

ATLANTIC COAST STORM INCREASES IN INTENSITY

Identity of Warship Reported
Ashore Off Delaware Is
Still Not Known

(By Associated Press.)
NEW YORK, Dec. 7.—Blowing sixty
miles an hour, a roaring nor'easter to-
day swept the Atlantic coast from North
Carolina to Maine.

Chief among the many wrecks was an
Atlantic coast warship which was
driven ashore near Ocean City, Md., her
hull split and her masts broken. Her
crew were rescued, and there was
no loss of life.

Lashed by the gale, the ocean beat
down the sea wall at Seabright,
N. J., and placed the town in imminent
danger of destruction. The sea high
in its streets were flooded, rail com-
munication was cut off and breakers
were coming over the top of the
pier, and the foundations of the
pier were undermined, and there
was great fear that the pier would
be destroyed.

Life savers seeking to rescue the crew
of a six-masted schooner which struck
Tobacco shoal on Saturday have been
unable to launch their boats.

The velocity of the gale last night
reached high records in some instances.

At midnight the wind was blowing sev-
enty miles an hour at Atlantic City,
N. J., and at Seabright, N. J., and
at Norfolk, and thirty-six at Cape
Hatteras. When the storm became
central of the Virginia capes today, how-
ever, the wind velocity there increased
to seventy miles an hour.

Constellation rose safely at anchor
after a perilous experience last night,
when the gale carried her from her
small ship in Chesapeake bay.

The forecasters promised generally
fair weather in the south Atlantic re-
gion tonight and Tuesday.

The following message was received
from the longer of the life-saving
station at Ocean City, Md., in answer
to an inquiry by Secretary Daniels:

(Unable to ascertain nationality of
kind of ship; has four funnels, two
masts; fighting top such as far as
possible to see. Weather thick. Blowing
for assistance.)

At the Erie railroad terminal in Jer-
sey City, the waters of the Hudson
swept through the ferry house, and
out to the railroad tracks. Under the
swept the flood covered the rails. All
ferry boats were discontinued.

Drifting Lightship Is
Caught and Towed In

(By Associated Press.)
NORFOLK, Va., Dec. 7.—The light-
ship has been towed to the navy
yard here by the buoy tender Oregon.

The lightship was adrift in Saturday's
storm. Both the Cape Charles and the
Savannah lightships are off their sta-
tions and the government wireless is
sending messages of the fact.

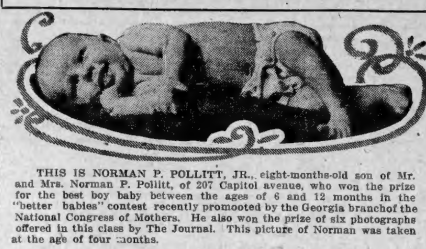

The United States frigate Con-
stitution, which was in danger of
sinking off Virginia beach Saturday,
is now safe at the navy yard here.

The wind off the coast today was
forty-two miles an hour and the tides
are very high. Much damage has been
done outside of Ocean View.

Situation Serious
At Seabright, N. J.

(By Associated Press.)
SEABRIGHT, N. J., Dec. 7.—Turning
of the ebb tide here today found Seabright
chief streets flooded, the rail-
road tracks covered by the ocean for
two miles and storm lashed waves
sweeping through breaks in the new sea

A "BETTER BABY" BOY

THIS IS NORMAN P. POLLITT, JR., eight-month-old son of Mr. and Mrs. Norman P. Pollitt, of 207 Capitol avenue, who won the prize for the best baby between the ages of 6 and 12 months in the "better babies" contest recently promoted by the National Congress of Mothers. He also won the prize of six photographs offered in this class by The Journal. This picture of Norman was taken at the age of four months.

JOEL HARRIS' BIRTHDAY WILL BE CELEBRATED

Program Will Be Rendered at
"Wren's Nest" Wednesday
Afternoon

Wednesday afternoon at 2 o'clock the
birthday of Joel Chandler Harris will
be celebrated at the "Wren's Nest," Mr.
Harris' old home on Gordon street.

On behalf of the Forsyth district ex-
ecutive, of Baltimore, Frederick
Paxon will present to the association a
bronze panel, a miniature of a large
bronze tablet which is the property of
this institute. It is the work of Roger
N. Bernham, a noted American sculptor,
and depicts all the animals which have
helped to make the name of Uncle
Remus familiar to every child in Amer-
ica.

