

\$50,000 WILL INSURE NAME ON TECH BUILDING

Contributor May Have It
Placed on New Power Plant,
as Memorial

WANTED: A name for the new power plant and experimental research station at Georgia Tech.

A contribution of \$50,000 is sufficient reserve for the contributor the privilege of placing his or her name on the building as a memorial. The Technological school has no right to name the building. It is desired that the new building shall be also a memorial.

The "Fireworks" of the campaign is expected to begin Sunday, and to last until the completion of the campaign. The committees are confident of the success of the undertaking, and have enough faith in the donors to predict themselves not to give up the campaign until its success has been accomplished.

J. B. McCrory, president of the J. B. McCrory engineering company, who will be one of the large contributors to the fund, pointed out in a speech at the luncheon meeting the practical value of a school of research to the state of Georgia.

In support of the plan, according to him, "Is but a debt that we owe to Tech." and Mr. McCrory will make the donation "as a matter of course."

"The idea of combining a school like Tech. with an experimental research station appeals to me for the reason that it is the only way to take advantage of the opportunities that lie in the state of Georgia."

Beware of Ointments for Catarrh

That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage thus caused is irreparable. It is a fact that all the most terrible diseases of the human system are possibly derive from them. Hall's Catarrh Cure, manufactured by Dr. J. C. LONDON, June 4.—The campaign of the arson squads of the militant suffragettes was continued today when the women burned a mansion near High Wycombe, about thirty miles from London. The mansion was filled with valuable furniture and objects of artistic art. The usual suffrage literature was found about the grounds.
The fire is considered part of the plan of the militant organization to give the people of England no rest until the parliamentary vote is granted to women.

MEXICAN WARSHIPS SPEEDING TOWARD PORT

Plans to Prevent Landing of Supplies of Cargo of Arms for Rebels, Said to Be On Cuban Steamer Antilla

WASHINGTON, June 6.—An anti-slavery situation developed late today when Mexican federal naval forces, under the command of Admiral Cueto, were reported to be speeding toward Tampico, Mexico, to prevent the landing of supplies of cargo of arms for rebels, said to be on the Cuban steamer Antilla.

It is understood that the Mexican fleet is composed of several warships, including the Albatroz, the Condor, the Falcon, the Gaviota, the Grulla, the Halcon, the Jaguar, the Leopardo, the Oso, the Puma, the Ray, the Tigre, the Urraca, the Vulture, the Zorro, and the Antilla.

The Antilla is a large steamship, built in Cuba, and is reported to be carrying a large quantity of arms and supplies for the rebels. It is said to be the only ship of the kind in the Gulf of Mexico.

EFFORT EXPECTED AFTER BILL IS DISPOSED OF TO PROVIDE FOR ARBITRATION OF EXEMPTION QUESTION WITH GREAT BRITAIN

WASHINGTON, June 6.—A compromise amendment to the tolls repeal bill, which was introduced by Senator Simmons and Senator Norris, was agreed to by the Democrats in the Senate today.

The strength developed for the Norris amendment, particularly the Democratic side, influenced the administration to propose the compromise amendment.

The compromise reads: "That the passage of this act shall not be construed or held as a waiver or relinquishment of any right the United States may have in the tolls of Great Britain, ratified by the 18th of October, 1911, or to exempt the vessels of the United States or its citizens from the payment of tolls for passage through said canal, or as in any way waiving, impairing or affecting in any right of the United States or its citizens, or the ownership, control and management of said canal, or the regulation of the conditions of charges of traffic through the same."

The bill may be made after the bill is disposed of to press a resolution to arbitrate the Panama toll exemption question with Great Britain.

Senator Simmons, a Democrat, and Senator Norris, a Republican, introduced the bill. It is expected that the bill will be passed by the Senate.

RANDOLPH ANDERSON MAKES HIS OPENING SPEECH IN CAMPAIGN

Gubernatorial Candidate Addresses Voters of Cobb County at Marietta in First Series of Speeches Planned

REPLIES TO W. J. HARRIS' DISCUSSION OF RAILROADS

RAILWAY QUESTIONS TAKEN UP AT LENGTH BY SPEAKER, WHO GIVES HIS VIEWS ON WESTERN AND ATLANTIC LEASE

(Special Dispatch to The Journal.)—MARIETTA, Ga., June 6.—J. Randolph Anderson, candidate for governor, today made the first speech of his campaign. He addressed a large number of voters of Cobb and adjoining counties. He said:

My friends and fellow countrymen: I come to you from the city which gave birth to Georgia, and from the county which was the first to be settled by the first of our fathers, and which still cherishes today as deep a love for the state as any other county in Georgia.

That old city by the sea has watched successive generations of her sons and daughters grow up and become men, and to help them to the land of the living, but to matter how they might be, she has always preserved pure and strong within her heart the old mother love for Georgia and her people. There never has been a time and there never will be a time when Georgians coming to Savannah are not received with open arms and given all the assistance in their power.

She is proud of her past history, she is proud of her past achievements, she is proud of her past glory, and she is proud of her past honor. She is proud of her past history, she is proud of her past achievements, she is proud of her past glory, and she is proud of her past honor.

She is equally proud of the fact that she is keeping pace with the progress of the world, and that she is standing at the gateway of Georgia's commerce, but also as the greatest support on the South Atlantic coast.

HARDWICK MAKES RED HOT REPLY TO GOVERNOR SLATON

Congressman Charges Executive's Law Firm Recently Sought to Prevent Removal of Negroes From Local P. O.

SAYS HE TWICE FOUGHT DISFRANCHISEMENT BILL

Declares His Opponent for Senate Is Playing for Support of Wilson Democrats and Hearst

WASHINGTON, June 6.—Characterizing Governor Slaton's original platform as a "mere rhetorical statement of platitudes and a mass of glittering generalities," Congressman Thomas W. Hardwick today made a red hot reply in answer to the governor's most recent card. Hardwick's statement is in fact the warmest and most pointed contribution of the senatorial campaign.

After defending his own record in the house as a record of performance and not promises the congressman ridicules the position of Governor Slaton with reference to the Panama canal. He suggests the governor is "trying to ride with the hare and hold with the hounds" and that he is "trying to ride with the hare and hold with the hounds."

Hardwick says what gave this firm political prestige and influence, and dwells on the fact that the governor is a member of the firm.

Hardwick seems to be not to have the services of proposed debates between Governor Slaton, Mr. Felder and myself. I regret it. I believe they could have been conducted on a high and honorable basis, worthy of the great office to which we aspire, and so conducted that they would have been illuminating as to the real issues of the campaign and have afforded to the Democrats the best and fairest opportunity to judge between us all, man to man, and fact to fact.

Mr. Felder declines the debates between the two parties. He declines to accept the chair of systematic theology at the University of the South part of Tennessee, which offered to him recently. Atlanta is much interested in his decision, which will make his decision known to the morning session in St. Luke's today.

Strong and concerted effort has been made to keep Dr. Wilmer in Atlanta, not only by members of St. Luke's congregation but by other citizens who appreciate his broadness of spirit and the constructive work he has done here. It has been represented to him that here lies his greatest field of usefulness; that his work is not yet done, and that Atlanta is unwilling to spare him. On the other hand, he has been directed upon him to induce his acceptance of the Sewanee professorship. Between these two views Dr. Wilmer has formulated his decision upon the sole basis of usefulness.

Dr. Wilmer returned Friday night from Sewanee, where he had spent several days in study of the opportunities offered him at the university. Bishop Alton W. Kiehl, the vice chancellor, offered him the position of professor of divinity, which he is not yet ready to accept. James Arnold, engineer of the passenger train, badly scalded, died today. Express Messenger Donaldson and John Fiske, a mail clerk, were read when found in the wreckage of the train. Several passengers and members of the crew were injured, none seriously. It is said the passenger train ran past its signals.

There are not more than ten real automobile manufacturers in America. Of these ten, Studebaker leads all the rest in *manufacturing the largest proportion of parts in its cars.*

In laboratory research, in refining processes, in intensive manufacturing, in cost-ly but economical equipment, Studebaker is first.

In addition, Studebaker spreads these quality-producing factors over *the largest "Six" volume.*

The net result is the greatest automobile value in the world today---the

Studebaker

ECONOMICAL
LIGHT WEIGHT **SIX**

\$1575

Demonstration Will Sell This SIX Against Any Car Of Any Size Or Any Price

The Studebaker SIX will prove to you in half an hour its superiority over heavier, costlier cars. It has a greater proportion of manufactured parts than the best of these heavier cars.

Each essential part is of special formula steel, heat-treated from two to four times to permit the use of light parts---with increased strength.

It will prove that this Studebaker combination of light weight and perfect balance holds the road far better than mere bulk.

Once set in a straight line the Studebaker SIX continues in a straight line.

It does not creep or slide toward the ditch from the crown of a country road.

This roadability begins in the motor itself---one of the smoothest-running, most perfectly balanced "Six" motors in the world.

When the motor is developing its greatest power vibration is practically imperceptible.

At a speed of thirty or forty miles an hour, you will probably guess that you are going twenty or twenty-five. Your tire cost, gasoline cost, and oil cost, are of course very much lower than they would be in a heavier car---even a "Four" of equal power.

Studebaker Demonstration Shows Even More Striking Superiority Against The Assembled "Six"

No assembled or semi-manufactured "Six" can stand up in demonstration against the Studebaker SIX.

Studebaker gives you special formula steels tested to 150,000 pounds per square inch.

The best steel the assembler can give you is the best he can get; tested by the mill---perhaps---to 100,000 pounds.

