squad of officers there in the future who would not stop to stop stunts by arresting any who were caught with cushions. It is absurd to state that the policemen who were present Wednesday could not have put away a story to this effect if they had made any attempt. In the future, if they are unable to do so, the club will provide special officers to be on hand to see that no one who would do so, even if it involves the arrest of officers.

Pittsburg Defeats Cardinals, Score 5 to 1

ST. LOUIS, April 16.—The Pittsburgh Pirates, by timely hitting and accurate pitching, defeated the Cardinals Wednesday night, 5 to 1. The Pirates' lineup was a very strong one, and the Cardinals' lineup was a very weak one. The Pirates' pitcher, Doolan, was very effective, and the Cardinals' pitcher, Doolan, was very ineffective.

Score: R. H. E. Pittsburgh..... 010 000 001—5 1 1. Cardinals..... 000 000 000—1 4 0.

Bound City Feels Open Season Today

ST. LOUIS, April 16.—With Governor Elliott as pitcher and Mayor Kiel as catcher, the St. Louis Federal league baseball team is scheduled to open its season here against the Federal team from Indianapolis.

Major Groom, who pitched for the Washington team last year, will pitch for the St. Louis team. The game is scheduled for 7:30 p.m. at the Federal league park.

Key Feels Federals Ready for Opener

KANSAS CITY, April 16.—Clear, warm weather ushered in the opening of the Federal league baseball season here Wednesday night. The game was a very close one, and the Federals won by a score of 1 to 0.

Score: R. H. E. Kansas City..... 000 000 000—1 0 0. Federal..... 000 000 000—0 0 0.

Jackets Play Vandy Friday

Beginning Friday the Yellow Jackets will open a two-game series with the Vanderbilt team, following their one game with the University of Georgia at Athens. The Jackets have been playing good ball in their recent contests and confidently expect to trim the Commodores in the two games to be played here. The team has been strengthened by the addition of Spence to the infield. He and Will will doubtless be used to cover third and shortstop though no announcement has yet been made of which position each will play. Spence will probably be returned to his regular position, in the outfield.

Tech has lost the services of Jack Donaldson who has withdrawn from school. Donaldson will join Jim LaRette's LaGrange team of the Georgia League at once. Owing to the fact that he has been somewhat off in hitting, he has not played in recent games. However, he has demonstrated in days past that he can hit the ball, and this slump is no doubt just a temporary affair. When he returns he should prove a valuable man for the LaGrange club.

The games with Vanderbilt will be the last to be played by the Jackets at Grant field until May 1, when the University of Alabama comes to town locally. The series with Vanderbilt will begin at 3:30 o'clock.

CLEMSON COLLEGE, S. C., April 16.—In a close game, Clemson defeated Wofford, 6 to 0. The game was a very close one, and the result was a very close one.

POULTRY, PIGEONS AND LIVE STOCK Feeding Your Chickens

When a little clover, alfalfa, or clean litter, free from dust and manure, is fed to the chickens, they will grow and lay better. We provide a small quantity of our milk or buttermilk for at least the first half of the day, and water may be provided for the last half. If you cannot get the milk, use that pure water is always before them. We prefer our milk to the use of sweet milk for the reason that much of the bacteria which we find in the intestinal tract cannot grow and develop in our milk or buttermilk, but sweep milk kills same effect. The acid of milk also cleanses, kills bacteria, and has an appetizing effect. The chicks are not fed 48 hours or more after they are hatched. Don't feed too soon. Give the chicks time to assimilate the yolk of the egg which contains enough food to last them several days.

Begin by feeding a mixture of two birds rolled oats and one-third of corn mixed with a small amount of charcoal. Charcoal is the best food known to give young animals. This is fed on a clean board or paper four or five times a day and only a quantity for one day. We remove the feeding board after the chicks are through eating. Clean coarse sand or fine grit is given about the time the first feed is given, and no grit is given before. After the chicks are four days old and you have been feeding them rolled oats and bran for a day or two, we begin to add a little commercial chick feed to the above ration, and gradually increase this until the rolled oats and bran are eliminated from the first or grain feed. The rolled oats and bran are fed morning, noon and night, and a good amount of commercial chick feed is added into the litter between meals. This compels the little fellows to exercise, and when the chicks are about 10 days old, they had been at it for many weeks. You can almost see them grow and develop, and they come active and hungry. At the age of four or five days begin to feed a dry mash made as follows:

Two parts wheat bran, one part corn meal, one part shorts, one-half part rolled oats or oatmeal. To every hundred pounds of the above mixture add a handful of fine charcoal, and mix the four days old and a half pound of fine table salt, mixing it in thoroughly. Give the chicks one-half of this mixture each day, and the ration of chick feed and rolled oats can be gradually changed to cracked corn, wheat, and kaffir corn. Continue the dry mash. Look out for lice and mites. Keep the chicks clean. Your milk should be given to the chicks four days old, and get the chicks into colony houses and on free range and fresh ground as soon as possible. Feed them from hoppers, and let them pick their own food as a rule. The average amateur doesn't know as much about feeding as the chicks themselves. Let the grain food for the growing stock be composed principally of equal parts of cracked corn, wheat, and kaffir corn. Feed the dry mash in the same way. Give a measured mash to the growing stock. We have had a number of cockerels fed in this way that developed so rapidly that they were crowing vigorously when seven weeks old.