Mrs. Harris will unveil the panel
and will be accepted by Mrs. A. McD.
Wilson, president of the association.

Mrs. Robert Blackburn will recite an
original poem, "Uncle Remus," and also
one of Mr. Harris' poems. The also club
of the Georgia School of Technology
will assist in the exercises.

Miss Susan McCallahan, assisted by a
few of young girls, will comprise the
entertainment committee.

All the public schools in Atlanta and
throughout Georgia will give one-half
hour that day to Uncle Remus stories.

Several of the states in the east and
north have arranged fitting exercises to
commemorate Mr. Harris' work.

With high tide to come, the situa-
tion was alarming. Residents practi-
cally abandoned hope of preventing great
loss.

The tide was sweeping over around
doors of houses and there appeared an
unbroken stretch of water between Nor-
folk and the highlands for several
miles.

Losses estimated at \$100,000 were
caused by the storm during the night.
Several of the states in the east and
north have arranged fitting exercises to
commemorate Mr. Harris' work.

Fire Boat Sunk by Gale
In Harbor of New York

(By Associated Press.)
NEW YORK, Dec. 7.—The Atlantic
gale today swept the harbor and bay
with great violence. Several vessels
lying at dock were pounded against the
piers. A fire boat, lying at a pier in
St. George, Staten Island, was sunk in
that place.

Grounded Warship Again
Puts Out to Sea, Report

(By Associated Press.)
PHILADELPHIA, Dec. 7.—A dispatch
from the Maritime exchange, off the sta-
tion at Lewes, Del., stated that a tele-
phone message at 11:34 p. m., from
Ocean City, Md., reported that the war-
ship which had been grounded off that
place had proceeded seaward.

A forty-five-mile gale was blowing,
the weather was thick, and it was im-
possible to learn the ship's identity.

ASKS WHAT CONSTITUTES ATLANTA-MADE PRODUCTS

W. M. Burke Asks Injustice
Is Done Foreign Corpora-
tions in Business Here

Atlanta, Ga., Dec. 6, 1914.
Editor Journal, Ga.

Dear Sir: What constitutes home
manufacture or home products?
Will you be good enough to permit me
space in your valuable columns to ex-
press a few thoughts on the much dis-
cussed question of home products?

I have noticed a good many editorials
lately in the columns of some of the
Atlanta papers inviting the public to
patronize home industries and when
shopping to insist on products bearing
the Atlanta label.

The question naturally arises, what
constitutes home manufacture and
home-made products. I have wondered
if it has occurred to you that an in-
justice may be done to many worthy
citizens doing business in Atlanta, who
are not operating under a local charter,
but who from a standpoint of invest-
ment in Atlanta real estate and equip-
ment to Atlanta people, are for all
practical purposes Atlanta manufac-
turers, and entitled to the same con-
sideration for their branded products as
the hands of the Atlanta journals, as
though they were doing business under
a local charter.

I know a number of foreign corpora-
tions, of which Atlanta is the head-
quarters, whose annual business in
Atlanta real estate exceeds \$500,000,
whose annual business runs into hun-
dreds of thousands of dollars, such of
whom employ from 50 to 700 people,
many of whom own their own homes,
whose children are born and raised in
Atlanta, the parents of whom, while in
many cases are not Atlanta residents, are
Atlanta by adoption.

Is it fair to these citizens and the
communities with whom they are associ-
ated in the furtherance of Atlanta's
growth, that they and their wares be dis-
criminated against through the columns
of the Atlanta journals?

We are following, and have followed
in the past, the policy of bringing
before the city corporation the
world's advantages of Atlanta as a
place in which to locate their business
headquarters and southern branch
plants. Our chamber of commerce is
ever alert to the wise policy of bring-
ing these advantages before the man-
ufacturers of the world. We send forth
our convention delegates, our ad clubs,
and various committees for the purpose
of appealing to the conventions of the
country to make Atlanta their next
meeting place, all for the purpose of
advertising Atlanta as the best city in
the country as a place to live and do
business in.

Then we counteract this by saying
through the columns of our journals we
only want Atlanta-made products to
sell, wear and use. You outsiders are
well enough when it comes to spending
your money for our real estate, for our
newspapers, for our city improvements,
our churches, charities and taken, but
we can't buy your wares because your
charter was not taken out in Georgia.