Studebaker doubles and trebles the strength of its own special formula steels by two to four heat treatments. The assembler must pass the steel on to you exactly as he gets it.

Studebaker by this process produces parts two to three times as strong, and still holds down the weight.

To equal this strength the assembler would have to add weight which would be prohibitive.

So the factor of safety in the Studebaker SIX is bound to be immeasurably greater than in the best assembled "Six."

And the same elements work out in the Studebaker SIX to produce perfect balance.

As a result of this balance it rides better, makes better use of its power, is a better hill-climber, is easier on tires.

In short, the value, long life and roadability of a "Six" are in proportion to the number of manufactured and closely measured parts.

In that respect, as we said above, the Studebaker SIX leads the world.

That is why it is competing with the costliest "Sixes" and outselling them.

That is why assembled "Sixes" MUST COME DOWN in price; and CANNOT COME UP to the Studebaker in manufactured quality.

The Studebaker FOUR is of the same grade and quality of material and workmanship, and is manufactured with the same scrupulous care and closeness as the Studebaker SIX.

Studebaker branches and dealers have in stock, \$1,000,000 worth of service-parts.

This means service to owners of a sort that assemblers do not and cannot give.

In this respect we believe the Studebaker organization to be unequalled.

In addition to its \$3,000,000 machinery equipment for car manufacture, Studebaker maintains a special plant for the manufacture of service-parts, to keep all branch and dealer stocks complete at all times.

The Studebaker Proof Book describes and pictures the scientific manufacturing operations of Studebaker. Send for it.

RIDERS OF INDIAN MOTORCYCLES ENTERTAINED WITH BIG BARBECUE ON PEACHTREE ROAD

INDIAN MOTORCYCLE RIDERS AT BARBECUE.

Hendee Manufacturing Company Is Host to 100 Guests at "Blow-Out" at Folsom Place Beyond Buckhead

The Hendee Manufacturing company, through its local branch manager, W. E. Johnston, was host to the riders of Indian motorcycles in Atlanta and vicinity at a barbecue last Sunday. The occasion brought together the largest gathering of motorcycle riders that has been seen in this part of the country.

The scene of the spread was at the Folsom place on Peachtree road beyond Folsom Lake. On the oak knoll above the pond, three carcasses of about and mutton had spent a restless night over the hill, while a large pot of Brunswick stew simmered on the side. Near by, long tables had been spread, large enough to accommodate the hundreds of guests, and these were loaded with numerous accessories necessary to the proper appreciation of Georgia's dish. It was some barbecue. Jim Chapelle

said to himself, and Jim ought to know, because long before he began to prepare the delicate dishes with long French names on the New Orleans menu (where he has been chef for the past ten years), he used to roast mutton at least once a week in the woods of north Fulton.

This is the first of a series of out-ings planned for the benefit of Indian motorcycle riders. Other tours will be held in the near future, each with a characteristic southern "blow-out" at the end.

Edwin P. Ansley Agency Announces Sales Aggregating \$275,000—Other Small Real Estate Sales Are Reported. Fats Defeat Leans 24 to 4 at Piedmont, Ben Treadwell and Harris White Winning Two Cups—To Have Second Game

Recent sales, aggregating \$274,400, were announced yesterday by the Edwin P. Ansley agency.

There were sales and exchanges representing almost every conceivable sort of property, from Whitehall street to south Georgia farms.

The Ansley agency, by J. Hope Tigner, manager of the land department, sold for G. M. Plummer, of Sylvester, Ga., 2,535 acres in Worth county, known as "Artista Farms," and one of the best improved farms in south Georgia.

The Ansley agency has subdivided the Artista Farms into small farms, and issued an illustrated booklet, showing the productivity of the soil, and will offer the tracts in a few days to the small farmer. Many inquiries have already been received, showing the great demand for well improved small farms.

OGLETHORPE PARK vs. ANSLEY PARK

1914 vs. 1904

Prosperity vs. "Croakers"—Oglethorpe Park vs. Ansley Park

Oglethorpe Park is as directly in the line of development as Ansley Park was in 1904, and its increase in property values will be just as great.

Ten years from today Oglethorpe Park will have as many handsome homes in it as Ansley Park has today.

The Croakers will tell you differently, but watch my prediction. There are only two classes of citizens in Atlanta: THE ONES WHO LIVE ON THE NORTH SIDE and the ONES WHO WANT TO LIVE ON THE NORTH SIDE.

Visit Oglethorpe Park immediately, and you will be surprised at what you find there today. The streets are all graded and the lots are all staked. You can select anything from a three-quarter-acre building lot to a fifteen-acre chicken farm. Every lot will double in value within

five years. You can buy these lots with your salary, or any way you please.

Have your own agent help you to select your lot, and take his judgment as to future values if you are not willing to accept mine.

More homes have been built north of Peachtree Creek in the last twelve months than in the ten preceding years.

Peachtree road will be built up solid to Oglethorpe University within ten years.

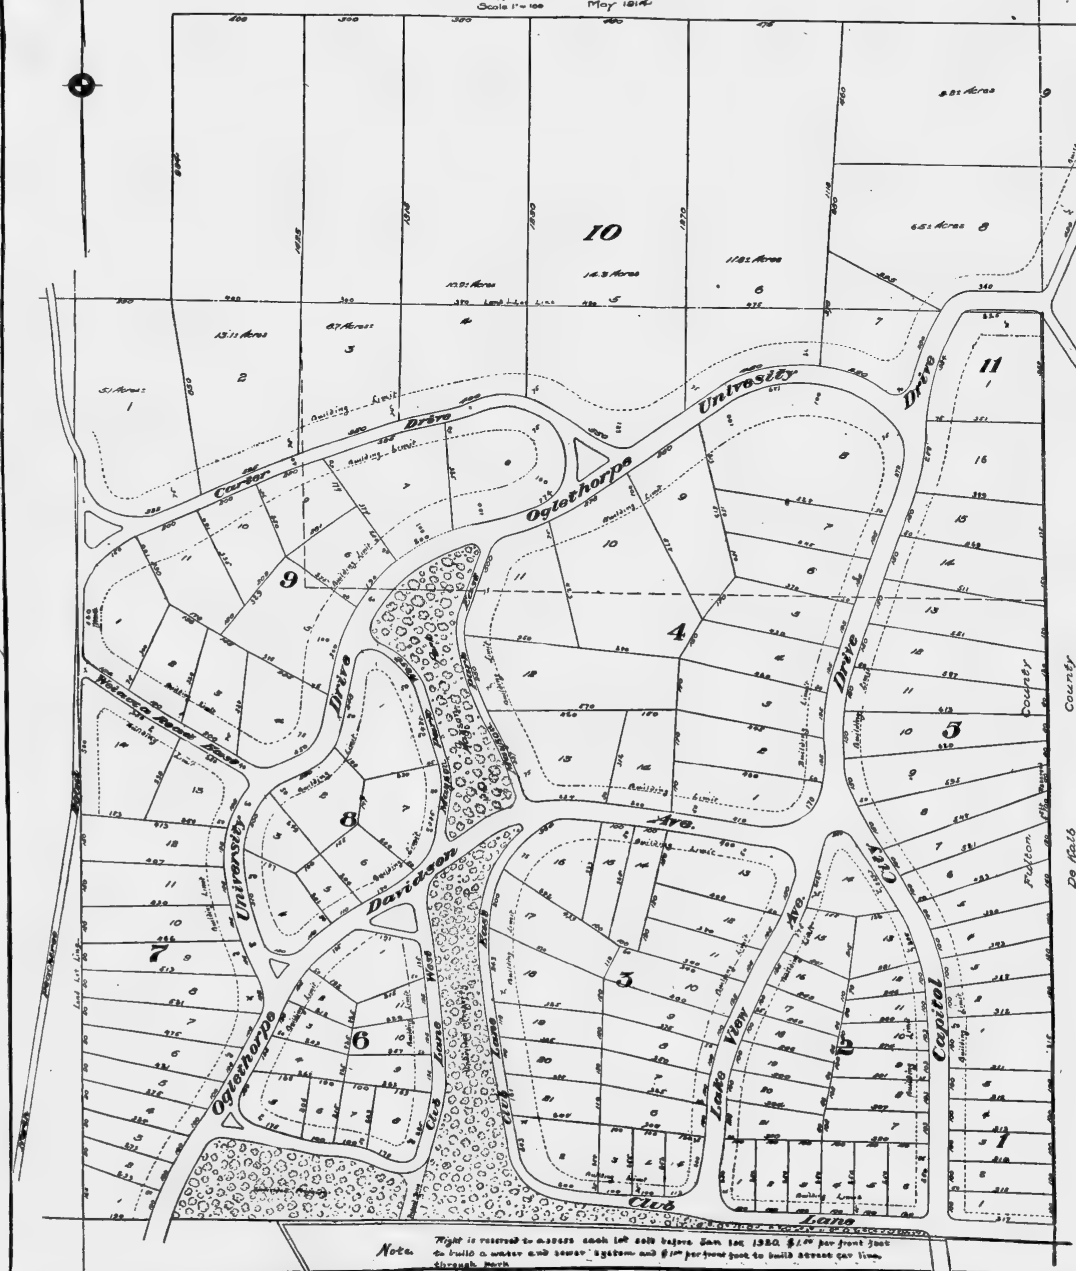

Peachtree road frontage to the DeKalb county line is a good investment today at any price, under \$75 per front foot, and will double up in ten years.

The Peachtree Battlefield will be the handsomest and most popular National Park in America within the next ten years.

