The employees are alert to take full advantage of this holiday. Already a number of the Daniels men will play golf Wednesday afternoon at Piedmont park. A number of them are going to the beach.

## HICKS HEAD OF VITAL

## STATISTICS COMMITTEE

Appointed Chairman of Chamber of Commerce Body—to Start Campaign

L. D. Hicks has been appointed chairman of the vital statistics committee of the Atlanta chamber of commerce and will at once call his committee together for the purpose of mapping out an agreement campaign with the Georgia legislature to the end that a state-wide vital statistics law shall be enacted at the forthcoming session.

Georgia is now the only state in the union which has no such law. Most other states long ago recognized the vital importance and enacted the proper legislation. Even the backward states have lately joined the ranks of progress in this obviously necessary matter.

Without a state-wide vital statistics law, Georgia has no way of determining her birth rate, her death rate, her typhoid rate, her tuberculosis rate, etc. Persons who contemplate moving to Georgia must naturally like to know, before they decide, whether the state is healthy or unhealthy, whether typhoid blunders or whether its ravages are held in check, whether the white plague takes a toll of thousands annually or whether it is kept down by systematic care and prevention.

These and other arguments the committee from the chamber will stress upon the members of the legislature, and it is confidently expected that a law will be passed without further delay.

Another piece of legislation in which the chamber is interested is the regulation of the sale of pistol cartridges, as a means of further discouraging the practice of "toting" a pistol.

The chamber of commerce will propose to bear its proportionate part of the cost of the new movement on the assessment plan, the same as all other property.

## CHAMBER OF COMMERCE FOR SMOOTH PAVEMENT

Will Ask Council for Relief From Noisy Belgian Blocks on Auburn Avenue

A committee representing the Atlanta chamber of commerce will appear before the street committee of council Thursday afternoon and ask that a smooth pavement be laid on Auburn avenue from Peachtree street to Ivy street.

Noise from the Belgian block pavement at present on Auburn avenue seriously interferes with the transposition of business in the chamber's new home, at the corner of Auburn avenue and North Pryor street, making it difficult to hear over the telephone and difficult for stenographers to take dictation.

## COUNCILMAN COLCORD TO ASK RE-ELECTION

Seventh Ward Representative Prevailed On by Friends to Be Candidate

Councilman A. R. Colcord, of the Seventh ward, will be a candidate for re-election in the city primary in the fall, according to authorized announcement Wednesday.

Being the type of business man for whom public office has little attraction, Mr. Colcord had about made up his mind not to seek another term in council.

But his friends have different ideas on the subject, both in his own ward and over the city, and have insisted that he give the voters of the Seventh the opportunity to re-elect him.

It is urged by those who look at the matter from a standpoint of improvements needed in the Seventh ward that Mr. Colcord's experience in council, his place on the finance committee and his friendly stand with the present administration make him too valuable to be replaced with a new man who naturally would start without these advantages.

These and other arguments the committee from the chamber will stress upon the members of the legislature, and it is confidently expected that a law will be passed without further delay.

Another piece of legislation in which the chamber is interested is the regulation of the sale of pistol cartridges, as a means of further discouraging the practice of "toting" a pistol.

## PROHIBITION FORCES TO FIGHT FOR BILL IN HOUSE

Nationwide "Dry" Question Likely to Be Forced to Vote

(By Associated Press.)  
WASHINGTON, June 10.—The question of national prohibition again today loomed up on the congressional horizon. That the house will be forced to vote at an early date on a resolution providing for national prohibition through an amendment to the federal constitution practically was assured today. This was generally conceded as a result of the expressed willingness of Majority Leader Underwood to have the question brought before the house for a test.

Definite action on the subject was expected to be taken by the house committee at a special meeting today; the committee had before it two proposals, one was a revised resolution introduced by Representative Hobson of Alabama, designed to meet opposition to his previous resolution on the ground that it violated state rights. The other was a resolution offered by Representative Cantrell of Kentucky, proposing a special rule for consideration of the national prohibition resolution with a limit of ten hours' debate. It was expected that the committee would take the Cantrell resolution as a basis of action and amend it so as to apply to the revised resolution.

Revival of the prohibition issue which was a live topic in the house some time ago, was the subject of widespread comment today. It had generally been understood that prohibition was "dead" so far as the house was concerned. At the last caucus of house members prohibition was one of the subjects which was not considered on the ground that it was a party measure. This, however, did not mean that its consideration would be precluded after the program of proposed legislation had been disposed of. There are now no party measures pending before the house.