Then we are sending for pay-
roll ten times as much as any local cor-
poration in your name line, and your real
estate investments are correspondingly
greater, and your influence toward the
upbuilding of Atlanta, and community
is felt throughout the land, and has
helped make Atlanta what it is.

I believe I am safe in saying that 25
per cent of the population of Atlanta
consists of that class of citizens who
are connected with foreign corporations,
if you care so to term them, who have
chosen this city as headquarters for
their offices and branch plants. From
the apparent conception of what con-
stitutes home products, as expressed
through the editorial columns of our
papers, wares of these concerns are to
be discriminated against and denied
admission to our homes. If the influence
of our papers can make it so. Without
this to our citizens, how many of
our fifteen or sixteen skyscraper
office buildings would we need?

Without the foreign manufacturers
located at Atlanta with their southern

branches, what influence would it have
on the price of our real estate? What
effect would it have on our bank clear-
ings and postoffice receipts?

What about the Atlanta men employed
as bookkeepers, clerks and stenogra-
phers? The colored help as porters,
teamsters, truckers, etc.?

Do we want this 25 per cent of
Atlanta's population, and are we willing
to accord to them and the concerns
they represent fair and equal treatment
with the Atlanta manufacturers, many
of whom are at the surface of
the world's map, and who are
Griffin, Athens or Rome, but don't
you think it rather bad advertising for
Atlanta, who aspires to bigness and to
be a leader among cities of the first
class, only to the world that we want
manufacturers to come here and estab-
lish headquarters and branch plants,
but we will not buy your products, because
your charters are not Georgia made?

W. M. BURKE.

CARD OF THANKS.

Mrs. J. E. Danner and family wish to
thank the friends and neighbors who
were so kind to send them flowers
in their hour of bereavement.

WOOD AGAIN HEADS
ATLANTA MUSICIANS

At the annual election of local 142,
American Federation of Musicians, held
Sunday night, the following officers were
chosen for the ensuing year: President,
H. G. Wood; vice president, D. F. R.
Clare; secretary, Joseph M. Winsthoff;
treasurer, S. A. Albright; executive
board, Mrs. Joe Bracewell, A. F. Wynn, Harry
Gooding, Carl Karston, Cal C. Barber
and Al W. Jones; legislative committee,
J. M. Winsthoff, H. G. Wood, Carl Kar-
ston, A. L. Ward and S. A. Albright.

This makes the second consecutive term
for President Wood and Treasurer Al-
bright, while Secretary Winsthoff has
been re-elected each year for several
years.

ATLANTA NEGROES AID IN TUBERCULOSIS WAR

Red Cross Seal Funds Will Be
Used in Crusade Against
Disease

Behind the sales this Christmas of
Red Cross seals, is the campaign of the
Anti-Tuberculosis society to stamp out
consumption, particularly among the ne-
groes of Atlanta.

It is pointed out that the whites are
exposed to the contagion of the negroes,
and that it is to their interest, as well
as to that of the negroes, to take meas-
ures to stop the spread of the disease.

Every sale of the seals, therefore, will
help to that end. The proceeds go to the
Anti-Tuberculosis society.

Several prominent negro doctors,
lawyers and other leaders met yesterday
with the Anti-Tuberculosis society, and
they agreed that something must be done
to rid their race of consumption.

It is estimated that 2,000 people walking
the streets of Atlanta are infected with
tuberculosis, a large percentage being
negroes.

Committees of negroes were therefore
appointed to investigate conditions in
the negro home, business and school.

Improper housing, insanitary condi-
tions and non-enforcement of the anti-
tuberculosis law are said to be prime causes
of consumption. The need of a hospital
for negroes is also stressed, as at present
they can get treatment only at the
dispensary of the society and at the
sanatorium at Battle Hill, where, how-
ever, there is room for only sixty pa-
tients.

What about the Atlanta men employed
as bookkeepers, clerks and stenogra-
phers? The colored help as porters,
teamsters, truckers, etc.?

Do we want this 25 per cent of
Atlanta's population, and are we willing
to accord to them and the concerns
they represent fair and equal treatment
with the Atlanta manufacturers, many
of whom are at the surface of
the world's map, and who are
Griffin, Athens or Rome, but don't

MISS ANNE ORME WILL BE BURIED FROM HOME

Rev. J. R. Atkinson, of St.
Philips Cathedral, Will
Officiate

The funeral of Miss Anne Orme,
daughter of the late Mr. J. T. Orme and
of Mrs. Mary Dickinson Orme, will be
held at 3 o'clock Monday afternoon
from the residence, 422 Ponce de Leon
avenue.