Prosperity vs. Croaker

Ten years ago the world did not believe the Panama Canal would ever be built. Today it is a finished product. Its opening means that the tide of trade will change in the United States and that the South and her Southern ports will enter upon an era of untold prosperity.

Ten years ago the farmers of the South could not get money to properly improve their farms at any price. Today President Wilson has proven himself the greatest real estate agent the world has ever known, and is forcing the water out of the "boasted" limited stocks in the Southern houses of the United States and is removing the embargo laid on America's greatest producers—the farmer, and allowing him to use his only security as an asset for National Bank loans.

The world now realizes that mortgages secured by productive farm lands are the safest and best securities obtainable, and from this day forward they will be the most popular securities for all classes of trust funds, because man's mismanagement cannot affect them and no water has to be squeezed out of them.

Ten years ago there were only a few automobile garages in Atlanta. Today every automobile manufacturer either has a salesroom here, or will soon have one, and will be forced to locate a branch of his factory here to save freight rates.

Only a few years ago all the cotton factories of the country were located in the East. Within a few years they will all be located in the cotton fields for the same reason.

The same reasons that force the automobile and cotton factories to come South will force all the large manufacturing concerns to locate branch factories here.

Ten years ago there was not a good road in Georgia outside of the counties in which her largest cities were located, and the average price of Georgia farm lands was \$10 to \$15 per acre. Today every county in Georgia is planning a system of good roads and farm lands are worth from \$25.00 to \$100 per acre, and will double within the next five years.

Ten years ago the average yield of cotton in Georgia was one-quarter to one-half bale per acre. Today the best farming produces from one to five bales per acre.

Ten years ago Georgia's average corn crop was 15 to 20 bushels per acre. Today boys under 20 years of age are making from 100 to 200 bushels per acre.

Georgia's agricultural crop for 1913 was \$145,000,000, and her manufactured products were valued at \$145,000,000, making a total production of nearly one billion dollars.

Figure for yourself the thousands of other things that show Atlanta and the South's wonderful growth within the last ten years that guarantees the wonderful future growth of this wonderful development.

Home Equipment for Brides Is Worthy of Careful as Loving Selection

SILVER nowadays is regarded as necessary in even modest homes. Friends should see that every bride receives a full quota of dining room silverware from the Haynes collections, gathered especially for this season's marriages.

Simplicity and the refinement of soft lines dominate the fashion in silverware for 1914 brides, these ideas being developed perfectly in the popular patterns included in this list of designs:

They include the following!

Thin Dresses Brand-new Dresses, in the very latest models—of high-grade thin fabrics—are at this store—awaiting your admiration. They are of principally Voiles and Crepes—white and solid colors—also striped and floral effects. Prices are \$4.75, \$6.75, \$8.75, \$10.75, \$12.75, \$18.75 and \$24.75.

Capes Then, we have the NEW Capes and Cape Coats—without one of which you'll feel that your wardrobe is really incomplete—if you see them. These are of Serges, Gouffes, Satins, Shantung, Ratines, Chinchillas, white and colors—and plaids and Shepherd Checks. \$5.75 to \$24.75.

Skirts In separate Skirts, too, we are showing many new arrivals—they're in the very latest models. Materials are Silks, Woolens and Washable fabrics. \$1 to \$15.

Blouses And, you'll surely be interested in those new Organdy Blouses which will be on sale here tomorrow. Absolutely the "last word" in blouses are they! Some are plain tucked—others embroidered or lace-trimmed. \$1.25, \$2.45, \$3.45 and \$5.75.

ALTHOUGH these goods have only just arrived from our very best New York dressmakers, we are putting them on sale at a very close margin of profit—at prices that are so reasonable, that they'll sell rapidly. Better come early!

SIGNS OF THE TIMES

WITH the coming of June a new diversion has opened for the social set. The airy summer costume of trimmed organzas and lace and ribbons and becoming flower wreathed picture hats has given place to the modish bathing suit. Swimming parties are the vogue of the hour, and from all indications will continue to be the favorite pastime for the rest of the summer. Bridge has been relegated to the bedside and to autumn days, and everywhere one hears plans being made for swimming parties. The opening of the large swimming pool at the beautiful home of Mr. and Mrs. Forrest Adair in Druid Hills has brought consolation to the hearts of many. Sultry June days are forgotten in the cool depths of the pool, and all summer merry throngs will gather at the hospitable home to enjoy the fascinating pastime and the deliciously sprightly meals will be the heroines of the hour. Another pool which is the mecca for many and was the scene of much enjoyment during the past summer is the one belonging to Mr. and Mrs. Morris Brandon on the Pace's Ferry road. Merry bands of young people are beginning to gather each afternoon at the beautiful and picturesque Capital City Country club and at the ever popular East Lake and if the popularity of this form of exercise continues to grow, it is quite safe to predict that the fashionable cost of tax necessary to a summer's outing may be found right here in Atlanta instead of having to go a far journey to the seashore to secure it.

Al Fresco Tea

A beautiful event of Friday afternoon was the tea given by Mrs. Charles E. Pattillo on the lawn of her home in Decatur. Mrs. Pattillo was assisted in receiving by Mrs. Ruth Pattillo, Mrs. Frank Pattillo, and Mrs. R. C. Holtz. Mrs. Emory M. Pattillo and Mrs. Alfred C. Knight served punch from a crystal bowl wreathed with nasturtiums. A large number of friends called during the late afternoon.

Opening of Country Club

The opening of the Capital City Club Thursday evening with a dinner dance which will be featured throughout the summer months, placed still another pleasant diversion on the weekly list of events for society. On the occasion the club apartments were beautifully decorated and the tables were served, were placed on the wide porch overlooking the lake, each decorated with a cluster of fragrant flowers. In the early evening the approach to the club was lighted with Japanese lanterns which were also strung around the veranda and lighted the paths to the lake. Several hundred guests were assembled in parties a sight and the occasion proving one of especial pleasure.

Bridge Club Entertained

Mrs. Hugh Bragenton Thrash entertained her bridge club Tuesday afternoon at her home in Inman Park. Mrs. Bragenton C. Jones, who has recently come from Jacksonville, Fla., to make her home in Atlanta, was the honor guest of the occasion and to make her home in Atlanta, the club members, were Mrs. J. H. Phipps, Mrs. L. T. Pattillo, Mrs. G. Roberts, Mrs. John Dennis, Mrs. W. H. Phipps, Mrs. Alice Pattillo, Mrs. H. H. Phipps, Mrs. Charles Clark, Mrs. J. C. Phipps, Mrs. W. S. Landon and Mrs. Joseph Brown.

Anniversary Reception

Mr. and Mrs. J. H. Phipps will entertain at a reception in the Winona Court Hotel on Tuesday evening, June 9, from 5 to 8 o'clock in celebration of their silver wedding anniversary.

Bridge Party

Mrs. Ridley Howell and Miss Irene Rockmore will entertain at bridge Tuesday afternoon, at their home on Moreland avenue in honor of their guest Mrs. John Robert Howell, of Tifton, and Miss Willie Mae A. and Miss Lettie Dobbin, two brides-elect.

Bed Time is "The 400" Spring Time

Because The 400 is the best all wire spring made, and supplies ease and elasticity that is restful and refreshing to the sleeper who would be uncomfortable on the same bed if it was not equipped with The 400 Spring.

The 400 is made of the very best grade Premier wire. It contains 88 oil tempered coils securely fastened by stiff cross wires and rigid frame wires so that the surface is smooth and even. The height of the coils are sufficient to support the heaviest person in perfect comfort, while the wire is at the same time gently elastic to the weight of a child.

The 400 is hand made by skilled workmen of long experience. There are no rough or uneven ends to jar mattress tick. The spring is heavily coated with durable black enamel which makes it noiseless, rustless, and germ proof.

We sell The 400 under a five-year guarantee. Ask your dealer. He should be able to supply you. If not write us.

New Dresses—Distinguished and Most Artistic Have Just Arrived

They Are Going Out at the Most Remarkable Special Prices Monday

To those who are planning for the long summer holiday, with its need of airy frocks—we would like to say, you can buy here, tomorrow, the best and most charming Dresses we have ever offered you at such modest prices.

They are every one new, and the last word as to style, fabric, color tones, etc. Many beautiful novel Dresses, of which there is only one. Just such as will be needed for many occasions of summer time wear, at home or abroad.

Those who share them must buy early Monday—for we believe there is not enough to last the morning through.

There are two collections, at two prices. And—let us add, these prices are the lowest we have ever put upon dresses of such value—prices only made possible by a special purchase of our buyer, who has just returned from market. But—

Share these tomorrow:

Dresses at \$5.75
Dresses at \$15

Those at \$5.75 are sheer, cool, airy little frocks of such materials as crepe, voile, plain and novelty silk stripe voiles, fancy weave rice cloth—so many different styles that to tell you of all is impossible—but we invite you to see them all, and to make your selections from them. There are also in this collection some stylish three-piece suits of ratine. No end of long tunic dresses of fascinating styles.

Those at \$15.00—dresses of beauty and elegance—and when we say that, we know that it comes far short of expressing their real charm.

The fabrics are exquisite, and the color tones just such as fashion has decreed for the season. Mainly long tunic dresses; soft, beautiful crepes de-chine, with long train of brocade silk; then, there are novelty silks and rich novelty crepes of value and distinction make them really wonderful at this price. Many of them—had they been bought in an ordinary way—would be priced to you Monday at \$35 and \$40—as it is you may choose from them and pay only \$15.