## PIERCE OIL CORPORATION IS OUSTED OUT OF TEXAS

Supreme Court Denies Petition for Mandamus for Business Permit

(By Associated Press.)  
AUSTIN, Tex., June 10.—The Pierce Oil Corporation of Virginia was today denied the right to carry on business in this state when the state supreme court denied their petition for mandamus to compel F. C. Welbert, secretary of state, to issue them a permit to that effect.

The permit was refused and the supreme court upheld the refusal on the ground that the Pierce Oil corporation was the successor of the Water-Pierce Oil company, convicted of violation of anti-trust laws and, therefore, prohibited by statute from ever doing business in Texas.

It was pointed out by Associate Justice Nelson Phillips, who was in the opinion, that the Pierce Oil corporation, shortly after its conviction in 1913, took over purchase the property of the Water-Pierce company and assumed all its obligations.

(By Associated Press.)  
WASHINGTON, June 10.—Officially he will be known hereafter as "Hamilton Lewis." By an instruction given yesterday by Senator James Hamilton Lewis, of Illinois, everywhere the name of the senator from Illinois must appear hereafter as simply Hamilton Lewis.

Recently one of Klaw & Erlanger's men perpetrated a joke on the senator at the hotel where he stopped when he observed him strutting through the rotunda by having him paged in a loud voice as "Ham Lewis." The senator responded very promptly to the call and warned the page that while he recognized the application he was not pleased by it. The showman had fled before Senator Lewis could administer chastisement to him. Senate members who had received no orders to change the official whippers of the senator from Illinois.

"I can never make people understand that my name is James Hamilton Lewis," said the senator when asked about the change he had ordered in the official writing of his name. "Throughout the world I am known as 'Jim Hamilton.' James Hamilton, one time governor of South Carolina, and who served a term in congress from Virginia, but seems more conversant for my friends and newspapers to call me 'Jim' than 'James Hamilton.' It is an economy to write it 'simply Hamilton.' This was the reason for instructing the clerk to make the change in the official use of my name." "Don't do it," said Senator Karm, who was standing by. "If this spirit of abbreviation keeps up you will end up by cutting off your whole name, and that would be a distinct loss to public utility." "It certainly would be a loss, my dear majority leader," if you followed my example and cut off yours," promptly replied Senator Lewis.

# Vols Overcame Five-Run Lead; Beat Crackers

Entering Eighth Inning With Score 7 to 2, Schwartz's Men Score Four Runs in That Round and Two in the Next—Double Bill Today

**BY ELLIOTT DEMP.**  
NASHVILLE, June 10.—The Vols rallied in the eighth and ninth innings yesterday and overcame our five-run lead and beat us by 8 to 7.

Mutt Williams pitched for Atlanta during the first eight innings and up until his last inning he pitched a very good game. In the eighth the Vols landed on Mutt for four runs. Williams was much to be blamed for the rally for he failed to cover first on a hit to Ebel and the men were safe. After this they kept up a hitting bee until four runs came over.

Bill Smith wanted to save Browning and Perryman for the games today so sent back to finish the game after having pitched the day before, and, well, the inning is given below.

Bill Schwartz was forced to yank Boud out and put Bender in the box after we had scored four runs in one inning off Boud. We had two men thrown out at the plate again today, both decisions being questionable.

Our first run was scored in the second. With one out, Welchance walked. Jimmie was hit by the pitcher. Plans, singled through Pault, filling the base. Welchance scored. The Vols hit to short.

The Vols went up one better in the fourth. King doubled, Sloan hit to Jennings, who threw to third. Both men were safe when the ball hit King in the back. Pault hit to Ebel who made an unusual stop and cut King off at the plate. Hemmaway scored. Sloan Pault with a safe hit to left.

The Crackers jumped on Boud for four runs in the fifth. With one out, McClellan hit to short and was safe. Ebel, swinging back, filling the sacks. Lone doubled, scoring. Plans, singled.

After Welchance was deliberately walked, Jennings hit safely and Ebel, who had both scored, tendered a sacrifice bunt at this point and struck out Plans.

With out in the sixth McClellan doubled to left. Kircher singled the next ball and McClellan scored. Lone singled in the seventh and later scored.

The Vols hit rally came about in the eighth. Callahan singled, King struck out. Sloan hit to short and was safe.

Callahan Pault hit to Ebel but Williams was late getting over to cover and the runner was safe.

Hemmaway and a single hit Williams to two more over. In the ninth Pault hit for Bender and scored. Lone hit over second. Callahan was safe on a bunt. Both men were safe.

After King hit popped out. Lone went around to Jennings, who was playing in close and the ball popped in his hand. Both runs came over.

Today we play a double-header. Browning and Perryman will pitch for us.