Rev. J. R. Atkinson, dean of St. Phil-
ips cathedral, will officiate, and inter-
ment will be at Oakland cemetery. The
pallbearers will be Beverly Dulles, J.
Doolie Martin, Lewis C. Gregg, Daniel
McDougal, Carl Collins and Ernest
Outley.

Miss Orme died last Friday at Lake
Sarasota, N. Y. She was one of the
most lovely and popular girls in At-
lanta, prominent in society and greatly
admired by many friends. Her death
has caused the deepest sorrow to all
who knew her.

FIRTH OF FORTH NOW CLOSED TO FISHERMEN

Order of British Admiralty Is
Hard Blow to the
Poor

LONDON, Dec. 7.—The admiralty
today ordered that the whole fishing
fleet in the Firth of Forth, Scotland,
cease operations. The order was re-
ceived with consternation by a thousand
fishermen who face ruin. The popula-
tion also is shocked, as the people be-
lieve the price of fish will advance be-
yond the reach of the poor, whose prin-
cipal food is fish.

The Firth probably will be closed to
fishing until the end of the war.

Postmasters Named
WASHINGTON, Dec. 7.—The follow-
ing Georgia postmasters were named
Monday:

Agricola, Glascock county, H. J. Gib-
son; Culloden, Monroe county, M. B.
Holmes; Hoochton, Jackson county, J.
P. Parker; Perry, Murray county, G. W.
Howell.

DANIEL'S

INTERESTING PERSONAL MENTION

[illegible]

Bobby Coon this night," said he, talking to himself as he followed the others. "Good old Bowser! He did just what I hoped he would do. He has done Bobby Coon a mighty good turn, though he doesn't know it. I hope that Coon will

know enough to get away from here before these fellows find out that it is Fox they are chasing. This is his chance if he only knows enough to take it."

And Bobby Coon did. By the time the hunters returned, tired and very much put out, he was far away and safe.

THE CAPITAL CITY Main 1050

Flour is *not* all alike. Out of hundreds of brands there are not even two of the same quality. Only *one* will make the very best loaf of bread, the finest biscuits and pastry. Only *one* can rank *first*. All shoemakers have the same leather to choose from, but some make *very poor shoes*. And all flour makers have the same wheat to choose from, but they don't all use the same *care*.

The Pillsburys leave nothing to chance.

Every purchase of wheat, every operation in the milling of wheat, every step in each process, is subjected to the *searchlight of science*. They don't depend on the variable judgment of men but on the cold and impartial decisions of *laboratory analysis*. Thus they know to the turn of a hair just how much heat-making power, how much starch, how much gluten, how much moisture, there is in each ounce of their flour.

Through thousands of accurate tests they have found exactly what elements in wheat make the choicest of flour and exactly what proportions of each of these elements must be used. And in all the millions of barrels of *PILLSBURY'S BEST* not one of these vital elements in flour ever varies even an infinitesimal part.

There *IS* a big difference in flour. There is only *one* highest in quality—there is only *one*

**COTTON MARKET STEADY;
PRICES LITTLE CHANGED**

Market in New York Closed
Unchanged to 2 Points Up
From Previous Close

Prices sagged off to about Saturday night's closing figures under realizing during the middle of the morning, but offerings were not heavy and the market steadied shortly after

Trading continued very quiet during the early afternoon, but prices held steady within a point or two of Saturday's closing figures owing to the big exports for the day and reports of steady southern spot markets.

NEW YORK COTTON

The following were the ruling prices on the exchange today:

Done, steady; middling, 7½¢, quiet.

NEW ORLEANS COTTON
(By Associated Press.)

NEW ORLEANS, Dec. 7.—(A. P.)—Prices in the cotton market were at an advance of 1 to 2 points today on buying induced by good cables. The waiting attitude of last week caused by the pending bureau reports was expired over. Offerings were small and the market was considerable bearish comment regarding ginning, the size of the crop and weakness of spots in the interior.

Forecasts of large ginning figures in summer months and reports of a decline in seedling

The following were the ruling prices in the