WEDDINGS OF THE WEEK

Westmoreland-Babbage

The wedding of Miss Elizabeth Westmoreland and Mr. John D. Babbage, Jr., was a beautiful event of Saturday, taking place at high noon at the home of the bride's brother and sister, Mr. and Mrs. Harry L. DeVine, on West Peachtree street.

Only the immediate relatives and a few close friends witnessed the quiet wedding service, which was impressively solemnized by Rev. W. W. Mandus, of All Saints' Episcopal church.

The place of ceremony in the living room was marked by an altar of palms adorned with many Easter lilies. Tall vases were filled with the pure blossoms, and at each side of the altar lighted tapers burned in brass candlesticks.

Mrs. Henry DeVine was her sister's matron of honor, wearing a beautiful morning gown and hat of white crepe and carrying a bouquet of pink sweet peas.

Little Misses Mary Lewis DeVine and Katherine Plazler, niece and cousin of the bride, were the flower girls, dressed alike in dainty white lingerie frocks over slips of pink tulle and wearing pink lingerie hats.

Mr. A. N. Burebaum, of Louisville, Ky., served the bridegroom as best man. The bride wore a traveling suit of blue faille with touches of yellow, over a lovely blouse of pale orange tissue and lace. Her hat was of blue Milan straw faced with orange and trimmed with guirlande and a shower bouquet of valley lilies.

An informal reception and wedding breakfast followed the ceremony. The bride's mother, Mrs. R. W. Westmoreland, was assisted in receiving by her sisters, Mrs. Frank Orme and Mrs. R. W. Guernsey, and Mrs. Park Woodward.

The table in the dining room had a mound of pink sweet peas fringed with maidenhair fern and encircled by silver candlesticks holding pink and white tapers.

The porch was screened with tall palms and ferns, and punch was served by Miss Lottie Wylie, Miss Elizabeth Fort and Miss Laurence Horne.

Mr. and Mrs. Babbage left for a wedding trip to New York and Greenbrier White Sulphur Springs. They will visit relatives of the bridegroom in Kentucky, before returning to Atlanta, and will be at home at the Hotel Piedmont until the completion of the De Luxe apartments in Ansley park.

Beasley-Jenkins

An event of Saturday evening, was the wedding of Miss Gertrude Jenkins to Dr. Benjamin Taylor Beasley, which took place at 9 o'clock, at the home of the bride's parents, Dr. and Mrs. M. Jenkins, on Highland avenue. Dr. T. P. Cleveland officiated.

Miss Aileen Morris, Miss Eva Baker, Miss Elmer Mauck and Miss Ella Lee Clark were bridesmaids, wearing white lace gowns and carried pink roses. Miss Annie Mae Jenkins, sister of the bride, the maid of honor, was gown in pink crepe and carried white roses.

Georgia Tech Play

A large and enthusiastic audience assembled to witness "The Devil's Discipline," given by the senior class of the Georgia Tech Saturday evening at the Atlanta Theater.

The colors of yellow and white were used to decorate the entire interior of the opera house except the four boxes occupied by the Chi Phi, S. A. E., Kappa Alpha and Phi Delta Theta fraternities, which showed their colors.

In the Chi Phi box were Miss Kate Cooper, Miss Marion Butt, Miss Helen McVarty, Mr. J. Lucas, Jr., Mr. Malory Allen and Mr. F. L. Shackelford. In the Kappa Alpha box were Miss Anne Patterson, Miss Dorothy Traynor, Mr. J. H. Watts, Mr. C. B. Grimes and Mr. G. W. Woodruff.

A row of seats was reserved for the patrons and patronesses who were given and Miss John Marshall, Mr. and Mrs. E. G. Matheson, Dr. and Mrs. E. S. Wallace, Mr. and Mrs. W. L. Pelt, Dr. and Mrs. Menninger, Dr. and Mrs. William Jarvis Snowden, Mr. and Mrs. T. B. Dyer, Mr. and Mrs. H. L. Starnes and Mr. and Mrs. Albert Howell.

Sorority Officers Elected

The annual election of officers of the Alpha Delta Pi sorority took place Thursday afternoon at the Richmond hotel.

The meeting was presided over by Miss John A. Berdie. Resolutions were passed that a letter be written to the trustees of Wellesley, asking the reconsideration of the recent ruling barring Greek letter sororities from that institution.

The following officers were unanimously elected: Mrs. Harvie Jordan, president; Miss Virginia Evans, first vice president; Miss John A. Berdie, second vice president; Miss Cliff Mahle, secretary; Miss Elsie Walker, treasurer; Miss Tommie Berdie, corresponding secretary; Miss E. G. Shackelford, reporter; and Miss Natalie Bazzile, assistant reporter.

Elected to serve on the advisory board were Miss Lett Warren, Mrs. Alfred Tourt, Mrs. W. B. Williamson, Mrs. H. K. Hume, Mrs. J. W. Akin and Mrs. J. C. McVarty.

Closing Exercises

The closing exercises of the North Avenue Presbyterian church school were held last week.

The interesting program given by the students was followed by an address by Judge Ernest Kent.

Interesting announcements were made by Miss Conner, among them the fact that Miss Annie Winslip Bates, winning the U. S. C. essay medal. Honorary mention was given the essays of Miss Mamie Branch Powers and Miss Helen McVarty.

But to get back to Saturday's game, the team was in a bind. The coach, Weaver, and Styles set their sights where Marquez wore the beads. Manager Jimmie Haeby for the final race. "I was, 'Whether or no another selection would be resulted differently,'" he said. "But I was certain. Sergeant Haeby, look at it. I was certain. Key Perryman was the one that was selected. The one that peal off another yard of wire. The read birds in the preceding."

[illegible]

The Crackers scored first in the second inning as Burns was passed, and the Braves replied with a run in the third. Burns was scored by Dunn forced Elbert to trip, and Elbert was scored by Dunn. Burns was then hit later on a mile high fly ball by Tommie Smith. The fourth inning was a long first up tripled, but when Burns had just grounded out to first, Tommie Smith was caught in the flight. Burns then stole second and counted on a surprise infield hit to Starvo Galt to throw him low to Blumh. Burns was then scored by the surprise second baseman of the same name No. 10. In the fifth inning, Burns hit four hits including a double, and an error by Burns on a fly ball counted three more for the Braves.

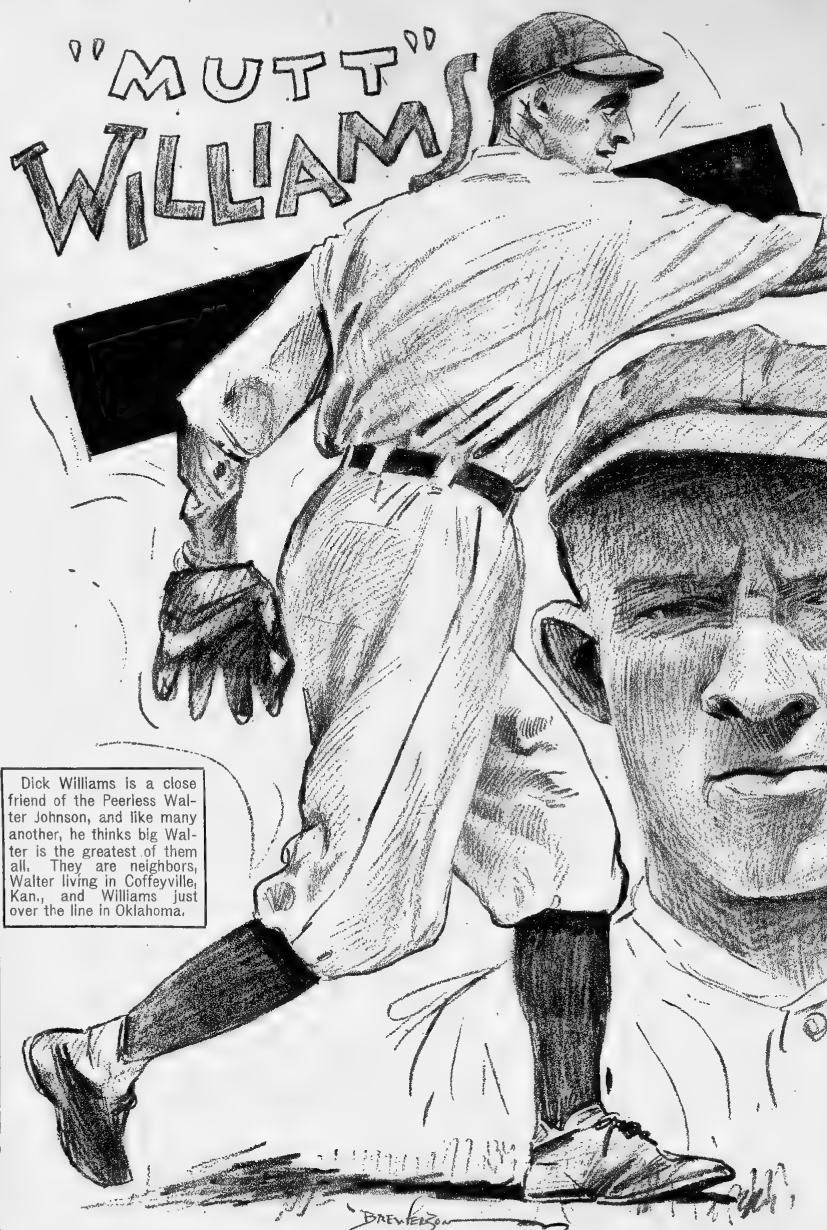

The game was called a half hour early because of the usual time, in order to allow the Braves to leave. The Crackers also left early for the night, but the Braves who enjoyed the victory.

Local Golfer Is Defeated by Champ Whitney

Nelson Whitney, of New Orleans, Defeats Perry Adair and Retains Southern Championship—Young Golfer Will Get Runnerup's Cup

MEMPHIS, Tenn., June 6.—Nelson P. Whitney of the Audubon Country club, New Orleans, today for the fourth time won the amateur golf championship of the south, defeating the youthful Perry Adair of Atlanta, 14 up and 13 to play, in the tournament finals of the

Playing the same steady game that had won him the title in 1908 and 1908 and again in 1913, Whitney was master of the situation at all stages of the match. He was a steady, consistent Georgian, whose play in the preliminary matches has been the sensation of the tournament. He was never in a hurry, and he never made a mistake. He went to the first 18 holes, only to find that Adair and at the end of the morning he had won the match. He had won the hole played in the afternoon. Whitney took two and three were halved.

It was in the long game that Whitney showed his true character. He was a trifle erratic, missing one and two foot putts. Adair was completely steady, and he won the match. It was a victory of the veteran golfer, who with the confidence gained by years of experience, was able to stand the strain of the gruelling

WHITNEY WON FIVE.

On the first half of the morning round Adair hooked into the rough on his drive and Whitney pulled over him a bunker, but on the edge of a green, he pulled Whitney over. He overran the third, while Whitney pulled up ten feet, sinking the putt when Adair missed.

On the second both drivers were good. On the third, Adair pulled Whitney landing in the mid-fairway, but on the second shot Adair went into a pit, while Whitney went to the green. Adair pulled Whitney over on the fourth, while Whitney laying up to six inches. On the fifth, Whitney pulled Whitney over taking the hole when Adair missed his next shot.

The New Orleans player took the next hole. He was on the green after his drive and holed out when Adair

On the fourth hole, Whitney was on the edge of the green in two and Adair just behind. It was halved when they both missed short. The fifth was halved in four, following poor drives by both players, and the sixth went to Whitney, when Adair drove out of bounds.

Whitney also took the seventh, Adair over running his approach shot. Poor approach work lost the Georgia lad the eighth hole, Whitney getting to the green in two. On the ninth, Adair missed a short putt, Whitney taking the hole after both players were out of bounds.

At the turn Whitney was 7 up and Adair was giving evidence of his distress. The tenth was halved in four when Whitney missed an easy putt, and the eleventh likewise was halved, when Whitney overplayed the green and went into the bunkers.

WHITNEY'S GREAT DRIVE

The New Orleans man made it 8 on the twelfth, driving 312 yards, good enough to win the match. On the next Adair overran his third hole, but Whitney lost the hole. Whitney added the fourth hole, but Adair won the fifth foot putt, and also the fifteenth, when Adair topped his ball on the drive. On the sixteenth, Whitney was on the edge of the green and went out in four strokes, but Adair, when he pulled in, drove his ball into a tree.

Adair took his only hole when the matter was on, but Whitney was on an easy putt, the morning round ending Adair 12 down.

On the first hole in the afternoon Adair sank a ten-foot putt for a three, halving the hole. Adair was in a trap on the second, but he came up, losing the hole.

When Whitney took a four.

The third was halved, both players going in with a three. Whitney's tee and the fourth was also halved, when both balls went like an life after

The end came in the fifth. Whitney drove to the edge of the green. Adair playing over the green on his second Whitney was within two feet of the cup on his follow. Adair missed three foot putt. Whitney holing out winning the match and the championship 14 up and 12 down.

BOWDEN WON CONSOLATION

Whitney Bowden of New Orleans won the championship consolation over C. F. Montgomery, Ala., in the first flight. T. E. Clark, Nashville, defeated J. Selden, Macon, in the final round of the second flight 2 and 1; Byron Ham Houston, Tex., defeated Wick Harmon, Memphis, in the third flight 3 and 1; Phineas Thompson, Chattanooga, defeated Fred Birchett, New Orleans, in the fourth flight, 2 and 1.

In the second division, fifth flight W. P. McNell, Macon, won over W. Reid, Montgomery, Ala., 5 and 4, and the fourth flight H. F. Reid, Memphis, defeated C. French, Memphis, 2 up and 1 in play.

Vanitie Wins Fourth Race

RYE, N. Y., June 6.—The bronze yac Vanitie turned the tables on her rival, the Resolute, in the fourth Long Island Sound race sailed today, winning by 5 minutes, 52 seconds in elapsed time.

As the Vanitie gives the Resolution an estimated allowance over the 29 miles course, of 3 minutes and 12 seconds, the margin of the Gardner boat over the Herreshoff creation was believed to have been two minutes and forty seconds.

The race was a fairer test than Tuesday's contest, which was regarded as more or less of a fluke, and while the Vanitie won by 15 minutes and seconds,

Illinois Won Western Meet

CHICAGO, June 6.—Illinois today, for the second time in succession, won the conference track championship, scoring 47 5-12 points. From the start to the finish they led and it remained for a non-conference team, 'the squad' from Leland-Stanford university, California, to give them their only fight. Stanford scored second, with 23 1-3 points, beating out by small margins Chicago and Wisconsin.

Only Henderson, who, with Blasingame, honored with 10 points in the half-mile race, was able to appear in the 1500-meter race in 1:55.85, breaking the record of 1:56.84 set by Ira Davenport, of Chicago.

Illinois, national champions, took the relay race in 3:23.16, tying the record.

Henderson won the quarter mile in addition to the half. Blasingame won the 1000-meter race in 2:12.75.

E. He added another five points in the hammer throw with a mark of 110.50, tied with Sweden.

Perry Adair Made Big Hit at Memphis Tourney

Atlanta Man Tells How Brilliant Young Player Was Received
by Bluff City Enthusiasts—Party Pleased With Reception
Accorded Players

BY TOS. E. PAGE.
(Special Dispatch to The Journal.)
MEMPHIS, Tenn., June 4.—Perry Adair, the entire town of Memphis has shown such true sportsmanship and nerve, that he has endeared himself to the hearts of the entire community. Association. His eliminating four of the crack golfers in the south at the age of 21, has won him a reputation that has been achieved by any golfer at his age in America.

After the Governor Roger Hootan the Texas champion, and one of the top notch players in the game, was won out of the contest by a score of 18 to 20 down at the sixth hole, he won nine holes in a row, and the crowd of 100 Adair is more than surprised and gratified at his success, and of course vantage point for his splendid performance.

A kick from Perry Adair whether up or down, or losing; the same man who has won the match, and has been a victor's grandfather possible.

He will be finished his match with Ro-

tan on the last hole, Ro. Hootan's triumph said he was the best center chess player in the south, and a rush for him, and thinking he was a "hot" he was "honzoned," well, you should see him.

Governor Hootan in his match with Perry won the admiration of everyone in the town, and a great and affectionate regard for the "big" and "strong" body called him. He applauded over and over, and he was given the opportunity to wear his hand out, for he was pulled a club out of his bag.

The people of Memphis have treated him very kindly, and he has been endued and their congratulations.

He has been very much pleased and should make him happy the balance of his life.

The Atlanta party returns to the city, arriving at 10 o'clock, and a large delegation of local golfers, and a large crowd of people, will meet the party at the train to welcome him home and to congratulate him on the great victory.

Nat Thornton Loses to Pel

RICHMOND, Va., June 5.—T. R. Pelton of New York, defeated Dr. Nat Thornton of Atlanta in the challenge round of the Old Dominion Tennis tourney today sixstraight sets 6-4 6-2 6-4 4-6 6-2.

of his victory, Pell gets two legs on the cup. Mad Thornton won the match, but he was not as good a player as he already had that many notions his credit, on the trophy.

Thornton forced the game to Pell's advantage. He was able to put the ball in the air to enable the Atlantic to get in his overhead smashes. In the second round, he was able to force Thornton smashed the spots to the sidelines for cause. Thornton showed a little more of his skill in the third round, so that of Pell.

The New Yorker, however, was the one who had the game, having played a number of matches in Florida and had a number of victories. He was able to force Thornton has seen but little practice this season. Pell's back hand was practically perfect. He was able to get the ball no headway at the net, the balls passed him frequently.

Pell was effective in serving and the number of doubles were quite frequent. If the match did not go to the proper end, he would be the one in better trim and force the game to the proper end. He was the one who witnessed the contest.

and came here from the Washington club. However, he got practically all of his experience in the far northwest playing with the Helena club of the Union association. He is really playing his second season in professional baseball though he has had further experience.

near the Kansas state line, and about thirty miles from Coffeyville, the home of Walter Johnson. The pride of the Washington club has taken a keen interest in his neighbor, and it was largely

In the three games pitched thus far, he has shown a satisfactory brand of pitching. He has pitched for the Yankees he should have won, but when he pitched for the Athletics he lost. At Montgomery he worked in great shape and had little trouble in winning. He pitched for the Cardinals and was capped by a mere arm, and under the circumstances he pitched well. From his showing to date, it appears that he will surely do.

Vanitie Wins

RYE, N. Y., June 6.—The bronze yac Vanitie turned the tables on her rival the Resolute, in the fourth Long Island Sound race sailed today, winning by 5 minutes, 52 seconds in elapsed time.

Mobile Cops Double Header

CHATTANOOGA, Tenn., June 6.—Mobile defeated Chattanooga in both games of a double-header here today. Hardage's double in the seventh inning was the first of the game and Mobile scored six runs in three hits. Doubles by O'Dell, Schmidt and Kirby and Schmidt's single gave Mobile two runs in the first inning of the first game. The second game was called off at sixth inning to allow Mobile to catch a train for New Orleans.

Rucker Ginn Signs With Naps; Other Southern College Players Will Probably Sign Contracts With Big League Teams

By Anna Brown.

The announcement that Rucker Ginn, of the Georgia Institute of Technology, has signed with the Chicago White Sox, has caused considerable interest in the fact that other college players are being secured by the big league teams. It is not likely that any of the college players will be secured by the big league teams, but it is possible that some of them will be secured by the big league teams.

YOUTHFUL ATHLETES

John Hopkins on left and Mary Stearns on right. These two Atlanta boys were athletes in the Georgia Institute of Technology.

At the annual field meet held at Camp Greenbrier in West Virginia, these two lads cleaned up honors in their respective classes. The athletes at this camp are divided into four classes, according to age, middle, junior, intermediate and senior. In the middle class young Stearns carried off a large part of the first places, and also broke a camp record. In the junior class young Hopkins was a star. Although he was out of his class physically, he led two other larger, and more experienced boys for first place and won several minor medals. He was also winner of the junior championship in tennis and was winner of the all-camp consolation tennis tournament.

Just a bit too late. In the case of Tommy, it is purely a matter of physical make-up. If the player had not been so late, he would have been a star.

Alvin Campbell has had a rather peculiar professional career. He was first picked up by the Cubs but was later traded to Pittsburgh. His indifferent attitude regarding playing for the Pirates led Fred Clarke to trade him to Boston.

Poisoned Blood Dangers

Averted by Grea Remedy

We are Daily Subjected to Many Perils in Bruises, Contusions, Insect Bites, Poison Ivy and Toxic Minerals

The Old Enemy in the Blood is Driven Back to Oblivion by S. S. S.

An astonishing record of serious blood poisoning has been brought to our attention. And most of it not all of the cases of S. S. S. you will not only drive out the blood impurities that cause rashes, eruptions, eczema, pimples, boils and skin diseases, but you will also drive out the blood impurities that cause rashes, eruptions, eczema, pimples, boils and skin diseases.

Fortify the Blood.

With the blood made strong and pure to resist the attack of disease, there need be no alarm if slight symptoms make their appearance. The action of S. S. S. is not inward; it stimulates cellular life, the natural impulse of the body to cast out all irritants is intensified. The blood is purified, the system is fortified, the body is made strong and pure to resist the attack of disease.

Self Poisoning.

The symptoms are fever, thirst, excitability, or skin followed by rash, and many indications wrongly diagnosed as rheumatism. In every condition is almost universal in all climates. It is the result of a blood impurity of S. S. S. Many people who get badly affected by the effects of poisoned blood produced by faulty elimination. But by the use of S. S. S. the blood is purified, the system is fortified, the body is made strong and pure to resist the attack of disease.

Mineral Poisoning.

Many cases of lead poisoning are reported, also cases where mineral drugs have been taken by mistake or carelessness, have settled in some vital spot to produce a chronic poisoning. S. S. S. is a powerful antidote for all mineral poisons, and it is a powerful antidote for all mineral poisons.

Crawford Still Leads Dalton Is Real Leader of Nat'l Sluggers

Wahoo Sam Batting Ball at a .344 Clip-Joe Jackson Drops to Ninth Place-Oldring and Walker Climb Up in Standing

Sam Crawford is still leading the batmen of the American league and through games played on Wednesday. Wahoo Sam was batting for an average of .344. The feature of the week's activity with the ash, however, was the slump of Joe Jackson. Joe toppled from second place to ninth, and possesses an average of only .214. While Joe was sliding back Ty Cobb is still standing at .324, being out of the game because of injuries.

In the meantime, two new entries in the field have appeared in the ranks of the Athletics and Clarence Walker, of the Browns. The Mack entry stands second in Crawford at .338, while Walker is really third with a mark of .331. Claude Mitchell is sliding in at .324, having won the honor with Fritz Malsbenden of the Yankees, both having swiped 17 bases. Crawford and Howard Shanks of the Senators are tied in the lead with a each.

McCormick Now Leading Southern League Batters

The Moose Has Replaced Kirby, Whom He Tops by Eight Points - Callahan Is Leading Base Stealer - McConnell Only Cracker in .300 Class - Club Third in Team Batting

By timely wading of his deadly blade during the past week, Harry McCormick of the Lookouts took the lead in the race for batting honors in the Southern league, replacing Larry Kirby, the Mobile harpist, who has been leading the chase for two weeks. Up through the games played Wednesday the Moose was striding at an average of .372, while Kirby was still points back. The lay-off due to injury, however, has helped Charlie Street's batting eye, and he is anchored in third place for the twenty-five games in which he has taken part, up to the above date. Dave Callahan and Pete Knolly are having a hot race for base stealing hon-

ors, with the Vol gardener leading by a margin of three in a set of 22 to 10. Furthermore, a ex-cracker is hitting only .235 against .342 for the Baron, which should give the latter considerable advantage. Arny McConnell is the only Cracker in the .300 class in club batting. The Lookouts are now leading with an average of .245. The Vols come second, just one point back, while the Crackers are third at .243. Here are the figures:

Britons' Hopes For Title Small

England Has Little Chance of Winning Davis Tennis Cup, Americans Rule Favorite

NEW YORK, June 6.—The English in their preparations for the Davis cup competition are showing an amazing lack of foresight. They have been busy with more than one double for choice in this year's campaign and they may find that they have not even as far as the final of the Australasia.

The country and Australasia have all made their plans in this important tournament. They will probably rely on the services of the two players who have twice won the Davis cup in the championship. They have several other combinations in the event.

It is admitted that the probability of the English selection committee is small, but it will not be until the Davis cup is played in the United States that the English will be able to make their final selection. The English will be able to make their final selection in the United States.

What Every Owner Knows

What engenders the exceptional loyalty and intense enthusiasm Hup owners display for their cars?

Why do Hup owners go out of their way—as they actually are doing—to convince their friends and neighbors that a Hup investment is best?

Because every one of them knows his car renders more continuous service at lesser cost.

Because he knows his Hup, at any time or season, holds a cash value far above the average for second hand cars.

All His Favor

Because he knows he is justified in rating depreciation extremely low—some put it as low as a cent a mile.

Because he is getting long mileage on tires, gasoline and oil.

Because he knows his Hup is as serviceable today, as full of "pep", as worthy and ready for rough roads and tough loads, as when he bought it six months, a year or two years ago.

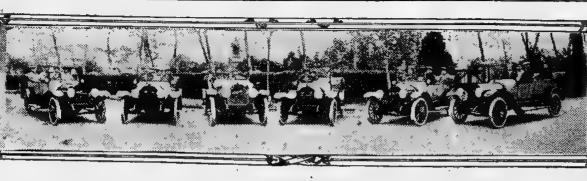

Because he knows its durability; its sturdy, costly build, that makes repairs few and far between, of minor character and small cost.

Is it strange, then, that men should be enthusiastic about the Hup?

We think not; and any Hup owner or dealer you talk to will bear us out.

CHINESE MATRON BUYS SIX STUDEBAKERS

The accompanying view was taken in front of Li Kung Chang's monument on the grounds of Fuh Tan university, at Shanghai, China, June 6, 1914.

The rapidity with which China is receding from its century-old habits, and taking on modern clothes, has been often pronounced one of the twentieth century marvels. In no way has this progress been proven more forcibly than in the part Chinese women are taking in social and political life.

No longer is the gentler sex of the Orient a foot-bound, enslaved, retiring creature, to be kept in submission and to appear in public only when carefully hidden from the profane gaze of the populace.

A recent transaction in Shanghai, where a wealthy Chinese mother purchased six Studebaker cars, is the latest and most striking evidence offered of the emancipation of Chinese women.

During the past winter, the widow of Soong King Kong, who, previous to his death, was comrade of the Russo-

Firestone Tires Helped Goux Win

Goux, the wiry Frenchman, whose sensational driving captured last year's dianapolis sweepstakes, found thousands of admirers in the United States when he won the 1913 race, when it was announced that he would use foreign tires this year.

Not long before he had been seen prominently in both the betting and the news of his "mystery" name for this year's race.

Firestone tires helped Goux to victory last year, and the reverse race, when he was driving his underdog French car, was won by him.

With eleven tire changes, he had no chance of winning, even though his speed between stops was wonderful.

Barney Oldfield, in a Stutz, crossed the wire ahead of all other American cars, but it was a great victory for Barney and the veteran driver was well applauded during the entire race.

His cool daring and his sure and deliberate judgment proved that he is not only one of the one and two-mile dirt track, but also a master of the long distance race as well.

He used Firestone tires, two of them going through his speed between stops was wonderful.

Barney Oldfield, in a Stutz, crossed the wire ahead of all other American cars, but it was a great victory for Barney and the veteran driver was well applauded during the entire race.

A New Use for The Motor Car

The adaptability of the automobile to the needs of the modern world is being illustrated every day. The electric element on the car has also been adapted to strange circumstances—ever to assisting a surgeon in performing an operation in a country house where the only light available was a kerosene lamp.

Now comes W. H. Van Winkle, president of the Waterworks Equipment company, of New York, with something new. Mr. Van Winkle has invented a small device which he adapts to his 1912 Cadillac roadster, and which means open and close water valves of a water system. The combination does in only a minute what formerly usually requires four men a half hour to do in all cities. The device is attached to a rear wheel which has been jacked up. The motor is then started.

"FLOSSY THINKING" DID NOT APPEAL TO MUNCH'S GIRL

The passing of Julius Munch from the roster of the local club may not have been a great loss to the baseball world, but the young catcher, since he was relegated to a lower league, but at the same time he has been a great loss to the baseball world.

He was a great player, and he was a great player. He was a great player, and he was a great player.

They All Use Ajax Tires

"From every walk—no, that's the wrong beginning—from every race of the world, the users of our tires," says the Ajax tire man. "That's true, the Ajax tire man. That's true, the Ajax tire man."

They all use Ajax tires. They all use Ajax tires. They all use Ajax tires.

Paint Mixer Finds New Color

"No. 3" hopped out of his overalls and hurried from the factory to the bright little home where "Mrs. No. 3" was waiting with an early supper, so they could get away to the park.

The rays of "No. 3" as he rushed into his home was almost frightening to the little wife. The cause of that joy was a romance of a large auto industry, in which the characters were—

"No. 3," the paint mixer.

Ray P. York, vice president of the P. B. Stearns company, Cleveland, Ohio, and—

had become wedded to the Studebaker "Chop" so, without much ceremony, Mrs. Soong summoned Honeysuckle and handed him an order for five more Studebaker cars.

Honeysuckle lost no time in calling Detroit a rush order. When these cars, along with seven other Studebakers, landed at Shanghai late in April on the steamship Empress of Asia, a great throng of interested friends came on the Bund to witness the unusual sight. The cars were landed and driven at once to the grounds of Fuh Tan university, one of Shanghai's beauty spots, and a panoramic camera was brought into play.

Goodyear Week

Here and everywhere, this coming week, all the leading Goodyear dealers will make window displays like this.

It is done to show you where No-Rim-Cut tires are sold, and sold at Goodyear prices. Mark these exhibits. These are the dealers who, despite higher profits on other tires, supply you the world's best.

They Undersell 16 Other Makes

These dealers will sell No-Rim-Cut tires for 28 per cent less than they cost in March, 1913. They will sell them below the prices asked for 16 other makes. They will sell you four tires for the price of three of some Goodyear rivals.

They will supply you, at Goodyear prices, the utmost in a tire. The tire that out-sells any other tire in the world. The tire that won top place in Tiredon through millions of mileage tests.

They will sell you the tire to which motorists are coming faster than ever before. This year's sales have broken every record, by 55 per cent.

Four Other Savings

In addition they give you these four features, found in no other tire

New Car Will Be On Market Soon

Although automobile dealers are known to be responsive to new cars of distinctive quality, the attitude of the trade toward the car which is soon to be marketed by Dodge Brothers, has probably no parallel in the industry.

It is well known that Dodge Brothers have for years been manufacturers of parts on a mammoth scale, and that their buildings and machinery are among the marvels of motor car manufacturing.

It is also generally known that both of the Dodge Brothers are expert engineers, and that their tremendous business has been built up entirely through their own initiative and under their personal supervision.

But that is all—absolutely all—that is known regarding the new car they are to manufacture and sell, and there is no extraordinary response of the trade to the simple announcement that these brothers were soon to market a car of moderate price.

It is not until they actually have been given out as to the exact price of the car, or its horsepower, or its style, or its equipment, and in spite of the fact that practically the only definite statement that has been made concerning the activities of the company, has been the announcement of Mr. A. T. Fitch as general manager. It is reported that there have been more than 1,500 applications for exclusive territory. These applications came by letter, telegram, long distance phone, and in many cases in person.

MARIST ENDS SESSION

JUNE 11, FOUR GRADUATE

Successful Year Closes—Good Record in Athletics and Scholarship

BY CLAY, SUDBERGER, OVERSEER, JR.

The Marist Commencement Exercises have been set for June 11, at 8 p. m. On this occasion the chief officers will receive their commissions, diplomas will be awarded, the graduates will be crowned and medals will be presented and the valedictorian will deliver his address.

The exercises are to be interesting as all of the Marist events. The graduates this year numbering forty are all of the four-year literary course. Howard McCull, J. Lyons, Robert Robert and Eugene Oberdorfer, Jr., are the valedictorians.

The "Graduates" have been "electing the profs" during the past week, and by the time of this edition the election will have been completed.

The seniors of this year are all Marist men, one having attended Marist eight years, another seven years, and the others four years.

Howard McCull, popularly called "Mucker," is to be crowned valedictorian, but he will not be crowned until the ceremony.

Lyons, too, the chief who alone represented Marist in the inter-collegiate football contest, will be crowned.

The friends of the graduates and the entire faculty will be cordially invited to be present at graduation.

The military closing for the term is to occur on Wednesday, June 10, at 4 p. m. There will be a competition between the corps and individual drill companies.

Each company will be given a medal at each event. The military closing will be judged by the officers of the national guard, who will also receive dress parade, grand march, and other exercises.

The Marist baseball team has just closed its season with a record of 18 wins and 12 losses.

The team has been nicknamed the "Midnight" under the leadership of Coach Holliday.

The team has been picked by Coach Holliday to represent Marist in the inter-collegiate baseball tournament.

The team has been elected captain of the team for the year and under the leadership of Coach Holliday.

DROUGHT AND DELAYED GARDENS CAUSED BIG DEMAND FOR PRODUCE

Wholesale Grocers Enjoyed Largely Increased Trade in Potatoes, Cabbage, Snap Beans, Squash and the Like

OUT-OF-TOWN DISTRICTS SHOWED MARKED DEMAND
General Crops of Corn and Cotton Not Materially Hurt by Drought—Rains Have Come and Outlook Is Bright

The long drought in Atlanta's territory many complaints from the farmers and put a bit of strain temporarily in the market for general trade. But it served, however, to speed up the produce trade. The wholesale grocers felt a decided bias which they attribute to the fact the dry weather had checked the growth of the crops and therefore the demand for produce from other sources.

SALES OF THE ROAD

STORIES OF ADVENTURE ALONG THE WAY
TOLD BY ATLANTA TRAVELERS

THE DANGERS OF FRIENDSHIP

"The salesman who can make friends easily is a valuable man for his house," remarked an old traveler in discussing the experience of the road. "The salesman who can retain the friendship of his customers year after year is still more valuable. In fact, it is easier for any salesman to make customer friends than it is to keep them. The ability to do the latter is comparatively rare, while the number of salesmen who with their breezy, hand-shaking, joke-telling ways, have built up a list of friends is legion. The real test comes after."

"Do the goods come up to representation? Are they really sold or does the salesman get stuck with them? Are all announcements in the way of the delay of the goods or of shipments coming up short or discrepancies in the bill, satisfactorily adjusted by the salesman and on the surface important things hinge the permanency of the customer's patronage and how often are they slovenly handled by the house and accepted by the salesman?"

"To face the ability of a salesman to get on pleasant personal relations with his customers is a very important thing. Personal friendship in business can be a very effective tool. It is a fact that a salesman who is always invited to meet me to his home to stay with his children were my sworn confidants and they always called me out to see them. I was representing a farm implement manufacturing firm at that time. It was when the disk plow was placed on the market. My house had just put out the first plow of the kind and was anxious to make a big showing on it. I was young and I was quite anxious to make good."

"On my next visit to the town which was very long after, he did not greet me as cordially as formerly. He told me he was not selling any plows and what was worse, the farmers were 'hooking' them wherever he had attempted to give a demonstration of their work."

"On investigation I found that the demonstrations had been conducted by the farmer's choice of disk plows and that what was worse, the farmers were 'hooking' them wherever he had attempted to give a demonstration of their work. The plow driven by three mules was after the farmer's choice of disk plows and that what was worse, the farmers were 'hooking' them wherever he had attempted to give a demonstration of their work. The plow driven by three mules was after the farmer's choice of disk plows and that what was worse, the farmers were 'hooking' them wherever he had attempted to give a demonstration of their work."

"I hired a buggy and was at the farm to see the farmer's choice of disk plows and that what was worse, the farmers were 'hooking' them wherever he had attempted to give a demonstration of their work. The plow driven by three mules was after the farmer's choice of disk plows and that what was worse, the farmers were 'hooking' them wherever he had attempted to give a demonstration of their work."

Andrews Writes That Sick Man Has Been Removed to Local Sanitarium

Editor Piling Line: It will perhaps be gratifying to you and your readers to know that the appeal through your columns last Sunday for a fund for the relief of Mr. E. L. Cooksey, a traveling man sick with typhoid fever, has resulted in contributions sufficient to accomplish this purpose, and through this means, Mr. Cooksey has been properly provided for and placed in a local sanitarium, where he will receive the attention and treatment, and we hope that he will speedily regain his normal strength.

I desire to thank you in behalf of Mr. Cooksey for your efforts in connection with this matter, and also to thank the individual subscribers to this fund.

School Closings Bring Decreased Candy Demand

The usual 50 per cent decrease in the demand for candy which comes with the closing of the schools has had its appearance on schedule time again this year, according to the Brower Candy company.

Sales of candy, especially to the small grocers, increase sharply in the fall with the start of the school season and drop off as quickly at the end of the term in June.

The Brower Candy company offers the lighter demand for candy by large sales of ice cream cones, fruit straws and other soda fountain supplies.

NEW COMPILATION SHOWS ATLANTA'S RAPID STRIDES

Statistical Bureau Sets Forth Newest Facts About City's Onward March

Atlanta's growth is so rapid that the figures describing its progress are constantly increasing. It may have a complete compilation of the statistics of Atlanta filed with the census bureau.

H. Leahy, secretary of the industrial and statistical bureau of the chamber of commerce, has just completed a compilation of the statistics of Atlanta for the year 1913.

Atlanta is a city of 215,000 population. It is the manufacturing and distributing center of the southeast.

Atlanta is within a night's ride of 100 cities. It is the largest city in the southeastern territory, considering such as bounded on the north by the Ohio and Potomac and on the west by the Mississippi river, the principal cities on the border being Cincinnati, Louisville, Evansville, St. Louis, Memphis, Vicksburg, Mobile, Pensacola, Jacksonville, Brunswick, Savannah, Charleston, Wilmington and Norfolk.

Atlanta has 600 manufacturing plants with a capitalization of \$15,000,000 and value of manufactured products of \$10,000,000.

Atlanta's manufacturing plants produce a more varied line of products than any city in the south.

Atlanta enjoys passenger train service from fourteen directions, with 113 passenger trains into and out of the city every day.

Atlanta's railroads radiate to every point of the compass, affording unequalled transportation facilities.

Atlanta enjoys, in addition to the steam railroads, thirty-four miles of trolley railway, one line operating to Marietta, a distance of 18 miles, and one of the south's greatest curiosities, being the largest mountain of the south.

Atlanta is the headquarters of the most stupendous development of hydro electric power in operation in the south, with a lower rate of power and light than any of the larger cities in the south.

Atlanta's bank clearings for 1913 were \$70,000,000, and in 1914 they were \$80,000,000. The increase in Atlanta's bank clearings, we mention that they were \$40,000,000 in 1913, \$50,000,000 in 1914, and \$60,000,000 in 1915.

Atlanta's postoffice receipts (one of the largest in the south) were \$1,000,000 in 1913, \$1,200,000 in 1914, and \$1,400,000 in 1915.

Atlanta's population in 1913 was 215,000, in 1914 it was 220,000, and in 1915 it was 225,000.

Atlanta's area is 100 square miles, and its population density is 2,250 per square mile.

Atlanta's climate is the best in the south, and its water supply is the most abundant.

The "Made-in-Atlanta" Sign in Mexico

A well-known Georgian, just back from Mexico, was relating his experiences to a crowd of Atlanta people the other day.

He had been in Monterey—and he called it "the ATLANTA of Mexico."

He told why. He told lots of interesting things about it and about its people and their troubles.

Then he told about seeing a well-known utility down there, marked: "MADE IN ATLANTA."

"It made me feel at home," he said. "It certainly did look good to me. It made me proud of my state, and proud of the enterprise of her manufacturers."

"MADE IN ATLANTA!" That's a sign that ought to look good to everybody in Atlanta—ANYWHERE.

And it's getting so that you can see it ALMOST anywhere. We men who run manufacturing plants want our output to go to just as many places, and to just as many folks, as we can possibly reach.

Natural enough, you say. Yes, brother, but we are specially keen on getting our HOME people to use our goods.

It's mighty pleasant to see that "MADE IN ATLANTA" label on stuff when you're in a distant city or on a foreign shore.

Makes you feel good. It ought to! But don't you think that the MADE-IN-ATLANTA mark would be highly becoming to the wares on display and sale in every ATLANTA and every GEORGIA store?

Now you just think about it. Here are as loyal a set of folks as ever lived in any section of the world.

They're strong for anything that gives 'em an opportunity to holler for home or shout for Dixie.

And they everlastingly shout, too! They'll be genuinely rejoiced when they go to some remote corner of the country and hear about Georgia.

They're plumb proud to tell they're from ATLANTA. "MADE-IN-ATLANTA" is good enough for them.

"Dear Old Georgia" is a mighty pretty song. They sing it lustily. BUT—

Do these folks BUY goods that are MADE-IN-ATLANTA? Do they SEL, goods that are MADE-IN-ATLANTA? There's the rub.

Is there any good reason, Merchants of Atlanta and of Georgia, why you shouldn't express your patriotism in a practical way?

Especially when that way is so INTENSELY PRACTICAL from the standpoint of your own interests?

We manufacture the things that are wanted by Georgia people. They are the things that you have the call for. You don't have any new market to create.

We, the makers of these goods, are at your elbow, so to speak—close to you, backing you up, ready to make good in every particular what we claim for our products.

Pushing HOME-MADE GOODS puts you on the side where your patriotism and loyalty to your section count for something sure enough.

Let's all get together and put the MADE-IN-ATLANTA sign before the eyes of everybody in this part of the country.

It's a piece of work well worth the while of every merchant who looks to his own best interests and who is big enough not to lose sight of the interests of his section.

J. L. GRICE IS APPOINTED TO ADJUTANT IN CAVALRY

Joins Staff of Major Seamans
in Second Squadron of
N. G. G.

J. L. Grice, of Atlanta, has been appointed to the post of adjutant of the Second Squadron of Cavalry, National Guard of Georgia, on the staff of Major J. O. Seaman, commander of the squadron, who made the appointment, and will enter on his duties immediately. The rank of the adjutant is first lieutenant. He is the ranking officer of the major's staff, commanding five troops of cavalry, one in Atlanta, one in Savannah, one in Augusta, one in Gainesville and one in McIntosh county. Lieutenant Grice's appointment is extremely popular and has been the subject of much favorable comment in military circles. Lieutenant Grice comes of a family of soldiers, being the fourth officer of the name in the service of Georgia since the 'sixties. An uncle, John Grice, was captain with the Confederate forces that defended Atlanta.

Lieutenant Grice was born, at Edgewood, Chocoma county, Ala., September 23, 1885. He attended the public schools of Edgewood and Chocoma Institute, after a few years government service coming to Atlanta, where he entered the real estate field. He is now associated with the Martin-Orburn company.

He is a Shriner, a sergeant in Yaarab patrol and well known in business and social circles.

TUMLINS OPEN STAND IN HEALY BUILDING

Cafe and Soda Water Business
to be Conducted on
Ground Floor

W. N. and G. W. Tumlin, who formerly have been in the soda water business in Atlanta, have just opened a fourth place of business on the ground floor of the Healy building. It has been beautifully equipped and is one of the finest places of the kind in the south. The soda fountain, which runs along one side of the building, is long and there are tables in the center of the room where excellent lunch is served.

Orders are served by number through an electrical appliance, which is connected with the modern, thorough, equipped and sanitary kitchen; and automatic elevators convey the food from the kitchen to the counter.

A handsome cigar stand, occupies the other side of the room. It is of mahogany and is flanked by a large confectionery stand and a humidor case which holds more than a hundred boxes with keys. When a man wants to buy a box of cigars he keeps it in the humidor one of these boxes will be at his disposal.

Over \$10,000 has been spent in fitting up the place, all of the kitchen appliances were built in Atlanta.

For injuries alleged to have been sustained by Charles M. Willie, twenty years old, on May 10, 1914, Charles A. Willie, the young man's father, filed suit in the city court Saturday for \$2,000 damages against Mrs. J. O. Bailey and J. O. Bailey.

Willie alleges that his son was seriously hurt when J. O. Bailey's machine, driven by Mrs. Bailey, ran into the young man at Peachtree road and Piedmont road. Young Willie was riding a motorcycle. He is the bookkeeper for Grady hospital. He himself filed suit for \$5,000 damages against Mr. and Mrs. Bailey several weeks ago.

Walter A. Sims is Willie's attorney.

Alston to Speak

MONTGOMERY, Ala., June 6.—Robert C. Alston, of Atlanta, former Alabama citizen, will deliver the annual address to the Alabama state bar association at noon July 19. The executive committee of the association met yesterday and made his address special business for the noon hour.

Why suffer with tired, aching, burning, blistered feet when Pedetone will cure them? Read this from Atlanta's foremost sign painter:

The Dermotone Co., Rhodes Bldg., City. Gentlemen—I walk a great deal, some days as much as ten miles, and stand on my feet all the time. I thought I would have to give up my work, on account of my feet, blistered and raw, but I obtained a bottle of Pedetone and have used only one-half of the bottle and my feet are well. You are welcome to this testimony.

(Signed) MISS IRENE MERIDETH.

F. P. Sims

F. P. Sims, formerly of Atlanta, Ga., who has returned to this city as district sales manager for The C. D. Pruden Co., of Baltimore, Md. Mr. Sims has made a thorough study of the manufacture and construction of the "Prudential" portable and permanent fireproof steel buildings at the Baltimore factory of the C. D. Pruden company and is now in a position to show the people of Atlanta and the south something unique in buildings of a portable and permanent steel construction. The "Prudential" buildings are in use throughout the east and west and in a number of foreign countries including Russia and Porto Rico as aviation buildings, motor truck buildings, garages, oil houses, tool houses, warehouses, storerooms, cottages, bungalows, portable stores, etc. The big advantage of the Pruden Co. is that the construction companies have adopted the "Prudential" buildings and specify them for all uses.

Mr. Sims invites his many friends throughout this section and the public at large to visit his demonstration buildings at 1036 Peachtree street and have demonstrated to them the practicality and simplicity of construction of the "Prudential" portable, portable and permanent steel buildings. The many friends of Mr. Sims wish him every success in his work of putting before the public this highly practical and novel form of building construction.

Hines M. Smith Named

ROME, Ga., June 6.—At a special meeting of the city council yesterday Hines M. Smith, son of the late Major "Bull Arm" Smith, was elected a member of the board of education to succeed W. M. Hammond, resigned.

Protects Your Baby's Spine

The SIDWAY is the only baby carriage with springs that can be regulated to exactly suit the increasing weight of the baby. And these springs are marvels of gentleness. Whether baby weighs seven or forty pounds, whether you ride him over rough roads or cobblestones, suddenly tilt or turn, baby rides without a bump, evenly, easily, phantasmically. This is because of the SIDWAY adjustable, long-leaf suspension springs.
